3. In the event of a lapse of the school district's corporate organization as described in subsections 1 and 4 of section 162.081, the general administration and responsibility for the proper operation of the retirement system shall continue to be vested in a twelve-person board of trustees, all of whom shall be resident taxpayers of a city, other than a city not within a county, of four hundred thousand or more. Such oath shall be subscribed to by the trustee making it and filed in the office of the clerk of the circuit court.

5. Each trustee shall be entitled to one vote in the board of trustees. Seven trustees shall constitute a quorum at any meeting of the board of trustees. 9. The board of trustees shall keep a record of all its proceedings which shall be open to public inspection. It shall prepare annually and furnish to the board of education and to each member of the retirement system who so requests a report showing the fiscal transactions of the retirement system for the preceding fiscal year, the amount of accumulated cash and securities of the system, and the last balance sheet showing the financial condition of the system by means of an actuarial valuation of the assets and liabilities of the retirement system.

10. The board of trustees shall have, in its own name, power to sue and to be sued, to enter into contracts, to own property, real and personal, and to convey the same; but the members of such board of trustees shall not be personally liable for obligations or liabilities of the board of trustees or of the retirement system.

11. The board of trustees shall arrange for necessary legal advice for the operation of the retirement system.

12. The board of trustees shall designate a medical board to be composed of three or more physicians who shall not be eligible for membership in the system and who shall pass upon all medical examinations required under the provisions of sections 169.270 to 169.400, shall investigate all essential statements and certificates made by or on behalf of a member in connection with an application for disability retirement and shall report in writing to the board of trustees its conclusions and recommendations upon all matters referred to it.

13. The board of trustees shall designate an actuary who shall be the technical advisor of the board of trustees on matters regarding the operation of the retirement system and shall perform such other duties as are required in connection therewith. Such person shall be qualified as an actuary by membership as a Fellow of the Society of Actuaries or by similar objective standards.

14. At least once in each five-year period the actuary shall make an investigation into the actuarial experience of the members, retirants and beneficiaries of the retirement system and, taking into account the results of such investigation, the board of trustees shall adopt for the retirement system such actuarial assumptions as the board of trustees deems necessary for the financial soundness of the retirement system.

15. On the basis of such actuarial assumptions as the board of trustees adopts, the actuary shall make annual valuations of the assets and liabilities of the funds of the retirement system.

16. The rate of contribution payable by the employers shall equal one and ninety-nine one-hundredths percent, effective July 1, 1993; three and ninety-nine one-hundredths percent, effective July 1, 1995; five and ninety-nine one-hundredths percent, effective July 1, 1996; seven and one-half percent effective January 1, 1999, and for subsequent calendar years through 2013. For calendar year 2014 and each subsequent year, the rate of contribution payable by the employers for each year shall be determined ~~[by the actuary for the retirement system in the manner]~~ as provided in ~~[subsection]~~ **subsections 4 and 6** of section 169.350 and shall be certified by the board of trustees to the employers at least six months prior to the date such rate is to be effective.

17. In the event of a lapse of a school district's corporate organization as described in subsections 1 and 4 of section 162.081, no retirement system, nor any of the assets of any retirement system, shall be transferred to or merged with another retirement system without prior approval of such transfer or merge by the board of trustees of the retirement system.

169.324. 1. The annual service retirement allowance payable pursuant to section 169.320 shall be the retirant's number of years of creditable service multiplied by a percentage of the retirant's average final compensation, determined as follows:

(1) A retirant whose last employment as a regular employee ended prior to June 30, 1999, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(2) A retirant whose number of years of creditable service is greater than thirty-four and one-quarter on August 28, 1993, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service as of August 28, 1993, multiplied by one and three-fourths percent of the person's average final compensation but shall not receive a greater annual service retirement allowance based on additional years of creditable service after August 28, 1993;

(3) A retirant who was an active member of the retirement system at any time on or after June 30, 1999, and who either retires before January 1, 2014, or is a member of the retirement system on December 31, 2013, and remains a member continuously to retirement shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by two percent of the person's average final compensation, subject to a maximum of sixty percent of the person's final compensation;

(4) A retirant who becomes a member of the retirement system on or after January 1, 2014, including any retirant who was a member of the retirement system before January 1, 2014, but ceased to be a member for any reason other than retirement, shall receive an annual service retirement allowance payable pursuant to section 169.320 in equal monthly installments for life equal to the retirant's number of years of creditable service multiplied by one and three-fourths percent of the person's average final compensation, subject to a maximum of sixty percent of the person's average final compensation;

(5) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection, effective January 1, 1996, any retirant who retired on, before or after January 1, 1996, with at least twenty years of creditable service shall receive at least three hundred dollars each month as a retirement allowance, or the actuarial equivalent thereof if the retirant elected any of the options available under section 169.326. Any retirant who retired with at least ten years of creditable service shall receive at least one hundred fifty dollars each month as a retirement allowance, plus fifteen dollars for each additional full year of creditable service greater than ten years but less than twenty years (or the actuarial equivalent thereof if the retirant elected any of the options available under section 169.326). Any beneficiary of a deceased retirant who retired with at least ten years of creditable service and elected one of the options available under section 169.326 shall also be entitled to the actuarial equivalent of the minimum benefit provided by this subsection, determined from the option chosen.

2. Except as otherwise provided in sections 169.331 and 169.585, payment of a retirant's retirement allowance will be suspended for any month for which such person receives remuneration from the person's employer or from any other employer in the retirement system established by section 169.280 for the performance of services except any such person other than a person receiving a disability retirement allowance under section 169.322 may serve as a nonregular substitute, part-time or temporary employee for not more than six hundred hours in any school year without becoming a member and without having the person's retirement allowance discontinued, provided that through such substitute, part-time, or temporary employment, the person may earn no more than fifty percent of the annual salary or wages the person was last paid by the employer before the person retired and commenced receiving a retirement allowance, adjusted for inflation. If a person exceeds such hours limit or such compensation limit, payment of the person's retirement allowance shall be suspended for the month in which such limit was exceeded and each subsequent month in the school year for which the person receives remuneration from any employer in the retirement system. In addition to the conditions set forth above, the restrictions of this subsection shall also apply to any person retired and currently receiving a retirement allowance under sections 169.270 to 169.400, other than for disability, who is employed by a third party or is performing work as an independent contractor if the services performed by such person are provided to or for the benefit of any employer in the retirement system established under section 169.280. The retirement system may require the employer receiving such services, the third-party employer, the independent contractor, and the retirant subject to this subsection to provide documentation showing compliance with this subsection. If such documentation is not provided, the retirement system may deem the retirant to have exceeded the limitations provided for in this subsection. If a retirant is reemployed by any employer in any capacity, whether pursuant to this section, or section 169.331 or 169.585, or as a regular employee, the amount of such person's retirement allowance attributable to service prior to the person's first retirement date shall not be changed by the reemployment. If the person again becomes an active member and earns additional creditable service, upon the person's second retirement the person's retirement allowance shall be the sum of:

(1) The retirement allowance the person was receiving at the time the person's retirement allowance was suspended, pursuant to the payment option elected as of the first retirement date, plus the amount of any increase in such retirement allowance the person would have received pursuant to subsection 3 of this section had payments not been suspended during the person's reemployment; and

(2) An additional retirement allowance computed using the benefit formula in effect on the person's second retirement date, the person's creditable service following reemployment, and the person's average final annual compensation as of the second retirement date.

The sum calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's average final compensation as of the second retirement date or the amount determined pursuant to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement date shall be considered in determining the person's average final compensation as of the second retirement date if such compensation would otherwise be included in determining the person's average final compensation.

3. The board of trustees shall determine annually whether the investment return on funds of the system can provide for an increase in benefits for retirants eligible for such increase. A retirant shall and will be eligible for an

increase awarded pursuant to this section as of the second January following the date the retirant commenced receiving retirement benefits. Any such increase shall also apply to any monthly joint and survivor retirement allowance payable to such retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

(1) After determination by the actuary of the investment return for the preceding year as of December thirty-first (the "valuation year"), the actuary shall recommend to the board of trustees what portion of the investment return is available to provide such benefits increase, if any, and shall recommend the amount of such benefits increase, if any, to be implemented as of the first day of the thirteenth month following the end of the valuation year, and first payable on or about the first day of the fourteenth month following the end of the valuation year. The actuary shall make such recommendations so as not to affect the financial soundness of the retirement system, recognizing the following safeguards:

(a) The retirement system's funded ratio as of January first of the year preceding the year of a proposed increase shall be at least one hundred percent ~~[after]~~ **before** adjusting for the effect of the proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

(b) The actuarially required contribution rate, ~~[after]~~ **before** adjusting for the effect of the proposed increase, may not exceed the then applicable employer and member contribution rate as determined under ~~[subsection]~~ **subsections 4, 5, and 6** of section 169.350;

(c) The actuary shall certify to the board of trustees that the proposed increase will not impair the actuarial soundness of the retirement system;

(d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding years;

(2) The board of trustees shall review the actuary's recommendation and report and shall, in their discretion, determine if any increase is prudent and, if so, shall determine the amount of increase to be awarded.

4. This section does not guarantee an annual increase to any retirant.

5. If an inactive member becomes an active member after June 30, 2001, and after a break in service, unless the person earns at least four additional years of creditable service without another break in service, upon retirement the person's retirement allowance shall be calculated separately for each separate period of service ending in a break in service. The retirement allowance shall be the sum of the separate retirement allowances computed for each such period of service using the benefit formula in effect, the person's average final compensation as of the last day of such period of service and the creditable service the person earned during such period of service; provided, however, if the person earns at least four additional years of creditable service without another break in service, all of the person's creditable service prior to and including such service shall be aggregated and, upon retirement, the retirement allowance shall be computed using the benefit formula in effect and the person's average final compensation as of the last day of such period of four or more years and all of the creditable service the person earned prior to and during such period.

6. Notwithstanding anything contained in this section to the contrary, the amount of the annual service retirement allowance payable to any retirant pursuant to the provisions of sections 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section, shall at all times comply with the provisions and limitations of Section 415 of the Internal Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are specifically incorporated herein by reference.

7. All retirement systems established by the laws of the state of Missouri shall develop a procurement action plan for utilization of minority and women money managers, brokers and investment counselors. Such retirement systems shall report their progress annually to the joint committee on public employee retirement and the governor's minority advocacy commission.

169.350. 1. All of the assets of the retirement system (other than tangible real or personal property owned by the retirement system for use in carrying out its duties, such as office supplies and furniture) shall be credited, according to the purpose for which they are held, in either the employees' contribution fund or the general reserve fund.

(1) The employees' contribution fund shall be the fund in which shall be accumulated the contributions of the members. The employer shall, except as provided in subdivision (5) of this subsection, cause to be deducted from the compensation of each member on each and every payroll, for each and every payroll period, the pro rata portion of five and nine-tenths percent of his annualized compensation. Effective January 1, 1999, through December 31, 2013, the employer shall deduct an additional one and six-tenths percent of the member's annualized compensation. For 2014 and for each subsequent year, the employer shall deduct from each member's annualized compensation the rate of contribution determined for such year ~~[by the actuary for the retirement system in the manner]~~ **as provided in [subsection] subsections 4, 5, and 6** of this section.

(2) The employer shall pay all such deductions and any amount it may elect to pay pursuant to subdivision (5) of this subsection to the retirement system at once. The retirement system shall credit such deductions and such amounts to the individual account of each member from whose compensation the deduction was made or with respect to whose compensation the amount was paid pursuant to subdivision (5) of this subsection. In determining the deduction for a member in any payroll period, the board of trustees may consider the rate of compensation payable to such member on the first day of the payroll period as continuing throughout such period.

(3) The deductions provided for herein are declared to be a part of the compensation of the member and the making of such deductions shall constitute payments by the member out of the person's compensation and such deductions shall be made notwithstanding that the amount actually paid to the member after such deductions is less than the minimum compensation provided by law for any member. Every member shall be deemed to consent to the deductions made and provided for herein, and shall receipt for the person's full compensation, and the making of the deduction and the payment of compensation less the deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for services rendered during the period covered by the payment except as to benefits provided by sections 169.270 to 169.400.

(4) The accumulated contributions with interest of a member withdrawn by the person or paid to the person's estate or designated beneficiary in the event of the person's death before retirement shall be paid from the employees' contribution fund. Upon retirement of a member the member's accumulated contributions with interest shall be transferred from the employees' contribution fund to the general reserve fund.

(5) The employer may elect to pay on behalf of all members all or part of the amount that the members would otherwise be required to contribute to the employees' contribution fund pursuant to subdivision (1) of this subsection. Such amounts paid by the employer shall be in lieu of members' contributions and shall be treated for all purposes of sections 169.270 to 169.400 as contributions made by members. Notwithstanding any other provision of this chapter to the contrary, no member shall be entitled to receive such amounts directly. The election shall be made by a duly adopted resolution of the employer's board and shall remain in effect for at least one year from the effective date thereof. The election may be thereafter terminated only by an affirmative act of the employer's board notwithstanding any limitation in the term thereof in the adopting resolution. Any such termination resolution shall be adopted at least sixty days prior to the effective date thereof, and the effective date thereof shall coincide with a fiscal year-end of the employer. In the absence of such a termination resolution, the election shall remain in effect from fiscal year to fiscal year.

2. The general reserve fund shall be the fund in which shall be accumulated all reserves for the payment of all benefit expenses and other demands whatsoever upon the retirement system except those items heretofore allocated to the employees' contribution fund.

(1) All contributions by the employer, except those the employer elects to make on behalf of the members pursuant to subdivision (5) of subsection 1 of this section, shall be credited to the general reserve fund.

(2) Should a retirant be restored to active service and again become a member of the retirement system, the excess, if any, of the person's accumulated contributions over benefits received by the retirant shall be transferred from the general reserve fund to the employees' contribution fund and credited to the person's account.

3. Gifts, devises, bequests and legacies may be accepted by the board of trustees and deposited in the general reserve fund to be held, invested and used at its discretion for the benefit of the retirement system except where specific direction for the use of a gift is made by a donor.

4. Beginning in 2013, the actuary for the retirement system shall annually calculate the rate of employer contributions and member contributions for 2014 and for each subsequent calendar year **through 2018**, expressed as a level percentage of the annualized compensation of the members, subject to the following:

(1) The rate of contribution for any calendar year shall be determined based on an actuarial valuation of the retirement system as of the first day of the prior calendar year. Such actuarial valuation shall be performed using the actuarial cost method and actuarial assumptions adopted by the board of trustees and in accordance with accepted actuarial standards of practice in effect at the time the valuation is performed, as promulgated by the actuarial standards board or its successor;

(2) The target combined employer and member contribution rate shall be the amount actuarially required to cover the normal cost and amortize any unfunded accrued actuarial liability over a period that shall not exceed thirty years from the date of the valuation;

(3) The target combined rate as so determined shall be allocated equally between the employer contribution rate and the member contribution rate, provided, however, that the level rate of contributions to be paid

by the employers and the level rate of contributions to be deducted from the compensation of members for any calendar year shall each be limited as follows:

- (a) The contribution rate shall not be less than seven and one-half percent;
 - (b) The contribution rate shall not exceed nine percent; and
 - (c) Changes in the contribution rate from year to year shall be in increments of one-half percent such that the contribution rate for any year shall not be greater than or less than the rate in effect for the prior year by more than one-half percent;
- (4) The board of trustees shall certify to the employers the contribution rate for the following calendar year no later than six months prior to the date such rate is to be effective.

5. The member contribution rate for 2019 and subsequent periods shall be nine percent of compensation unless a lower member contribution rate applies for any period beginning on or after July 1, 2021, in accordance with the provisions of subdivision (4) of subsection 6 of this section.

6. The employer contribution rate for calendar year 2019 shall be ten and one-half percent. The employer contribution rate for the eighteen-month period beginning January 1, 2020, through June 30, 2021, shall be twelve percent. For the twelve-month period beginning July 1, 2021, and for each subsequent twelve-month period beginning July first each year, the employer contribution rate shall be determined as follows:

(1) The actuary shall determine the total actuarially required contribution based on an actuarial valuation of the retirement system as of the first day of the preceding calendar year. Such actuarial valuation shall be performed using the actuarial cost method and actuarial assumptions adopted by the board of trustees and in accordance with actuarial standards of practice applicable as of the valuation date. The total actuarially required contribution rate, including both employer and member contributions, shall be an amount determined in accordance with the board's current funding policy, expressed as a level percentage of the annualized compensation of the members;

(2) If the retirement system's funded ratio as of the first day of the preceding calendar year is below one hundred percent, the employer contribution rate shall be the greater of twelve percent or the difference between the total actuarially required contribution rate and the nine percent member contribution rate, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;

(3) If the retirement system's funded ratio as of the first day of the preceding calendar year equals or exceeds one hundred percent and the total actuarially required contribution rate exceeds eighteen percent, the employer contribution rate shall be the difference between the total actuarially required contribution rate and the nine percent member contribution rate, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;

(4) If the retirement system's funded ratio as of the first day of the preceding calendar year equals or exceeds one hundred percent and the total actuarially required contribution rate does not exceed eighteen percent, the total actuarially required contribution rate shall be allocated equally between the employer contribution rate and the member contribution rate. If the total actuarially required contribution rate falls below eighteen percent after being above eighteen percent for the preceding twelve-month period, the member contribution rate and the employer contribution rate shall be adjusted to one-half of the total actuarially required contribution rate for such period, regardless of the magnitude of the decrease from the rate in effect for the prior period, in order to equalize the employer and member contribution rates. Otherwise, adjustments in the contribution rates shall be limited by the annual adjustment limits stated in subdivision (6) of this subsection;

(5) If the retirement system's funded ratio as of the first day of the preceding calendar year again falls below one hundred percent, or if the total actuarially required contribution rate rises above eighteen percent, the provisions of subdivision (2) or (3) of this subsection shall apply, as applicable, subject to the limits on annual adjustments stated in subdivision (6) of this subsection;

(6) Except as stated in subdivision (4) of this subsection, in transitioning to the contribution rates prescribed in this subsection for periods beginning on or after July 1, 2021, the employer contribution rate and the member contribution rate, respectively, shall not increase by more than one percent or decrease by more than one-half percent for any period from the corresponding rate in effect immediately before such increase or decrease; and

(7) The board of trustees shall certify to the employers the contribution rate to be effective for July 1, 2021, and for each following July first, no later than six months prior to the date such rate is to be effective.

169.360. 1. Before the first of July of each year, the board of trustees shall certify to each employer the amounts which will become due and payable from each during the school year next following to the general reserve fund. The amount so certified shall be appropriated by each employer's board by a resolution explicitly directing the

appropriate officials to pay the same, not later than July twenty-fifth of each year and transferred to the retirement system on or before December thirty-first of the same year.

2. Effective January 1, 2019, each employer shall transfer its employer contributions to the retirement system promptly following the end of each payroll period at the time the employer transfers member contributions."; and

House Amendment No. 5

AMEND Senate Committee Substitute for Senate Bill No. 892, Page 9, Section 56.840, Line 38, by inserting after all of said section and line the following:

"169.560. **1.** Any person retired and currently receiving a retirement allowance pursuant to sections 169.010 to 169.141, other than for disability, may be employed in any capacity ~~in a district~~ **for an employer** included in the retirement system created by those sections on either a part-time or temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school year, and through such employment may earn up to fifty percent of the annual compensation payable under the ~~district's~~ **employer's** salary schedule for the position or positions filled by the retiree, given such person's level of experience and education, without a discontinuance of the person's retirement allowance. If the ~~school district~~ **employer** does not utilize a salary schedule, or if the position in question is not subject to the ~~district's~~ **employer's** salary schedule, a retiree employed in accordance with the provisions of this ~~section~~ **subsection** may earn up to fifty percent of the annual compensation paid to the person or persons who last held such position or positions. If the position or positions did not previously exist, the compensation limit shall be determined in accordance with rules duly adopted by the board of trustees of the retirement system; provided that, it shall not exceed fifty percent of the annual compensation payable for the position ~~in the school district~~ **by the employer** that is most comparable to the position filled by the retiree. In any case where a retiree fills more than one position during the school year, the fifty-percent limit on permitted earning shall be based solely on the annual compensation of the highest paid position occupied by the retiree for at least one-fifth of the total hours worked during the year. Such a person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of employment. If such a person is employed in any capacity by such ~~a district~~ **an employer** in excess of the limitations set forth in this ~~section~~ **subsection**, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. In addition, such person shall contribute to the retirement system if the person satisfies the retirement system's membership eligibility requirements. In addition to the conditions set forth above, this ~~section~~ **subsection** shall apply to any person retired and currently receiving a retirement allowance under sections 169.010 to 169.141, other than for disability, who is employed by a third party or is performing work as an independent contractor, if such person is performing work ~~in a district~~ **for an employer** included in the retirement system as a temporary or long-term substitute teacher or in any other position that would normally require that person to be duly certificated under the laws governing the certification of teachers in Missouri if such person was employed by the district. The retirement system may require the ~~district~~ **employer**, the third-party employer, the independent contractor, and the retiree subject to this ~~section~~ **subsection** to provide documentation showing compliance with this ~~section~~ **subsection**. If such documentation is not provided, the retirement system may deem the retiree to have exceeded the limitations provided in this ~~section~~ **subsection**.

2. Notwithstanding any other provision of this section, any person retired and currently receiving a retirement allowance in accordance with sections 169.010 to 169.141, other than for disability, may be employed by an employer included in the retirement system created by those sections in a position that does not normally require a person employed in that position to be duly certificated under the laws governing the certification of teachers in Missouri, and through such employment may earn up to sixty percent of the minimum teacher's salary as set forth in section 163.172, without a discontinuance of the person's retirement allowance. Such person shall not contribute to the retirement system or to the public education employee retirement system established by sections 169.600 to 169.715 because of earnings during such period of

employment, and such person shall not earn membership service for such employment. The employer's contribution rate shall be paid by the hiring employer into the public education employee retirement system established by sections 169.600 to 169.715. If such a person is employed in any capacity by an employer in excess of the limitations set forth in this subsection, the person shall not be eligible to receive the person's retirement allowance for any month during which the person is so employed. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.

~~[5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.]~~

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. Any vehicle manufactured as an even-numbered model year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:

- (1) The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional twelve months of the biennial registration;
- (2) Presentation of all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of ~~[a motor vehicle safety inspection and]~~ any applicable emission inspection conducted within sixty days prior to the date of application and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight. Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a

nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, ~~the safety inspection required in chapter 307 and~~ the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri ~~for as required by section 301.020~~, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station shall collect the same fee as authorized in section 307.365 for making the

inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, ~~[the safety inspection required in chapter 307 and]~~ the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. In addition to any other criteria established by the commission under section 643.320 or by rule, the decentralized emissions inspection program shall allow any official inspection station located in an area described in subsection 1 of section 643.305 otherwise qualified by the Missouri state highway patrol to conduct motor vehicle ~~[safety]~~ inspections under section 307.360 to conduct on-board diagnostic emission inspections. Any motor vehicle ~~[safety]~~ inspection station that desires to conduct emissions inspections shall submit an application for a certificate of authorization to the commission as provided for under section 643.320. Other individuals, corporations, or entities ~~[that do not conduct motor vehicle safety inspections]~~ may conduct emission inspections provided they meet the qualifications set forth in sections 643.300 to 643.355 and ~~[the]~~ rules promulgated by the commission. Applications shall be made upon a form designated by the commission and shall contain such information as may be required by the commission. A certificate of authorization issued under section 643.320 to conduct emission inspections shall be issued only after the commission has made a determination that the applicant's proposed inspection station will be properly equipped, has the necessary licensed emission inspectors to conduct inspections, and meets all other requirements of sections 643.300 to 643.355 or rules promulgated to carry out the provisions of those sections.

3. The decentralized emissions inspection program shall allow any official **emissions** inspection station that is certified to conduct an on-board diagnostic emission inspection under sections 643.300 to 643.355 to repair motor vehicles in order to bring such vehicles into compliance with sections 643.300 to 643.355, if such station and personnel meet the qualifications to conduct emission repairs as set forth in sections 643.300 to 643.355. An official emission inspection station may elect to be an emissions test-only station or may elect to conduct both emission inspections and repairs.

4. The commission is authorized to begin certification of official **emissions** inspection stations prior to September 1, 2007, in order to implement the decentralized emissions inspection program. Prior to January 1, 2007, the department of natural resources shall issue a report to the general assembly and the governor regarding the progress of implementing the decentralized emissions inspection program. The report shall include, but not be limited to, a summary describing how many inspection stations or individuals the department expects to participate in the program and how many inspection stations or individuals will be qualified by September 1, 2007, to conduct such emissions inspections.

5. The commission may, as a part of implementing the decentralized emissions inspection program, use remote sensing devices to collect information regarding the vehicle fleet emissions characteristics and registration compliance within the area described in subsection 1 of section 643.305. The decentralized emissions inspection program established by the commission may also include a clean screen program that utilizes remote sensing devices. Owners of eligible vehicles who comply with clean screen/remote sensing procedures shall be deemed to have complied with the mandatory inspection requirements for the next inspection cycle. As used in this subsection, the term "clean screen program" shall mean a procedure or system that utilizes remote sensing technologies to determine whether a motor vehicle has acceptable emission levels and then allows the motor vehicle owner to bypass the emissions inspection test required under section 643.315.

6. The decentralized emissions inspection program may include a gas cap pressure test and a visual inspection component~~[, and such tests may be included as part of the motor vehicle safety inspection test under section 307.350].~~

7. As used in sections 643.300 to 643.355, "decentralized emissions inspection program" means an emissions inspection program under which a certified emissions inspector conducts emissions inspection testing at an official inspection station.

8. The decentralized emission inspection program shall satisfy the requirements established by regulation of the United States Environmental Protection Agency.

9. The decentralized emissions inspection program established by the commission and sections 643.300 to 643.355 shall not be construed to be a new program as described in section 23.253, and the decentralized emissions inspection program shall not be subject to the sunset mandate prescribed by sections 23.250 to 23.298.

10. No later than July 1, 2007, the department of natural resources and the Missouri highway patrol shall enter into an interagency agreement covering all aspects of the administration and enforcement of sections 643.300 to 643.355.

11. No later than July 1, 2007, the air conservation commission shall promulgate rules for the implementation of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

12. Prior to September 1, 2007, the department of natural resources shall actively promote participation in the decentralized emissions inspection program among qualified motor vehicle dealers, service stations, and other individuals. After the implementation of the decentralized emission inspection program, the department shall monitor participation in such program. In determining whether there are a sufficient number of individuals conducting motor vehicle emission inspections under the decentralized program, the department shall attempt to ensure, through promotional efforts, that no more than twenty percent of all persons residing in the affected nonattainment area reside farther than five miles from the nearest inspection station.

643.315. 1. Except as provided in sections 643.300 to 643.355, all motor vehicles which are domiciled, registered or primarily operated in an area for which the commission has established a motor vehicle emissions inspection program pursuant to sections 643.300 to 643.355 shall be inspected and approved prior to sale or transfer; provided that, if such vehicle is inspected and approved prior to sale or transfer, such vehicle shall not be subject to another emissions inspection for ninety days after the date of sale or transfer of such vehicle. In addition, any such vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved under the emissions inspection program established pursuant to sections 643.300 to 643.355 in each odd-numbered calendar year. All motor vehicles subject to the inspection requirements of sections 643.300 to 643.355 shall display a valid emissions inspection sticker, and when applicable, a valid emissions inspection certificate shall be presented at the time of registration or registration renewal of such motor vehicle. The department of revenue shall require evidence of ~~[the safety and]~~ emission inspection and approval required by this section in issuing the motor vehicle annual registration in conformity with the procedure required by ~~[sections 307.350 to 307.390 and]~~ sections 643.300 to 643.355. The director of revenue may verify that a successful ~~[safety and]~~ emissions inspection was completed via electronic means.

2. The inspection requirement of subsection 1 of this section shall apply to all motor vehicles except:

(1) Motor vehicles with a manufacturer's gross vehicle weight rating in excess of eight thousand five hundred pounds;

(2) Motorcycles and motortricycles if such vehicles are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(3) Model year vehicles manufactured prior to 1996;

(4) Vehicles which are powered exclusively by electric or hydrogen power or by fuels other than gasoline which are exempted from the motor vehicle emissions inspection under federal regulation and approved by the commission by rule;

(5) Motor vehicles registered in an area subject to the inspection requirements of sections 643.300 to 643.355 which are domiciled and operated exclusively in an area of the state not subject to the inspection requirements of sections 643.300 to 643.355, but only if the owner of such vehicle presents to the department an affidavit that the vehicle will be operated exclusively in an area of the state not subject to the inspection

requirements of sections 643.300 to 643.355 for the next twenty-four months, and the owner applies for and receives a waiver which shall be presented at the time of registration or registration renewal;

(6) New and unused motor vehicles, of model years of the current calendar year and of any calendar year within two years of such calendar year, which have an odometer reading of less than six thousand miles at the time of original sale by a motor vehicle manufacturer or licensed motor vehicle dealer to the first user;

(7) Historic motor vehicles registered pursuant to section 301.131;

(8) School buses;

(9) Heavy-duty diesel-powered vehicles with a gross vehicle weight rating in excess of eight thousand five hundred pounds;

(10) New motor vehicles that have not been previously titled and registered, for the four-year period following their model year of manufacture~~[-, provided the odometer reading for such motor vehicles are under forty thousand miles at their first required biennial safety inspection conducted under sections 307.350 to 307.390; otherwise such motor vehicles shall be subject to the emissions inspection requirements of subsection 1 of this section during the same period that the biennial safety inspection is conducted];~~

(11) Motor vehicles that are driven fewer than twelve thousand miles between biennial ~~[safety inspections]~~ **registration periods**; and

(12) Qualified plug-in electric drive vehicles. For the purposes of this section, "qualified plug-in electric drive vehicle" shall mean a plug-in electric drive vehicle that is made by a manufacturer, has not been modified from original manufacturer specifications, and can operate solely on electric power and is capable of recharging its battery from an on-board generation source and an off-board electricity source.

3. The commission may, by rule, allow inspection reciprocity with other states having equivalent or more stringent testing and waiver requirements than those established pursuant to sections 643.300 to 643.355.

4. (1) At the time of sale, a licensed motor vehicle dealer, as defined in section 301.550, may choose to sell a motor vehicle subject to the inspection requirements of sections 643.300 to 643.355 either:

(a) With prior inspection and approval as provided in subdivision (2) of this subsection; or

(b) Without prior inspection and approval as provided in subdivision (3) of this subsection.

(2) If the dealer chooses to sell the vehicle with prior inspection and approval, the dealer shall disclose, in writing, prior to sale, whether the vehicle obtained approval by meeting the emissions standards established pursuant to sections 643.300 to 643.355 or by obtaining a waiver pursuant to section 643.335. A vehicle sold pursuant to this subdivision by a licensed motor vehicle dealer shall be inspected and approved within the one hundred twenty days immediately preceding the date of sale, and, for the purpose of registration of such vehicle, such inspection shall be considered timely.

(3) If the dealer chooses to sell the vehicle without prior inspection and approval, the purchaser may return the vehicle within ten days of the date of purchase, provided that the vehicle has no more than one thousand additional miles since the time of sale, if the vehicle fails, upon inspection, to meet the emissions standards specified by the commission and the dealer shall have the vehicle inspected and approved without the option for a waiver of the emissions standard and return the vehicle to the purchaser with a valid emissions certificate and sticker within five working days or the purchaser and dealer may enter into any other mutually acceptable agreement. If the dealer chooses to sell the vehicle without prior inspection and approval, the dealer shall disclose conspicuously on the sales contract and bill of sale that the purchaser has the option to return the vehicle within ten days, provided that the vehicle has no more than one thousand additional miles since the time of sale, to have the dealer repair the vehicle and provide an emissions certificate and sticker within five working days if the vehicle fails, upon inspection, to meet the emissions standards established by the commission, or enter into any mutually acceptable agreement with the dealer. A violation of this subdivision shall be an unlawful practice as defined in section 407.020. ~~[No emissions inspection shall be required pursuant to sections 643.300 to 643.360 for the sale of any motor vehicle which may be sold without a certificate of inspection and approval, as provided pursuant to subsection 2 of section 307.380.]~~

~~[307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:-~~

~~(1) Motor vehicles, for the five year period following their model year of manufacture, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;-~~

~~(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer-~~

may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and—

(3) ~~Historic motor vehicles registered pursuant to section 301.131;—~~

(4) ~~Vehicles registered in excess of twenty four thousand pounds for a period of less than twelve months; shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and approval and a sticker, seal, or other device from a duly authorized official inspection station. The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred. Any vehicle manufactured as an even numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even numbered calendar year and any such vehicle manufactured as an odd numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.—~~

2. ~~For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.—~~

3. ~~No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.—~~

(1) ~~The director of revenue may transfer or issue a state registration license to the type of vehicle required to be inspected by section 307.350 without a certificate of inspection and approval accompanying the application if the director has satisfactory evidence that the vehicle was not in the state of Missouri at any time during the sixty days prior to the date of application; however, the owner of every such vehicle must submit the vehicle for inspection and obtain a certificate of inspection and approval within ten days after the vehicle is first returned to the state of Missouri;—~~

~~(2) The director of revenue shall renew a vehicle's registration license without a certificate of inspection and approval accompanying the application if satisfactory documentary evidence is presented at the time of application that the license being renewed was properly transferred within a six month period prior to the expiration of the license being renewed or that the vehicle for which the registration is being issued was issued a registration for a period of less than one year for the registration period just expiring.—~~

~~2. If due to interstate operation a commercial motor vehicle as defined in section 301.010 or a trailer of the type required to be inspected is required to obtain full fee registration in this and any other state during the same calendar year, no Missouri certificate of inspection and approval is required if the vehicle bears evidence that a current valid inspection sticker or decal was issued by such other state in which the vehicle is registered; provided that the sticker or decal issued by such other state is valid for the registration period in this state.—~~

~~3. After a commercial motor vehicle as defined in section 301.010 has been registered for the current year, no certificate of inspection and approval is required when a local commercial motor vehicle license is changed to a beyond local commercial motor vehicle license or when the licensed gross weight is changed during the licensed period.]~~

~~[307.380. 1. At the seller's expense every vehicle of the type required to be inspected by section 307.350, whether new or used, shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained.—~~

~~2. 3. There is hereby created within the hazardous waste fund a subaccount known as the "Hazardous Waste Facility Inspection Subaccount". All funds received from hazardous waste facility inspection fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the hazardous waste facility inspection subaccount. The investigation shall be performed by applicable federal or state agencies or by a qualified contractor selected by the department through a competitive bidding process. In conducting an investigation under this section, the department shall work with the applicable government agency or approved contractor, as well as local officials, to develop a sampling and analysis plan to determine if radioactive contaminants in the area of concern exceed federal standards for remedial action due to contamination. Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. House Amendment No. 3

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 782, Page 2, Section 253.175, Line 13, by inserting after all of said section and line the following:

~~"260.242. [All fly ash produced by coal combustion generating facilities shall be exempt from all solid waste permitting requirements of this chapter, if such ash is constructively reused or disposed of by a grout technique in any active or inactive noncoal, non-open pit mining operation located in a city having a population of at least three hundred fifty thousand located in more than one county and is also located in a county of the first class without a charter form of government with a population of greater than one hundred fifty thousand and less than one hundred sixty thousand, provided said ash is not considered hazardous waste under the Missouri hazardous waste law.]~~ 1. The department shall have the authority to promulgate rules for the management, closure, and post-closure of coal combustion residual (CCR) units in accordance with Sections 1008(a)(3) and 4004(a) of the Resource Conservation and Recovery Act (RCRA) and to approve site-specific groundwater criteria. At the discretion of the department, the Missouri risk-based corrective action (MRBCA) rules, 10 CSR 25-18.010, and accompanying guidance may be used to establish site-specific targets for soil and groundwater impacted by coal combustion residual (CCR) constituents. As used in this section, a "CCR unit" means a surface impoundment, utility waste landfill, or a CCR landfill. To the extent there is a conflict between this section and section 644.026 or 644.143, this section shall prevail.

2. Prior to federal approval of a state CCR program pursuant to 4004(a) of the RCRA, nothing in this section shall prohibit the department from issuing guidance or entering into enforceable agreements with CCR unit owners or operators to establish risk-based target levels, using all or part of the MRBCA rules and

guidance, for closure and corrective action at CCR units. Nothing in this section shall prohibit the department, owners, or operators of CCR units not otherwise covered by 40 CFR 257 from utilizing the MRBCA rules and guidance.

3. No later than December 31, 2018, the department shall propose for promulgation a state CCR program, including procedures regarding payment, submission of fees, reimbursement of excess fee collection, inspection, and record keeping.

4. The department shall not apply standards to any existing landfill or new landfills constructed contiguous to existing power station facilities located on municipally owned land that was purchased by the municipality prior to December 31, 2018, that are in conflict with 40 CFR 257, unless sound and reasonably proven scientific data confirm an imminent threat to human health and the environment.

5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:

(1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;

(2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;

(3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit's post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.

6. All fees received under this section shall be deposited into the "Coal Combustion Residuals Subaccount" of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on moneys in the subaccount shall not revert to the general revenue fund at the end of each biennium.

7. Interest shall be imposed on the moneys due to the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the subaccount created under this section.

8. All fees under this section shall be paid by check or money order made payable to the department and, unless otherwise required by this section, shall be due on January first of each calendar year and be accompanied by a form provided by the department.

9. The department may pursue penalties under section 260.240 for failure to timely submit the fees imposed in this section.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Johnson assumed the Chair.

AMEND Senate Committee Substitute for Senate Bill No. 990, Page 2, Section 162.441, Line 41, by inserting immediately after all of said section and line the following:

"162.1100. 1. There is hereby established within each city not within a county a school district to be known as the "Transitional School District of (name of city)", which shall be a body corporate and politic and a subdivision of the state. The transitional school district shall be coterminous with the boundaries of the city in which the district is located. Except as otherwise provided in this section and section 162.621, the transitional school district shall be subject to all laws pertaining to "seven-director districts", as defined in section 160.011. The transitional school district shall have the responsibility for educational programs and policies determined by a final judgment of a federal school desegregation case to be needed in providing for a transition of the educational system of the city from control and jurisdiction of a federal court school desegregation order, decree or agreement and such other programs and policies as designated by the governing body of the school district.

2. (1) The governing board of the transitional school district shall consist of three residents of the district: one shall be appointed by the governing body of the district, one shall be appointed by the mayor of the city not within a county and one shall be appointed by the president of the board of aldermen of the city not within a county. The members of the governing board shall serve without compensation for a term of three years, or until their successors have been appointed, or until the transitional district is dissolved or terminated. Any tax approved for the transitional district shall be assigned to the governing body of the school district in a city not within a county after dissolution or termination of the transitional district.

(2) In the event that the state board of education shall declare the school district of a city not within a county to be unaccredited, the member of the governing board of the transitional district appointed by the governing body of the district as provided in subdivision (1) of this subsection shall, within ninety days, be replaced by a chief executive officer nominated by the state board of education and appointed by the governor with the advice and consent of the senate. The chief executive officer need not be a resident of the district but shall be a person of recognized administrative ability, shall be paid in whole or in part with funds from the district, and shall have all other powers and duties of any other general superintendent of schools, including appointment of staff. The chief executive officer shall serve for a term of three years or until his **or her** successor is appointed or until the transitional district is dissolved or terminated. His **or her** salary shall be set by the state board of education.

3. In the event that the school district loses its accreditation, upon the appointment of a chief executive officer, any powers granted to any existing school board in a city not within a county on or before August 28, 1998, shall be vested with the special administrative board of the transitional school district containing such school district so long as the transitional school district exists, except as otherwise provided in section 162.621.

4. The special administrative board's powers and duties shall include:
 - (1) Creating an academic accountability plan, taking corrective action in underperforming schools, and seeking relief from state-mandated programs;
 - (2) Exploration of alternative forms of governance for the district;
 - (3) Authority to contract with nonprofit corporations to provide for the operation of schools;
 - (4) Oversight of facility planning, construction, improvement, repair, maintenance and rehabilitation;
 - (5) Authority to establish school site councils to facilitate site-based school management and to improve the responsiveness of the schools to the needs of the local geographic attendance region of the school;
 - (6) Authority to submit a proposal to district voters pursuant to section 162.666 regarding establishment of neighborhood schools.
5. (1) The provisions of a final judgment as to the state of Missouri and its officials in a school desegregation case which subjects a district in which a transitional district is located in this state to a federal court's jurisdiction may authorize or require the governing body of a transitional school district established under this section to establish the transitional district's operating levy for school purposes, as defined pursuant to section 163.011, at a level not to exceed eighty-five cents per one hundred dollars assessed valuation in the district or a sales tax equivalent amount as determined by the department of elementary and secondary education which may be substituted for all or part of such property tax.
 - (2) Any other statute to the contrary notwithstanding, no tax authorized pursuant to this subsection shall:
 - (a) Be subject to any certificate of tax abatement issued after August 28, 1998, pursuant to sections 99.700 to 99.715; and
 - (b) Effective January 1, 2002, be subject to any new or existing tax increment financing adopted by a city not within a county pursuant to sections 99.800 to 99.865 except that any redevelopment plan and redevelopment project concerning a convention headquarters hotel adopted by ordinance by a city not within a county prior to August 28, 2003, shall be subject to such tax increment financing.
 - (3) The transitional school district shall not be subject to the provisions of section 162.081, sections 163.021 and 163.023 with respect to any requirements to maintain a minimum value of operating levy or any consequences provided by law for failure to levy at least such minimum rate. No operating levy or increase in the operating levy or sales tax established pursuant to this section shall be collected for a transitional school district unless prior approval is obtained from a simple majority of the district's voters. The board of the transitional district shall place the matter before the voters prior to March 15, 1999.
6.  - (2) The special administrative board shall establish student performance standards consistent with the standards established by the state board of education pursuant to section 160.514 for preschool through grade twelve in all skill and subject areas, subject to review and approval of the state board of education for the purpose of determining whether the standards are consistent with standards established by the state board of education pursuant to section 160.514;
 - (3) All students in the district who do not achieve grade-level standards shall be required to attend summer school; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;
 - (4) No student shall be promoted to a higher grade level unless that student has a reading ability at or above one grade level below the student's grade level; except that the provisions of this subsection shall not apply to students receiving special education services pursuant to sections 162.670 to 162.999;
 - (5) The special administrative board established in this section shall develop, implement and annually update a professional development plan for teachers and other support staff, subject to review and approval of the state board of education.
7. The school board shall take all practicable and constitutionally permissible steps to ensure that all magnet schools operate at full capacity. Students who change residence within the district shall be allowed to continue to attend the school in which they were initially enrolled for the remainder of their education at grade levels served by that school, and transportation shall be provided by the district to allow such students to continue to attend such school of initial enrollment.

8. To the extent practicable, the special administrative board shall ensure that per pupil expenditures and pupil-teacher ratios shall be the same for all schools serving students at a given grade level.

9. The special administrative board shall ensure that early childhood education is available throughout the district.

10. The special administrative board shall ensure that vocational education instruction is provided within the district.

11. The special administrative board shall establish an accountability officer whose duty shall be to ensure that academically deficient schools within the district are raised to acceptable condition within two years.

12. The transitional school district in any city not within a county shall be dissolved on July 1, 2008, unless the state board determines, prior to that date, that it is necessary for the transitional district to continue to accomplish the purposes for which it was created. The state board of education may cause the termination of the transitional school district at any time upon a determination that the transitional district has accomplished the purposes for which it was established and is no longer needed. **If the transitional school district is classified as fully accredited, the state board of education shall terminate it and return governance to the elected board of the school district containing the territory of the dissolved transitional school district within thirty days. If the transitional school district is fully accredited before August 28, 2018, the state board of education shall terminate it at its first meeting to occur on or after August 28, 2018.** The state board of education may cause the reestablishment of the transitional school district at any time upon a determination that it is necessary for the transitional district to be reestablished to accomplish the purposes established in this section. The state board of education shall provide notice to the governor and general assembly of the termination or reestablishment of the transitional school district and the termination or reestablishment shall become effective thirty days following such determination. Upon dissolution of a transitional school district pursuant to this section, nothing in this section shall be construed to reduce or eliminate any power or duty of any school district or districts containing the territory of the dissolved transitional school district unless such transitional school district is reestablished by the state board of education pursuant to this section."; and

"319.129. 1. There is hereby created a special trust fund to be known as the "Petroleum Storage Tank Insurance Fund" within the state treasury which shall be the successor to the underground storage tank insurance fund.

Moneys in such special trust fund shall not be deemed to be state funds. Notwithstanding the provisions of section 33.080 to the contrary, moneys in the fund shall not be transferred to general revenue at the end of each biennium.

2. The owner or operator of any underground storage tank, including the state of Missouri and its political subdivisions and public transportation systems, in service on August 28, 1989, shall submit to the department a fee of one hundred dollars per tank on or before December 31, 1989. The owner or operator of any underground storage tank who seeks to participate in the petroleum storage tank insurance fund, including the state of Missouri and its political subdivisions and public transportation systems, and whose underground storage tank is brought into service after August 28, 1998, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment, and shall be in addition to the payment required by section 319.133. The owner or operator of any aboveground storage tank regulated by this chapter, including the state of Missouri and its political subdivisions and public transportation systems, who seeks to participate in the petroleum storage tank insurance fund, shall transmit one hundred dollars per tank to the board with his or her initial application. Such amount shall be a one-time payment and shall be in addition to the payment required by section 319.133. Moneys received pursuant to this section shall be transmitted to the director of revenue for deposit in the petroleum storage tank insurance fund.

3. The state treasurer may deposit moneys in the fund in any of the qualified depositories of the state. All such deposits shall be secured in a manner and upon the terms as are provided by law relative to state deposits. Interest earned shall be credited to the petroleum storage tank insurance fund.

4. The general administration of the fund and the responsibility for the proper operation of the fund, including all decisions relating to payments from the fund, are hereby vested in a board of trustees. The board of trustees shall consist of the commissioner of administration or the commissioner's designee, the director of the department of natural resources or the director's designee, the director of the department of agriculture or the director's designee, and eight citizens appointed by the governor with the advice and consent of the senate. Three of the appointed members shall be owners or operators of retail petroleum storage tanks, including one tank owner or operator of greater than one hundred tanks; one tank owner or operator of less than one hundred tanks; and one aboveground storage tank owner or operator. One appointed trustee shall represent a financial lending institution, and one appointed trustee shall represent the insurance underwriting industry. One appointed trustee shall represent industrial or commercial users of petroleum. The two remaining appointed citizens shall have no petroleum-related business interest, and shall represent the nonregulated public at large. The members appointed by the governor shall serve four-year terms except that the governor shall designate two of the original appointees to be appointed for one year, two to be appointed for two years, two to be appointed for three years and two to be appointed for four years. Any vacancies occurring on the board shall be filled in the same manner as provided in this section.

5. The board shall meet in Jefferson City, Missouri, within thirty days following August 28, 1996. Thereafter, the board shall meet upon the written call of the chairman of the board or by the agreement of any six members of the board. Notice of each meeting shall be delivered to all other trustees in person or by registered mail not less than six days prior to the date fixed for the meeting. The board may meet at any time by unanimous mutual consent. There shall be at least one meeting in each quarter.

6. Six trustees shall constitute a quorum for the transaction of business, and any official action of the board shall be based on a majority vote of the trustees present.

8. The board of trustees shall be a type III agency and shall appoint an executive director and other employees as needed, who shall be state employees and be eligible for all corresponding benefits. The executive director shall have charge of the offices, operations, records, and other employees of the board, subject to the direction of the board. Employees of the board shall receive such salaries and necessary expenses as shall be fixed by the board.

9. Staff resources for the Missouri petroleum storage tank insurance fund may be provided by the department of natural resources or another state agency as otherwise specifically determined by the board. Such compensation shall be made pursuant to contracts negotiated between the board and the department of natural resources or other state agency.

10. In order to carry out the fiduciary management of the fund, the board may select and employ, or may contract with, persons experienced in insurance underwriting, accounting, the servicing of claims and rate making, and legal counsel to defend third-party claims, who shall serve at the board's pleasure. Invoices for such services shall be presented to the board in sufficient detail to allow a thorough review of the costs of such services.

14. No trustee or staff member of the fund shall receive any gain or profit from any moneys or transactions of the fund. This shall not preclude any eligible trustee from making a claim or receiving benefits from the petroleum storage tank insurance fund as provided by sections 319.100 to 319.137.

15. The board may reinsure all or a portion of the fund's liability. Any insurer who sells environmental liability insurance in this state may, at the option of the board, reinsure some portion of the fund's liability.

3. The task force shall meet within thirty days after its creation and organize by selecting a chairperson and vice chairperson, one of whom shall be a member of the senate and the other a member of the house of representatives. Thereafter, the task force may meet as often as necessary in order to accomplish the tasks assigned to it.

4. The task force shall be staffed by legislative staff as necessary to assist the task force in the performance of its duties.

The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

- (6) Reimbursement of owners or operators who accept waste pursuant to departmental orders pursuant to subdivision (2) of subsection 1 of section 260.420; **and**

(7) Transfer of funds, upon appropriation, into the radioactive waste investigation fund in section 260.558.

2. The unexpended balance in the hazardous waste fund at the end of each fiscal year shall not be transferred to the general revenue fund of the state treasurer, except as directed by the general assembly by appropriation, and shall be invested to generate income to the fund. The provisions of section 33.080 relating to the transfer of funds to the general revenue fund of the state by the state treasurer shall not apply to the hazardous waste fund.

3. There is hereby created within the hazardous waste fund a subaccount known as the "Hazardous Waste Facility Inspection Subaccount". All funds received from hazardous waste facility inspection fees shall be paid to the director of revenue and deposited in the state treasury to the credit of the hazardous waste facility inspection subaccount. Moneys from such subaccount shall be used by the department for conducting inspections at facilities that are permitted or are required to be permitted as hazardous waste facilities by the department.

4. The fund balance remaining in the hazardous waste remedial fund shall be transferred to the hazardous waste fund created in this section.

5. No moneys shall be available from the fund for abandoned site cleanup unless the director has made all reasonable efforts to secure voluntary agreement to pay the costs of necessary remedial actions from owners or operators of abandoned or uncontrolled hazardous waste sites or other responsible persons.

6. The director shall make all reasonable efforts to recover the full amount of any funds expended from the fund for cleanup through litigation or cooperative agreements with responsible persons. All moneys recovered or reimbursed pursuant to this section through voluntary agreements or court orders shall be deposited to the hazardous waste fund created herein.

7. In addition to revenue from all licenses, taxes, fees, penalties, and interest, specified in subsection 1 of this section, the department shall request an annual appropriation of general revenue equal to any state match obligation to the U.S. Environmental Protection Agency for cleanup performed pursuant to the authority of the Comprehensive Environmental Response, Compensation and Liability Act of 1980.

In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be used solely by the department of natural resources to investigate concerns of exposure to radioactive waste. Upon written request by a local governing body expressing concerns of radioactive waste contamination in a specified area within its jurisdiction, the department of natural resources shall use moneys in the radioactive waste investigation fund to develop and conduct an investigation, using sound scientific methods, for the specified area of concern. The request by a local governing body shall include a specified area of concern and any supporting documentation related to the concern. The department shall prioritize requests in the order in which they are received, except that the department may give priority to requests that are in close proximity to federally designated sites where

radioactive contaminants are known or reasonably expected to exist. The investigation shall be performed by applicable federal or state agencies or by a qualified contractor selected by the department through a competitive bidding process. In conducting an investigation under this section, the department shall work with the applicable government agency or approved contractor, as well as local officials, to develop a sampling and analysis plan to determine if radioactive contaminants in the area of concern exceed federal standards for remedial action due to contamination. Within a residential area, this plan may include dust samples collected inside residential homes only after obtaining permission from the homeowners. The samples shall be analyzed for the isotopes necessary to correlate the samples with the suspected contamination, as described in the sampling and analysis plan. Within forty-five days of receiving the final sampling results, the department shall report the results to the attorney general and the local governing body that requested the investigation and make the finalized report and testing results publicly available on the department's website.

2. The transfer to the fund shall not exceed one hundred fifty thousand dollars per fiscal year. Investigation costs expended from this fund shall not exceed one hundred fifty thousand dollars per fiscal year. Any moneys remaining in the fund at the end of the biennium shall revert to the credit of the hazardous waste fund.

3. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund."; and

Representative Fitzwater offered **House Amendment No. 4**.

House Amendment No. 4

AMEND House Committee Substitute for Senate Bill No. 659, Page 2, Section 253.147, Line 21, by inserting after all of said section and line the following:

~~"260.242. [All fly ash produced by coal combustion generating facilities shall be exempt from all solid waste permitting requirements of this chapter, if such ash is constructively reused or disposed of by a grout technique in any active or inactive noncoal, non open pit mining operation located in a city having a population of at least three hundred fifty thousand located in more than one county and is also located in a county of the first class without a charter form of government with a population of greater than one hundred fifty thousand and less than one hundred sixty thousand, provided said ash is not considered hazardous waste under the Missouri hazardous waste law.]~~ 1. The department shall have the authority to promulgate rules for the management, closure, and post-closure of coal combustion residual (CCR) units in accordance with Sections 1008(a)(3) and 4004(a) of the Resource Conservation and Recovery Act (RCRA) and to approve site-specific groundwater criteria. At the discretion of the department, the Missouri risk-based corrective action (MRBCA) rules, 10 CSR 25-18.010, and accompanying guidance may be used to establish site-specific targets for soil and groundwater impacted by coal combustion residual (CCR) constituents. As used in this section, a "CCR unit" means a surface impoundment, utility waste landfill, or a CCR landfill. To the extent there is a conflict between this section and section 644.026 or 644.143, this section shall prevail.

2. Prior to federal approval of a state CCR program pursuant to 4004(a) of the RCRA, nothing in this section shall prohibit the department from issuing guidance or entering into enforceable agreements with CCR unit owners or operators to establish risk-based target levels, using all or part of the MRBCA rules and guidance, for closure and corrective action at CCR units. Nothing in this section shall prohibit the department, owners, or operators of CCR units not otherwise covered by 40 CFR 257 from utilizing the MRBCA rules and guidance.

3. No later than December 31, 2018, the department shall propose for promulgation a state CCR program, including procedures regarding payment, submission of fees, reimbursement of excess fee collection, inspection, and record keeping.

4. The department shall not apply standards to any existing landfill or new landfills constructed contiguous to existing power station facilities located on municipally owned land that was purchased by the municipality prior to December 31, 2018, that are in conflict with 40 CFR 257, unless sound and reasonably proven scientific data confirm an imminent threat to human health and the environment.

5. Effective January 1, 2019, and in order to implement the state CCR program, the department shall have the authority to assess one-time enrollment and annual fees on each owner, operator, or permittee of a CCR unit subject to 40 CFR 257, only as follows:

(1) For units that have not closed, an enrollment fee in the amount of sixty-two thousand dollars per CCR unit, except no fee shall apply to CCR units permitted as a utility waste landfill;

(2) For CCR units that have completed closure in place under 40 CFR 257 prior to December 31, 2018, an enrollment fee of forty-eight thousand dollars per CCR unit;

(3) An annual fee of fifteen thousand dollars per CCR unit, except an annual fee shall not be assessed on CCR units that have closed prior to December 31, 2018. The obligation to pay an annual fee under this section shall terminate at the end of the CCR unit's post-closure period, so long as the CCR unit is not under a requirement to complete a corrective action, or sooner, if authorized by the department.

6. All fees received under this section shall be deposited into the "Coal Combustion Residuals Subaccount" of the solid waste management fund created under section 260.330. Fees collected under this section are dedicated, upon appropriation, to the department for conducting activities required by this section and rules adopted under this section. Fees established by this section shall not yield revenue greater than the cost of administering this section and the rules adopted under this section, but shall be adequate to ensure sustained operation of the state CCR program. The department shall prepare an annual report detailing costs incurred in connection with the management and closure of CCR units. The provisions of section 33.080 to the contrary notwithstanding, moneys and interest earned on moneys in the subaccount shall not revert to the general revenue fund at the end of each biennium.

7. Interest shall be imposed on the moneys due to the department at the rate of ten percent per annum from the prescribed due date until payment is actually made. These interest amounts shall be deposited to the credit of the subaccount created under this section.

8. All fees under this section shall be paid by check or money order made payable to the department and, unless otherwise required by this section, shall be due on January first of each calendar year and be accompanied by a form provided by the department.

9. The department may pursue penalties under section 260.240 for failure to timely submit the fees imposed in this section.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void."; and

COMMITTEE REPORTS

Special Investigative Committee on Oversight, Chairman Barnes (60) reporting:

Mr. Speaker: Your Special Investigative Committee on Oversight has continued its investigation concerning certain allegations against Governor Eric R. Greitens and begs leave to submit Report No. 2.

Exhibits and transcripts of the proceedings are on file with the Chief Clerk and copies are available on the House of Representatives website.

REPORT NO. 2 OF THE MISSOURI HOUSE SPECIAL INVESTIGATIVE COMMITTEE ON OVERSIGHT

April 24, 2018

/s/ Chairman Jay Barnes
/s/ Vice-chairman Don Phillips
/s/ Ranking Member Gina Mitten
/s/ Rep. Jeanie Lauer
/s/ Rep. Kevin Austin
/s/ Rep. Shawn Rhoads
/s/ Rep. Tommie Pierson Jr.

A. History of the Committee

The Committee was formed by Speaker Todd Richardson on February 27, 2018 and charged with investigating “allegations against Governor Eric R. Greitens” and reporting “back to the House of Representatives.” On April 5, 2018, the Committee voted to release reports relating to the Committee’s findings regarding allegations against

Greitens. On April 11, 2018, the Committee issued its first report regarding the allegations surrounding the relationship between Greitens and Witness 1. Today, the Committee issues this report on Greitens' use of a charitable donor list for fundraising during his campaign for governor, and events surrounding the use of that list.¹ Additional reports may follow.

Every witness to the Committee testified under oath, and subpoenas were issued to compel the appearance of witnesses and the production of documents.

- On March 14, 2018, pursuant to subpoena, the Committee took testimony from Michael Hafner, a former campaign worker for Greitens.
- On March 16, 2018, a subcommittee including Chairman Barnes, Ranking Member Mitten, and Rep. Austin (as well as staff attorney Alex Curchin) spoke with Dave Whitman, a former employee of Greitens. Whitman is currently serving a sentence at the United States Medical Center for Federal Prisoners in Springfield, Missouri after having pleaded guilty to federal crimes relating to theft from Greitens. Whitman refused to speak on the record and indicated that he no longer had possession, access, or control of any documents relating to his employment with The Greitens Group and its relationship with The Mission Continues.
- On March 19, 2018, Chairman Barnes and Attorney Curchin met informally with Matt Jacober, counsel for The Mission Continues, to discuss document requests and activities of The Mission Continues in relation to Greitens and The Greitens Group. The Committee eventually received more than 100,000 documents from The Mission Continues in response to its requests.
- On March 27, 2018, pursuant to subpoena, the Committee took testimony from Krystal Proctor (formerly Taylor), former executive assistant to Greitens when he worked for The Greitens Group and The Mission Continues. Proctor also worked in an operations role for the Greitens campaign for governor.
- On March 28, 2018, counsel for Danny Laub, a former campaign worker for Greitens, informed Chairman Barnes via email that Laub refused to appear before the Committee. However, Laub testified under oath via deposition taken by the Attorney General's Office in Washington D.C. on April 18, 2018.
- On March 29, 2018, the Committee took testimony from Spencer Kympton, President of The Mission Continues.
- On April 2, 2018, pursuant to subpoena, the Committee took testimony from Lyndsey Reichardt (formerly Hodges), a former employee of The Mission Continues.
- On April 3, 2018, the Committee met to discuss process for redactions of testimony and this report.
- On April 4, 2018, the Committee took testimony from Jack Neyens, the former Chief Financial Officer of The Mission Continues.
- On April 15, 2018, the Committee sought and received an Order from the Circuit Court of Cole County permitting the Attorney General's Office (AGO) to share information about its investigation of The Mission Continues with the Committee.
- On April 18, 2018, Chairman Barnes and Attorneys Curchin and Alixandra Hallen met with counsel from the Attorney General's Office to exchange information. The Committee received the testimony and related exhibits from the AGO's depositions of Michael Hafner, Krystal Proctor, and Danny Laub.

¹ The Committee notes that its work is not complete with this report, and that, in addition to other actions, subsequent reports may be issued.

B. Committee Findings for Report #2

Based on the testimony and evidence received by the Committee to date, the Committee finds reason to believe the following:

1. The Mission Continues (TMC) is a 501(c)(3) not-for-profit organization started by Eric Greitens that helps veterans returning home from service “build new skills and networks that help them successfully reintegrate to life after the military while making long-term, sustainable transformations in communications and inspiring future generations to come.”²

2. Greitens founded TMC in 2007 under the name The Center for Citizen Leadership. TMC grew slowly between 2007 to 2010, ending 2010 with \$1.56 million in revenue. In 2011, TMC grew substantially, grossing total revenue of \$7.01 million.³

3. In 2009, Greitens formed The Greitens Group (TGG) for his personal for-profit business engagements, which included book writing, public speaking, and corporate training.⁴

4. Krystal Proctor (formerly Taylor) began working for Greitens on January 1, 2011, with salary and expenses split between TGG and TMC.⁵ Throughout her time working for Greitens, Proctor worked at his direction.⁶

5. Dave Whitman worked as the managing director for TGG until 2014, when he was charged with federal crimes relating to theft and fraud against TGG. In 2016, Whitman pleaded guilty and is currently serving his sentence in Springfield, Missouri.

6. Jack Neyens acted as the Chief Financial Officer of TMC for several years while Greitens was there.⁷

7. Proctor explained how TGG and TMC worked together: TGG would book a for-profit event for Greitens, and TMC would then work around those events to “maximize” Greitens’ time.⁸ The Committee lacks non-profit expertise to determine whether the practice of booking TMC events around Greitens’ private business schedule is common or best practice. Neyens’ testimony suggests it is not common.⁹ However, Neyens’ also testified that it made “sense” as a way of “maximizing expenses” and “maximizing his time.”¹⁰

8. The Committee found no evidence that TMC inappropriately paid Greitens’ travel expenses for events that were not exclusively TMC events.¹¹ Likewise, the Committee found no evidence that TMC purchased Greitens’ books.¹²

9. In 2011, as its operating budget grew significantly, TMC began hiring professional staff with experience in non-profit management, including Spencer Kympton, who was hired as the organization’s Chief Partnerships Officer.¹³

10. As CEO of TMC, Greitens reported to the Board of Directors.¹⁴
11. In late 2012, TMC’s Board initiated procedures to protect TMC’s 501(c)(3) status.
 - a. TMC entered into a Memorandum of Understanding (MOU) with TGG to formalize cost-sharing between the organizations.¹⁵
 - b. TMC required Greitens to sign a non-disclosure agreement (NDA) as a TMC employee.¹⁶
12. In the TMC NDA dated November 27, 2012, Greitens agreed to hold in strict confidence “the identities of any donors or investors, and any personal information of donors or investors, and any contact information for donors or investors,” as well as any “lists, databases ... trade or business secrets, ... and similar or dissimilar information relating to the operations or activities of TMC.”¹⁷
13. The NDA specifically stated that Greitens “shall not at any time during [his] employment with TMC or at any time after termination or expiration of [his] employment with TMC disclose any Confidential Information to any third party, in whole or in part.”¹⁸ Greitens further agreed that “all intellectual property that is developed by [himself] during the time [he] is employed by TMC, and that is within the scope of [his] employment with TMC, is the property of TMC, including but limited to ... trade secrets.”¹⁹ He also agreed to not use TMC’s intellectual property, including trade secrets “in any context outside of [his] employment” unless he first “received the prior written consent (by email or letter) of TMC[.]”²⁰
14. Krystal Proctor signed the same TMC NDA on November 21, 2012.²¹
15. Also in late 2012, Greitens received and signed TMC’s “Team Member Handbook,” which set expectations for employees and volunteers.²² The Handbook begins with a signed letter from Greitens and speaks to the importance of confidentiality in at least three places:
 - a. “Under no circumstances should outside requests for donor material be fulfilled unless prior written permission is received from your Team Leader.”
 - b. “Team Members may not use our Systems “to solicit Team Members or others unless on behalf of The Mission Continues;” and
 - c. “Protecting our organization’s information is the responsibility of every Team Member[.] ... Do not discuss the organization’s confidential business or proprietary business matters, or share confidential, personal Team Member information with anyone who does not work for us such as friends, family members, members of the media, or other business entities.”
16. In November 2012, Proctor recognized the importance of protecting TMC donor privacy.

¹⁵ Ex. 15; Tr. Kympton at 13:20 to 14:7, describing MOU as “a board-directed initiative ... intended to protect and preserve the nonprofit status of The Mission Continues. Recognizing that our CEO at the time was also the CEO of a for-profit entity...”

At that time, she extracted TMC data for the limited purpose of compiling a holiday card list for Greitens, and sent TMC data to others within TGG with the following request:²³

I've also attached a spreadsheet here from the TMC salesforce system, which includes some of the top donors. I've deleted the amount of the donations to maintain privacy, but please DO keep this private. Do NOT print this spreadsheet or distribute. Please add the names and addresses that you see highlighted in yellow to the holiday card master spreadsheet. You can likely just copy and paste from the spreadsheet as most addresses are included. We should have ALL addresses for these folks so I can always check TMC salesforce here as well.

Emphasis added.

17. Former TMC CFO Neyens testified that Greitens “grew the organization from zero[.]”²⁴ and explained why and how he believed Greitens was able to grow TMC. “[P]eople, donors, corporations, individuals, foundations migrate. They were attracted to him. They migrated to him as he spoke around the country[.]”²⁵ Further, Neyens agreed with the statement that Greitens “was a very strategic person” who “liked to have things planned out,” testifying, “He planned things out. ... He didn’t go into – you know, I guess it’s kind of like going into battle. You just don’t randomly run in there. He had a plan of building his business – building his organization.”²⁶

18. Although Greitens was critical to TMC’s success, he did not work alone. Kympton testified that TMC fundraising responsibilities were shared between Greitens and the development team, including Lyndsey Reichardt.²⁷

19. Reichardt testified that as development director, her job included “anything related to fundraising” for TMC.²⁸ This included an annual gala, corporate fundraising proposals, individual donors, appeal letters and “identifying donors that would be good for Eric or other leadership team members to meet with.”²⁹ She explained that when someone made a small donation to TMC, she “would help set up meetings with people” who had “potential to give larger gifts or to contribute more to The Mission Continues.” The charity had a system to ensure every donor was thanked on a quarterly basis for his or her gifts. Reichardt was responsible for identifying small donors who might be good prospects to become larger donors.³⁰ The thank you calls “involved all the staff.”³¹

20. Reichardt explained that she also had frequent contact with individual TMC donors, testifying, “Sometimes I would go have coffee or lunch with them, tell them about the organization’s plans and how we were growing, and assess their interest in being more involved with the organization.”³² Through this process she was responsible for “gaining donors who donated in excess of a thousand dollars.”³³ However, “[a]s the organization grew, the leadership members above [her] would take those meetings.” Those leadership members were not limited to Greitens, but also included Spencer Kympton, Lori Stevens, and Meredith Knopp. Reichardt testified that no one single leadership member took the bulk of those donor meetings.³⁴

21. Similarly, Reichardt testified that TMC’s annual banquet was a “team effort” where sponsors were identified by a leadership committee, and “those committee members would typically do the solicitations themselves.”³⁵

22. An email suggests Greitens began considering a run for statewide office at least as early as October 16, 2013, at which time a political consultant named Steve Michael emailed to tell him he was “finishing up on some of those to-do lists” and sent “Schweich’s donor list” as an attachment to give Greitens “a bit of an idea on his potential strengths.”³⁶ At the time, Schweich was identified as planning a run for governor.³⁷

23. Greitens took a sabbatical from TMC from late 2013 to spring 2014.³⁸

24. Proctor testified that Greitens had decided he was running for office in early 2014.³⁹

25. Danny Laub began advising Greitens on political activity in early 2014. Laub testified he prepared a memo for Greitens in February 2014 regarding gubernatorial campaign strategy.⁴⁰

26. On February 27, 2014, Monu Joseph emailed Proctor and Greitens the schedule for Greitens’ trip to Orange County, California on March 12, 2014.⁴¹ Proctor testified the purpose of the trip and “the nature of those meetings was to start thinking about getting support and money from these people for when he would run for office.”⁴²

27. On March 5, 2014, Greitens emailed a spreadsheet to Proctor and Whitman with lists of “categories for consideration” for a run for public office.⁴³ The document discussed fundraising, issue education, campaign organization, potential endorsements, and strategy.⁴⁴

28. Michael Hafner also began advising Greitens on political activity in early 2014.⁴⁵ Emails reveal a meeting with potential supporters and donors as early as March 18, 2014.⁴⁶

29. On March 21, 2014, Proctor prepared a memo for Greitens, Whitman, and Mason Fink setting forth information about announced and likely candidates for governor in 2016.⁴⁷ She testified that Greitens was “focused on the governor’s position” at this date and had, in fact, settled on Missouri governor’s race for his political future.⁴⁸

30. On March 24, at Greitens’ direction, Proctor set up a system to organize campaign contacts including donors, volunteers, staff, advisors, endorsements, interest groups, and other supporters.⁴⁹

31. On or about April 1, 2014, Proctor stopped using her TMC email linked to her TGG email on a regular basis. Instead, she created an auto-response to inform persons who emailed her that they could contact her at her TGG email address, an account for which the Committee does not have access to emails dated after April 1, 2014.⁵⁰

32. On April 24, 2014, Greitens informed TMC that he would transition from CEO to Board Member of TMC in the summer of 2014.⁵¹ In response, TMC asked Greitens to assure donors that the transition to new leadership would go smoothly and the organization was on strong footing with a good plan for the future. Reichardt explained:

Anytime there is a big leadership change within an organization it's standard fundraising practice to take your top donors and let them know about that change.... [T]he development team's plan for the transition was essentially to identify our top donors and let them know that Eric was going to be leaving the organization in a few months, and that the organization is in good hands with Spencer Kympton, the new president.⁵²

33. On May 8, 2014, TMC employee Lori Stevens emailed Greitens, Proctor, Kympton, and Reichardt with "transition call" instructions for Greitens and five attachments, including a list of TMC donors named "All donors 1K total and up - as of 5-7-14.xlsx."⁵³

Hi Eric,

Sorry I missed you on April 24th. Lori and I discussed this list. I also added a couple of people whom I think need a call to a document attached here. Additionally, I went through the \$1,000+ list and flagged others you might want to consider calling. I've included their names at the end of the document, and if you want to call them, let me know. I am happy to pull phone numbers and ensure you have appropriate background on everyone. Thanks, Eric.

NOTE: If you have not called [REDACTED] at the end of the month. [REDACTED]

Hi,

Krystal and I had talked about Eric letting me know as he makes the calls.

Eric - do you want to send a daily update to Spence and me? Or just shoot us notes as you complete calls?

Any takers on the June 10th gathering or meetings yet?

Thanks!

36. Proctor explained how she understood the circumstances of these transition emails:

Eric was stepping down as CEO of The Mission Continues...and I recall that he asked the development team at The Mission Continues, which would have been Lori Stevens and Lyndsey Reichardt at the time, who were both on this email. He asked the development team to send him a list of donors of The Mission Continues, and then also a list of calls that he would be making to The Mission Continues sort of top donors to let them know that he would be transitioning and stepping down as CEO.⁵⁶

My understanding was that he had – you know, Eric had built The Mission Continues, and these were his contacts, his friends, his family, his family members, colleagues, and you know, at some point in the future, he might need to reference this list and, you know, get in touch with these people.⁵⁷

37. Proctor was not aware of any communications specifying a purpose for TMC sending the donor list to Greitens other than the transition.⁵⁸ However, she also testified:

The purpose, I believe, was that Eric would be making a number of phone calls to The Mission Continues donors to let them know he would be transitioning and stepping down as CEO, and then I also believe the purpose was to have a list of contacts, because, like I said, these were his contacts, his friends and family members and colleagues, people he had brought into The Mission Continues who were supporters of his, and I believe that he – you know, for convenience's sake, he wanted their contact information in one place and one list.⁵⁹

38. Proctor recalled Reichardt “being sort of concerned and voicing those concerns around, you know, sending a list of The Mission Continues Donors to Eric[.]”⁶⁰ She further testified Reichardt “sort of feeling like, you know, putting together this list and, you know, sending it to Eric felt, you know, inappropriate in some way.”⁶¹ Reichardt denied ever speaking of such concerns.⁶²

39. Proctor could not recall anyone from TMC stating that the list could be used for political purposes or for any purpose other than transition calls.⁶³

40. Kympton did not recall any alternative purpose for providing the TMC donor list:

[T]he original email that was sent sometime earlier – I mean, beginning on May 8th of 2014, was part of an overall plan that our development team constructed to guide the external communication of our CEO's transition. So that sat a week or two after Eric had communicated internally that his plan was to transition from the CEO role over that summer – so several months later.

So this was our first step in our development team's first step at guiding a proactive communications plan with our partners to not only communicate the transition itself but also talk about how The Mission Continues would be a going concern, how their partnership in support of The Mission Continues would continue to be valued by the organization and just – it was all part of a natural transition plan that we had created.⁶⁴

⁶⁴ Tr. Kympton at 33:7-23.

41. When asked whether there was any purpose other than the transition calls for “providing Mr. Greitens the full list of The Mission Continues donors who had given over a thousand dollars,” Reichardt answered, “Not to my knowledge.”⁶⁵ Reichardt gave the same answer to questions of whether there was any express or implied consent for “Mr. Greitens to use this list of donors over \$1,000 for political purposes.”⁶⁶

42. Kympton testified that the TMC NDA applied to the TMC donor list. When asked if there was an exception to the NDA for political activity, Kympton responded, “There are no exceptions.” He further explained that he could not “see a case where there would be an exception made” and “[i]t would not have been an authorized use of any information from The Mission Continues’ point of view.” He also characterized it as “a misuse, as far as The Mission Continues is concerned.”⁶⁷

43. Kympton testified that he was not aware of any implicit or explicit authorization to use the TMC list for political purposes.⁶⁸ He further stated, “I have not seen any evidence that there was any authorization to Mr. Greitens, either in the context of his role as CEO or after, to suggest any authorization to use it for political purposes.”⁶⁹

44. Reichardt agreed that there were individuals and corporations who donated more than a thousand dollars to TMC for whom Greitens was not primarily responsible.⁷⁰

45. On May 24, 2014, Greitens met with Laub and others for ten hours to discuss a “future race for governor.”⁷¹ In preparation, Laub created a memo for Greitens that established the first objective of “establish a personal relationship with five candidates outside of Missouri who can be called-upon for personal favors during Eric’s campaign for Governor.”⁷²

46. In an email sent May 26, 2014, Fink suggested that Greitens open a campaign committee that spring.⁷³ However, Laub responded that “this is silly.” In his deposition, he explained, “Eric’s key to victory was timing and this would have disrupted that.”⁷⁴ Laub explained, “The later the better,” on when it was the right time for Greitens to enter the race.⁷⁵

47. On May 28, 2014, just 17 days after Greitens received the TMC donor list, he asked Danny Laub to sign an NDA that, like the TMC NDA, protected “donor lists” from disclosure to third-parties.⁷⁶ The Greitens’ campaign NDA specified that “EG is exploring plans regarding a potential career endeavor involving public service[.]”⁷⁷

48. On August 14, 2014, Greitens scheduled a conference call with political consultants Steve Michael and Dave Hagemen.⁷⁸

⁶⁵ Tr. Reichardt at 23:7-10; 23:11 to 24:6, rejecting contention that list was sent for “Mr. Greitens own use because these were his contacts, his friends, his family, his family members, and his colleagues, and it would be good to have a reference list for him to get in touch with them in the future.”

49. On October 15, 2014, Proctor sent an email to Laub and Tyler Holman regarding a meeting on Monday, October 20, 2014. Proctor indicated she would bring “[a]ll of the donor lists that we’ve collected so far” to the meeting.⁷⁹ The TMC donor list was one of those lists. Proctor testified that Greitens had talked to her multiple times about “the importance of the TMC donor list to support future political fundraising efforts.”⁸⁰

50. On December 1, 2014, Laub was hired by Greitens. Laub testified that, at this time, there was “definitely a future gubernatorial campaign” and Laub’s role included “political planning,” meaning “everything from...surveying the landscape, figuring out who Eric should meet with, figuring out how to achieve at this point ... how to achieve success.”⁸¹ At the time, however, Laub was paid by Eric Greitens, LLC.⁸² Also on December 1, 2014, Proctor emailed Laub a document from Greitens titled “Candidate’s Intent.”⁸³ It provided detailed campaign plans, including fundraising plans to achieve \$8 million in commitments; messaging plans that sought answers to the questions “Why I’m Running” and “Why I’m a Republican.”⁸⁴

51. On December 5, 2014, Greitens convened a meeting to discuss the campaign.⁸⁵ Laub testified that he first learned of the TMC list at this meeting.⁸⁶ Several people attended this meeting, including Jennae Neustadt, Mark Bobak, Chris Bobak, and Fink.⁸⁷ The attendees reviewed the TMC donor list at this meeting.⁸⁸

52. Hafner began working for pay in January 2015. Although Hafner’s work was strictly political, his initial pay was from either The Greitens Group or Eric Greitens personally.⁸⁹

53. Greitens for Missouri did not report Laub’s or Hafner’s pay as in-kind contributions from The Greitens Group to the campaign.

54. On January 6, 2015 at 1:57 p.m., the following invitation was sent to Hafner, Proctor, and Laub for a campaign “Finance Meeting” for 10 a.m. the next morning.⁹⁰

⁹¹ The list labeled “EG fnce prospects 061714.xlsx” was provided by Mason Fink, an unpaid informal advisor, but, to the best of the Committee’s knowledge, never reported as an in-kind contribution. The “Schweich list.xlsx” was provided by Steve Michael, an employee of Victory Enterprises, an eventual vendor for the campaign.

56. The attachment labeled “All donors 1K total and up – as of 5-7-14.xlsx” was TMC’s donor list – as sent to Proctor and Greitens by TMC for the purpose of “transition calls” when Greitens left TMC in May 2014.⁹²

57. Hafner and Proctor testified that Proctor sent the TMC list at Greitens’ direction.⁹³

58. Proctor testified “there was no confusion” when she shared the list with Hafner and Laub at Greitens’ direction that they were going to use it to support “the political campaign” and, in particular, “political fundraising.”⁹⁴ Laub also testified that the TMC list was used to create a campaign fundraising list⁹⁵ and that, at the direction of Greitens, Hafner used the TMC list to create a campaign fundraising list.⁹⁶

59. Proctor testified she never received authorization to share the list from anyone other than Greitens, and that Greitens directed her to share the list after he left TMC.⁹⁷

60. The TMC list contained the names, phone numbers, email addresses, donations, and other details of every individual, company, or non-profit that had donated \$1,000 or more to TMC. The list contained the information for more than 500 individuals and hundreds of businesses and foundations that had given to TMC.⁹⁸

61. Proctor testified that Greitens viewed the TMC list as his own list of friends, family, and supporters that he had built up with his own labor and endeavors from the beginning of the organization.⁹⁹

62. Greitens, did, in fact, put substantial labor into cultivation of donors for the list. However, Greitens earned a salary as CEO of TMC for most of that time, and other people also put labor into cultivation of the list.¹⁰⁰

63. TMC’s President Spencer Kympton explained that the list contained more than just Greitens’ friends, family, and supporters. When asked, “A previous witness testified that Mr. Greitens thought – essentially thought of this list as his own, that the list was comprised of his friends, his contacts that he had built up. ... Do you believe that to be true?” Kympton responded:

I would not characterize this list that way. This list is a list of 500 – more than 500 donors, supporters, partners of The Mission Continues who had given collectively or over time \$1,000 or above to The Mission Continues. Within this list might be, you know, friends or family of Eric Greitens that have transitioned into being supporters of The Mission Continues, but as context, I have friends and family who are on this list; other staff members from The Mission Continues have family on this list. There are individuals on this list who came into The Mission Continues relationship via events that we ran, and they might have been invited by host committee members to those events. There are individuals on this list who came into a relationship with The Mission Continues by the company that was supporting The Mission Continues. So I think that there certainly are individuals on this list who might have been a friend or family member of The Mission Continues, but I would very much characterize this list as a list of supporters and partners of The Mission Continues that came from a variety of different pathways to that relationship.¹⁰¹

⁹⁹ Tr. Proctor at 23:24 to 24:7

¹⁰⁰ See Reichardt testimony set forth above; Tr. Reichardt at 11:4 to 19:1

¹⁰¹ Tr. Kympton at 34:10 to 35:24, further testifying that “Yes. Of course” he keeps a separate contact list for his friends and family than the TMC list.

64. Reichardt testified that she did not view the list as Greitens' personal list,¹⁰² and that there were donors on the list for whom Greitens was not responsible.¹⁰³

65. Hafner testified that the Greitens campaign used the TMC list for fundraising purposes, stating there were two fundraising meetings in January, and "at least in one of those meetings we went through the list." Greitens gave Hafner "notes on specific donors. And of course, donors were selected based on their ability to give which is denoted in the list of their lifetime giving history to The Mission Continues."¹⁰⁴

66. Kympton and TMC expressly stated that it did not authorize this disclosure or use:

- a. "The Mission Continues did not provide nor authorize any use of our donors' information to the Greitens campaign or any persons or groups for political or campaign purposes;"¹⁰⁵
- b. "Any use of The Mission Continues resources for any political or other unauthorized purpose would violate our policies and the trust we expect from each member of our staff."¹⁰⁶

67. Hafner, an experienced campaign professional, testified that it was the first time he had ever used a charity's donor list in the course of a political campaign.¹⁰⁷

68. Hafner testified that on January 19, 2015, Greitens instructed him to meet with Reichardt about the list because Greitens did not know a number of persons on it:

So after going through The Mission Continues donor list, at some point during the process, Mr. Greitens didn't recall a number of names from the list and I was directed – he directed me to set up a meeting with Lindsey Reichardt who it was indicated that she was either a current employee or a former employee of The Mission Continues. And Eric indicated that she would have more extensive information on many of the donors from the list and that I needed to reach out to her to go over the list with her. I never met with Lindsey. I don't recall ever reaching out to her, but it's possible I could have. But to my knowledge, I don't think she ever came into the office, and I certainly never met with her personally to go over the list.¹⁰⁸

69. Both Hafner and Reichardt testified that they never had a meeting.¹⁰⁹

70. On January 28, 2015 Hafner emailed Proctor, Laub, and Chris Bobak seeking help obtaining information for an initial fundraising list. Hafner noted that he "need[ed] the contact information that Eric already has for these people (and I assume that is all in Salesforce?)." Proctor responded that Hafner should check TGG's account at salesforce.com, but pointed out, "Some of these will not be in salesforce. If not, I would suggest checking The Mission Continues list."¹¹⁰ Proctor then attached the TMC list to her response.¹¹¹

¹⁰² Tr. Reichardt at 23:11 to 24:6, rejecting Proctor's contention that list was sent for "Mr. Greitens own use because these were his contacts, his friends, his family, his family members, and his colleagues, and it would be good to have a reference list for him to get in touch with them in the future."

¹⁰³ Tr. Reichardt at 14:23, responding in the affirmative to question posed by Rep. Barnes.

¹¹⁰ Ex. 5.

¹¹¹ Tr. AGO Proctor at 107:3-13.

71. Hafner and Laub testified that Hafner used the TMC list to create donor call lists in 2015.¹¹² Hafner sent call lists to Greitens that were derived in part from the TMC list on at least February 5, 17, and March 20.¹¹³ At the time Hafner sent the donor call lists, there was no campaign in existence to which donations could be made. However, Laub testified Greitens “was indeed making calls” during this time period, agreeing that Greitens was “getting commitments but not actually getting checks.”¹¹⁴

72. On February 25, 2015, the campaign filed a Statement of Committee Organization creating the entity Greitens for Missouri.¹¹⁵

73. On April 22, 2015, after Hafner was no longer working for the Greitens campaign, Proctor emailed the TMC list to Meredith Gibbons, the new finance director for Greitens for Missouri.¹¹⁶ As set forth below, Proctor’s email notes the attachment “is The Mission Continues donor list through May 2014 when Eric stepped down as CEO. So anything in late 2014 won’t be included here or anything from 2015.”

74. Proctor testified that she shared the list with Meredith Gibbons at Greitens’ direction so that it “would be used for political fundraising.”¹¹⁷ She further testified that she was instructed by Greitens to use the lists for these purposes.¹¹⁸

¹¹⁷ Tr. AGO Proctor at 123:12-24.

¹¹⁸ Tr. AGO Proctor at 123:18-24.

75. Reichardt testified that she met with Gibbons for lunch and Gibbons “provided [her] with a list of people that Eric was considering asking for money for the campaign.”¹¹⁹ Reichardt testified that she could not recall the size of the list Gibbons brought to the meeting, but that, for the persons listed “she asked if any of them would be good prospects.”¹²⁰ While Reichardt could not recall the size of the list or whether it was the same as the list disclosed in the transition email, she did recall that Gibbons asked about a particular large donor to The Mission Continues.¹²¹

76. Proctor testified that she was aware of the meeting between Reichardt and Gibbons regarding the TMC list.¹²² Proctor’s “understanding was that Eric asked Lindsey to meet with Meredith” and that the meeting “occurred in probably mid to late 2015.”¹²³

77. In August 2015, Greitens stepped down from the board of TMC. Kympton explained, “[A]t that time, Eric notified both me and, as I recollect, our board chair that he was preparing to announce his candidacy for governor, and those conversations suggested that it was probably in the best interest of The Mission Continues, at that time to, and for Eric to step away from the board to avoid any types of conflict of interest that might arise as having a candidate for political office involved formally on our board.” Kympton identified “the use of Mission Continues resources for political purposes” as an example of such a conflict but stated that the board was not aware of the use of the TMC list at that time.¹²⁴

78. Kympton first became aware of Greitens’ political use of TMC resources in August 2016, but did not yet have knowledge of the Greitens’ campaign’s use of the TMC donor list.¹²⁵ At that time, Kympton exchanged correspondence with Austin Chambers, campaign manager for the Greitens campaign for governor, regarding concerns about a “Greitens advertisement and fundraising campaign” that Kympton feared “jeopardize[d] [TMC’s] status as a 501c3.” In particular, among other things, Kympton was concerned with a link that “explicitly align[ed] [TMC’s] trademarked name with a political campaign effort: <https://donate.ericgreitens.com/mission-continues>” and with a website video titled “Eric Greitens: The Mission Continues” which was on a fundraising page.¹²⁶ Chambers responded:

 Subject: Greitens Campaign Response

Spencer,

I apologize for the delayed response. I wanted to handle this with the upmost sensitivity and attention to make sure that The Mission Continues wasn't damaged or harmed from a legal stand point by the campaign, so I asked our attorney, Mike Adams, to take a look at the situation. Our goal from the beginning has always been to protect The Mission Continues, and keep it separate from the campaign. As you know, Eric cares deeply about protecting the brand and image of TMC.

The review and response from Mike Adams on behalf of Greitens for Missouri is attached.

So that you are aware, the video name on the internet has been changed, and the background image of the fundraising splash page is in the process of being swapped out today. The ad will remain on air, and there will be additional advertisements that mentions the great work of The Mission Continues.

If you have any additional questions or points, please let me know.

Thanks,

AC

79. Greitens' attorney Mike Adams responded, "Obviously, the Campaign wishes The Mission Continues nothing but the greatest success in its worthy cause and would do nothing to jeopardize its tax-exempt status." Adams then quotes and discusses IRS guidance that an organization would jeopardize its 501(c)(3) status by "[a]llowing a candidate to use an organization's assets ... if other candidates are not given an equivalent opportunity." Adams and the Greitens campaign agreed to cease using a photo it took at TMC offices but failed to notify TMC that the campaign was using the TMC donor list for political fundraising.

80. News reports from the fall of 2016 indicate that cross-referencing the names on the TMC list with Greitens campaign donors reveals that the campaign raised nearly \$2 million from persons or organizations on the TMC list.¹²⁷

81. In approximately November 2016, an ethics complaint was filed against Greitens and Greitens for Missouri for failure to report the TMC list as an in-kind donation.

82. In a subsequent filing with the Missouri Ethics Commission, Greitens and his campaign admitted that the campaign used the TMC list for fundraising purposes.¹²⁸

83. Documents and testimony from Hafner and Proctor establish that Greitens himself utilized prospective donor call lists that included information taken from the TMC list.¹²⁹

84. In April 2017, Greitens signed a Joint Stipulation of Facts, Waiver of Hearing Before the Missouri Ethics Commission and Consent Order with Joint Proposed Findings of Fact and Conclusions of Law in *Missouri Ethics Commission v. Greitens for Missouri and Eric Greitens* in MEC Case No. 16-0107-1.¹³⁰

¹²⁷ See <http://www.ky3.com/content/news/greitens-campaign-donations-396579511.html>. The committee notes that it may begin the process of cross-referencing donors to reach a precise amount, but, due to the time constraints, has not done so yet.

¹²⁸ Ex. 11 at ¶6.

¹²⁹ Tr. Hafner at 33:11 to 37:11; Exs. 7, 8, 9; Tr. Proctor at 35:3-5.

¹³⁰ Ex. 11.

85. Greitens admitted that the campaign used the list to contact donors.¹³¹

86. Greitens asserted that the TMC list was an in-kind contribution received from Danny Laub on March 1, 2015 and had a value of \$600.¹³²

87. On April 28, Greitens signed an amended campaign finance report for April 15, 2015, which also asserted that Laub donated the TMC list on March 1, 2015 with a value of \$600.¹³³

88. Greitens electronically signed below the statement, “I certify that this report, comprised of this cover page and all attached forms, is complete, true, and accurate.”¹³⁴

89. In fact, however, the list was not an in-kind contribution from Danny Laub:

- a. Laub was never an employee of TMC, and thus, was not able to authorize disclosure or use of the list; and
- b. The list was sent to Laub and Hafner by Proctor at Greitens’ direction.¹³⁵

90. Laub testified that Austin Chambers called him on April 24, 2017.¹³⁶ After exchanging pleasantries, Laub described their conversation:

And then Austin says to me, “I don’t know if you know this, but there’s a bullshit ethics complaint filed against us by the Democrat party about this Mission Continues donor list.” And he said, “I need someone who was on the campaign at the time, because I wasn’t, to put their name down so we can get this bullshit complaint dismissed. We will pay” – assuming him and the campaign – “will pay the fine, but we need to put someone’s name down who was on the campaign at the time, and I was not.” And he said, “Can we put your name down?”¹³⁷

91. Laub testified that he told Chambers the Greitens campaign could “put [his] name down,” which he “assumed ... meant that [he] was the manager of the campaign at the time or in charge of the campaign at the time.”¹³⁸ Laub learned a week later that “putting his name down” as the donor of the TMC list “was not what I thought I told Austin on the phone he could use my name for.”¹³⁹ Instead, Laub testified that he had been “affirmatively misled” by Chambers.¹⁴⁰

92. Laub testified that if Chambers had not misled him that he “would never have agreed for it to be perceived or otherwise that I in-kind a list that I did not in-kind.”¹⁴¹ Laub testified he would have never authorized Chambers to use his name as someone who donated the list “because that’s untrue.”¹⁴² Further, Laub testified that the TMC list was not donated to the campaign on March 1, 2015.¹⁴³ Instead, he testified that nothing happened with the TMC list on that date.

¹⁴³ Tr. AGO Laub at 278:2-5.

93. Laub agreed that Greitens' amended campaign finance report regarding the TMC list as an in-kind contribution was "false in every particular."¹⁴⁴ Laub further testified that everything of substance in the settlement agreement between Greitens and the MEC was untrue.¹⁴⁵

- a. Laub did not contribute the list to the campaign. Instead, it was contributed by Greitens himself through his directions to Proctor.¹⁴⁶
- b. The list was not donated to the campaign on March 1. Instead, its first use that Laub could remember was in December 2014, and the email records show its disclosure and use on January 6 and January 7.¹⁴⁷

94. Laub stated that the "whole document made [him] sick ... because it was misrepresented [and] because [he] was in a round of news stories falsely portraying what happened."¹⁴⁸

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-SIXTH DAY, THURSDAY, MAY 3, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The Lord is good, a great help in the day of trouble; And He knows those who trust in Him. (Nahum 1:7)

O Gracious God, on this National Day of Prayer, give us strength to do our work constructively this day and all days. Let us not turn from its difficulties, nor avoid its challenges, nor try to escape its duties or obligations.

Help us to keep our minds clear, our hearts clean, and live so faithfully that no failure can dishearten us, no frustration can discourage us, and no political fear can take away from us the joy of honor and integrity.

By Your grace, alive within us, may we remove all bitterness, reduce all misunderstanding, and learn to live together, making every effort to keep the unity of the spirit through the bond of peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Elizabeth Lee Noel.

The Journal of the sixty-fifth day was approved as printed by the following vote:

The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications service", as enacted in this subdivision and subdivision (6) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (6) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005).** Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. 2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders, **developmental disabilities, or physical disabilities** to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

3. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder, **developmental disabilities, or physical disabilities**.

4. (1) Coverage provided under this section is limited to medically necessary treatment ~~[that]~~ **as determined by the health benefit plan, and** is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license~~[-in accordance with]~~. **For applied behavioral analysis, such provider may submit** a treatment plan.

(2) The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, **developmental disabilities, or physical disabilities**, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual ~~[being treated for an autism spectrum disorder]~~ and shall not apply to all individuals being treated for ~~[autism spectrum disorders]~~ **that disorder** by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. Coverage provided under this section for therapeutic care shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of therapeutic care beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's developmental disabilities or physical disabilities, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavioral analysis or therapeutic care, shall not be subject to the age and dollar limitations described in this subsection.

~~[6-]~~ 7. The maximum benefit limitation for applied behavior analysis described in subsection 5 of this section **or therapeutic care as described in subsection 6 of this section** shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially published by the United States Department of Labor, or its successor agency. Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of

insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

~~[7-]~~ **8.** Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider **or therapeutic care provider**, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 **or therapeutic care as set forth in subsection 6** of this section shall apply to this subsection.

~~[8-]~~ **9.** This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

~~[9-]~~ **10.** To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

- (1) The autism service provider, as defined in this section; or
- (2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

~~[10-]~~ **11.** Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

~~[11-]~~ **12.** The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms "employees" and "health care plans" shall have the same meaning ascribed to them in section 103.003.

~~[12-]~~ **13.** The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, 2011:

- (1) All self-insured governmental plans, as that term is defined in 29 U.S.C. Section 1002(32);
- (2) All self-insured group arrangements, to the extent not preempted by federal law;
- (3) All plans provided through a multiple employer welfare arrangement, or plans provided through another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, or any waiver or exception to that act provided under federal law or regulation; and
- (4) All self-insured school district health plans.

~~[13-]~~ **14.** The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

~~[14-]~~ **15.** The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy of six months or less duration, or any other supplemental policy.

~~[15-]~~ **16.** Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis **or therapy** delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

~~[16-]~~ **17.** The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

~~[17-]~~ 18. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

~~[18-]~~ 19. The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

~~[19-]~~ 20. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

- (a) The total number of insureds diagnosed with autism spectrum disorder;
 - (b) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this section;
 - (c) The cost of such coverage per insured per month; and
 - (d) The average cost per insured for coverage of applied behavior analysis;
- (2) All health carriers and health benefit plans subject to the provisions of this section shall provide the department with the data requested by the department for inclusion in the annual report."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Cornejo offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 718, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 5 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

- a. Requests health records to be delivered electronically in a format of the health care provider's choice;
- b. The health care provider stores such records completely in an electronic health record; and
- c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

- (2) Postage, to include packaging and delivery cost;
- (3) Notary fee, not to exceed two dollars, if requested.

3. **For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" include a statement or record that no such health history or treatment record responsive to the request exists.**

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

~~[4.]~~ 5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

~~[5.]~~ 6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. For purposes of this subsection, the annual average inflation rate shall be based on a twelve-month calendar year beginning in January and ending in December of each preceding calendar year. The department of health and senior services shall report the annual adjustment and the adjusted fees authorized in this section on the department's internet website by February first of each year.

~~[6.]~~ 7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

- (6) A guardian ad litem of the deceased's minor child based on the affidavit of the guardian that he or she is the guardian ad litem of the minor child of the deceased."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Franklin offered **House Amendment No. 1 to House Amendment No. 3.**

*House Amendment No. 1
to
House Amendment No. 3*

AMEND House Amendment No. 3 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 718, Page 2, Line 38, by deleting said line and inserting in lieu of the following:

"that he or she is the guardian ad litem of the minor child of the deceased.

191.1150. 1. This section shall be known as the "Caregiver, Advise, Record, and Enable (CARE) Act".

2. As used in this section, the following terms shall mean:

- (1) "Admission", a patient's admission into a hospital as an in-patient;
- (2) "After-care", assistance that is provided by a caregiver to a patient after the patient's discharge from a hospital that is related to the condition of the patient at the time of discharge, including assisting with activities of daily living, as defined in section 198.006; instrumental activities of daily living, as defined in section 198.006; or carrying out medical or nursing tasks as permitted by law;
- (3) "Ambulatory surgical center", as defined in section 197.200;
- (4) "Caregiver", an individual who is eighteen years of age or older, is duly designated as a caregiver by a patient under this section, and who provides after-care assistance to such patient in the patient's residence;
- (5) "Discharge", a patient's release from a hospital or an ambulatory surgical center to the patient's residence following an admission;
- (6) "Hospital", as defined in section 197.020;
- (7) "Residence", a dwelling that the patient considers to be his or her home. "Residence" shall not include:

- (c) A prison, jail, or other detention or correctional facility operated by the state or a political subdivision;
- (d) A residential facility, as defined in section 630.005;
- (e) A group home or developmental disability facility, as defined in section 633.005; or
- (f) Any other place of habitation provided by a public or private entity which bears legal or contractual responsibility for the care, control, or custody of the patient and which is compensated for doing so.

3. A hospital or ambulatory surgical center shall provide each patient or, if applicable, the patient's legal guardian with an opportunity to designate a caregiver following the patient's admission into a hospital or entry into an ambulatory surgical center and prior to the patient's discharge. Such designation shall include a written consent of the patient or the patient's legal guardian to release otherwise confidential medical information to the designated caregiver if such medical record would be needed to enable the completion of after-care tasks. The written consent shall be in compliance with federal and state laws concerning the release of personal health information. Prior to discharge, a patient may elect to change his or her caregiver in the event that the original designated caregiver becomes unavailable, unwilling, or unable to care for the patient. Designation of a caregiver by a patient or a patient's legal guardian does not obligate any person to arrange or perform any after-care tasks for the patient.

4. The hospital or ambulatory surgical center shall document the patient's or the patient's legal guardian's designation of caregiver, the relationship of the caregiver to the patient, and the caregiver's available contact information.

5. If the patient or the patient's legal guardian declines to designate a caregiver, the hospital or ambulatory surgical center shall document such information.

6. The hospital or ambulatory surgical center shall notify a patient's caregiver of the patient's discharge or transfer to another facility as soon as practicable, which may be after the patient's physician issues a discharge order. In the event that the hospital or ambulatory surgical center is unable to contact the designated caregiver, the lack of contact shall not interfere with, delay, or otherwise affect the medical care provided to the patient or an appropriate discharge of the patient. The hospital or ambulatory surgical center shall document the attempt to contact the caregiver.

7. Prior to being discharged, if the hospital or ambulatory surgical center is able to contact the caregiver and the caregiver is willing to assist, the hospital or ambulatory surgical center shall provide the caregiver with the patient's discharge plan, if such plan exists, or instructions for the after-care needs of the patient and give the caregiver the opportunity to ask questions about the after-care needs of the patient.

8. A hospital or ambulatory surgical center is not required nor obligated to determine the ability of a caregiver to understand or perform any of the after-care tasks outlined in this section.

9. Nothing in this section shall authorize or require compensation of a caregiver by a state agency or a health carrier, as defined in section 376.1350.

10. Nothing in this section shall require a hospital or ambulatory surgical center to take actions that are inconsistent with or duplicative of the standards of the federal Medicare program under Title XVIII of the

Social Security Act and its conditions of participation in the Code of Federal Regulations or the standards of a national accrediting organization with deeming authority under Section 1865(a)(1) of the Social Security Act.

11. Nothing in this section shall create a private right of action against a hospital, ambulatory surgical center, a hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship.

12. A hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall not be liable in any way for an act or omission of the caregiver.

13. No act or omission under this section by a hospital, ambulatory surgical center, hospital or ambulatory surgical center employee, or an individual with whom a hospital or ambulatory surgical center has a contractual relationship shall give rise to a citation, sanction, or any other adverse action by any licensing authority to whom such individual or entity is subject.

14. Nothing in this section shall be construed to interfere with the rights of an attorney-in-fact under a durable power of health care under sections 404.800 to 404.872.

15. The department of health and senior services shall provide ambulatory surgical centers and hospitals a standard form that may be used to satisfy the requirements of this section. Nothing in this section shall prohibit a hospital or ambulatory surgical center from continuing the use of a current patient communication or disclosure form to satisfy the requirements of this section, provided that the facility's current form is compliant with Centers for Medicare and Medicaid Services (CMS) standards and regulations."; and"; and

Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

~~[4-]~~ 5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

~~[5-]~~ 6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). This exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics where the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics where the main location of the hospital sponsor is greater than fifty miles from the clinic. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a

collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than ~~three~~ **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof**. 11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. "191.671. 1. No other section of this act shall apply to any insurer, health services corporation, or health maintenance organization licensed by the department of insurance, financial institutions and professional registration which conducts HIV testing only for the purposes of assessing a person's fitness for insurance coverage offered by such insurer, health services corporation, or health maintenance corporation, except that nothing in this section shall be construed to exempt any insurer, health services corporation or health maintenance organization in their capacity as employers from the provisions of section 191.665 relating to employment practices.

2. Upon renewal of any individual or group insurance policy, subscriber contractor health maintenance organization contract covering medical expenses, no insurer, health services corporation or health maintenance organization shall deny or alter coverage to any previously covered individual who has been diagnosed as having HIV infection or any HIV-related condition during the previous policy or contract period only because of such

diagnosis, nor shall any such insurer, health services corporation or health maintenance organization exclude coverage for treatment of such infection or condition with respect to any such individual. **The provisions of this subsection shall not apply to short-term major medical policies having a duration of less than one year.**

3. The director of the department of insurance, financial institutions and professional registration shall establish by regulation standards for the use of HIV testing by insurers, health services corporations and health maintenance organizations.

Disclosure of test results in violation of this section shall constitute a violation of sections 375.930 to 375.948 regulating trade practices in the business of insurance. Nothing in this subsection shall be construed to foreclose any remedies existing on June 1, 1988."; and

Further amend said bill, Page 1, Section 338.202, Line 16, by inserting after all of said section and line the following:

"376.008. 1. All short-term major medical policies delivered or issued for delivery in this state shall include on any application for coverage and on the fact page of all policies a conspicuous and clearly captioned paragraph stating:

This policy may not cover preexisting conditions, including conditions you may currently have and are unaware of but are not diagnosed until the policy's term. This policy may not cover certain essential health benefits, including prescription drugs, preventative care, and emergency services. Before you realize benefits under this policy, you may be responsible for a deductible and/or coinsurance. Be sure to discuss these items with your insurance broker before purchasing a short-term medical policy.

2. No short-term major medical policy shall be delivered or issued for delivery in this state until the prospective insured has confirmed receipt of a benefit summary statement. As used in this section, "benefit summary statement" shall mean a no more than two-page plain language explanation of the following:

(1) Coverage limits, if any, expressed in dollars for:

(a) Each occurrence;

(b) Each covered benefit including, but not limited to, any benefit that is or was a covered benefit for any duration or dollar amount during the contract period and anything included under subdivision (2) of this subsection; and

(c) Each contract period;

(2) Copayments and deductibles for each covered benefit including, but not limited to:

(a) Inpatient hospital care;

(b) Outpatient hospital care;

(c) Nonhospital inpatient care;

(d) Nonhospital outpatient care;

(e) Prescription drugs; and

(f) Emergency services; and

(3) Any copayment or deductible for an illness or affliction which differs from the copayment or deductible required to be described under subdivision (2) of this subsection.

376.385. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall offer coverage for all physician-prescribed medically appropriate and necessary equipment, supplies and self-management training used in the management and treatment of diabetes. Coverage shall include persons with gestational, type I or type II diabetes.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section may reduce or eliminate coverage due to the requirements of this section.

4. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, **short-term major medical policies having a duration of less than one year**, or other limited benefit health insurance policies.

376.429. 1. All health benefit plans, as defined in section 376.1350, that are delivered, issued for delivery, continued or renewed on or after August 28, 2006, and providing coverage to any resident of this state shall provide coverage for routine patient care costs as defined in subsection 7 of this section incurred as the result of phase II, III, or IV of a clinical trial that is approved by an entity listed in subsection 4 of this section and is undertaken for the purposes of the prevention, early detection, or treatment of cancer. Health benefit plans may limit coverage for the routine patient care costs of patients in phase II of a clinical trial to those treating facilities within the health benefit plans' provider network; except that, this provision shall not be construed as relieving a health benefit plan of the sufficiency of network requirements under state statute.

2. In the case of treatment under a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.

3. Coverage required by this section shall include coverage for routine patient care costs incurred for drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, including coverage for reasonable and medically necessary services needed to administer the drug or use the device under evaluation in the clinical trial.

4. Subsections 1 and 2 of this section requiring coverage for routine patient care costs shall apply to phase III or IV of clinical trials that are approved or funded by one of the following entities:

- (1) One of the National Institutes of Health (NIH);
- (2) An NIH cooperative group or center as defined in subsection 7 of this section;
- (3) The FDA in the form of an investigational new drug application;
- (4) The federal Departments of Veterans' Affairs or Defense;
- (5) An institutional review board in this state that has an appropriate assurance approved by the

Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects (45 CFR 46); or

- (6) A qualified research entity that meets the criteria for NIH Center support grant eligibility.

5. Subsections 1 and 2 of this section requiring coverage for routine patient care costs shall apply to phase II of clinical trials if:

(1) Phase II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and

(2) The person covered under this section is enrolled in the clinical trial. This section shall not apply to persons who are only following the protocol of phase II of a clinical trial, but not actually enrolled.

6. An entity seeking coverage for treatment, prevention, or early detection in a clinical trial approved by an institutional review board under subdivision (5) of subsection 4 of this section shall maintain and post electronically a list of the clinical trials meeting the requirements of subsections 2 and 3 of this section. This list shall include: the phase for which the clinical trial is approved; the entity approving the trial; the particular disease; and the number of participants in the trial. If the electronic posting is not practical, the entity seeking coverage shall periodically provide payers and providers in the state with a written list of trials providing the information required in this section.

7. As used in this section, the following terms shall mean:

(1) "Cooperative group", a formal network of facilities that collaborate on research projects and have an established NIH-approved Peer Review Program operating within the group, including the NCI Clinical Cooperative Group and the NCI Community Clinical Oncology Program;

(2) "Multiple project assurance contract", a contract between an institution and the federal Department of Health and Human Services (DHHS) that defines the relationship of the institution to the DHHS and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects;

(3) "Routine patient care costs" shall include coverage for reasonable and medically necessary services needed to administer the drug or device under evaluation in the clinical trial. Routine patient care costs include all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- (a) The investigational item or service itself;
- (b) Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- (c) Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

8. For the purpose of this section, providers participating in clinical trials shall obtain a patient's informed consent for participation on the clinical trial in a manner that is consistent with current legal and ethical standards. Such documents shall be made available to the health insurer upon request.

9. The provisions of this section shall not apply to a policy, plan or contract paid under Title XVIII or Title XIX of the Social Security Act.

10. Nothing in this section shall apply to any accident-only policy, specified disease policy, hospital indemnity policy, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or other limited benefit health insurance policies.

11. The provisions of this section regarding phase II of a clinical trial shall not apply automatically to an individually underwritten health benefit plan, but shall be an option to any such plan.

376.446. 1. Health carriers shall permit individuals to learn the amount of cost-sharing, including deductibles, copayments, and coinsurance, under the individual's health benefit plan or coverage that the individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider in a timely manner upon the request of the individual. At a minimum, such information shall be made available to such individual through an internet website and such other means for individuals without access to the internet. As used in this section, the terms "health carrier" and "health benefit plans" shall have the same meanings assigned to them in section 376.1350.

2. Health carriers shall permit individuals to learn the amount of cost-sharing, including deductibles, copayments, and coinsurance, under an individual's short-term major medical policy, having a duration of less than one year, that the individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider in a timely manner upon the request of the individual. At a minimum, such information shall be made available to such individual through an internet website and such other means for individuals without access to the internet.

~~[2.]~~ **3.** This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy ~~[short-term major medical policy of six months or less duration]~~, or any other supplemental policy.

~~[3.]~~ **4.** The provisions of subsections 1 and 2 shall become effective on January 1, 2014.

376.452. 1. Except as provided in this section, if a health insurance issuer offers health insurance coverage in the large group market in connection with a group health plan, the health insurance issuer shall renew or continue the coverage in force at the option of the plan sponsor. **The provisions of this subsection shall not apply to short-term major medical policies having a duration of less than one year.**

2. A health insurance issuer may nonrenew or discontinue health insurance coverage offered in connection with a group health plan in the large group market if:

(5) The health insurance issuer is ceasing to offer coverage in the large group market in accordance with subsection 3 of this section;

(6) In the case of a health insurance issuer that offers health insurance coverage in the large group market through a network plan, there is no longer any enrollee under the group health plan who lives, resides, or works in the service area of the health insurance issuer or in the area for which the issuer is authorized to do business;

(7) In the case of health insurance coverage that is made available in the large group market only through one or more bona fide associations, the membership of an employer in the bona fide association ceases, but only if coverage is terminated under this subdivision uniformly without regard to any health status-related factor of any covered individual.

3. A health insurance issuer shall not discontinue offering a particular type of group health insurance coverage offered in the large group market unless:

(1) The issuer provides notice to each plan sponsor, participant and beneficiary provided coverage of this type in the large group market of the discontinuation at least ninety days prior to the date of the discontinuation of the coverage;

(2) The issuer offers to each plan sponsor being provided coverage of this type in the large group market the option to purchase any other health insurance coverage currently being offered by the health insurance issuer to a group health plan in the large group market; and

3. In any case in which an issuer decides to discontinue offering a particular type of health insurance coverage offered in the individual market, coverage of such type may be discontinued by the issuer only if:

(1) The issuer provides notice to each covered individual provided coverage of this type in such market of such discontinuation at least ninety days prior to the date of the discontinuation of such coverage;

(2) The issuer offers to each individual in the individual market provided coverage of this type, the option to purchase any other individual health insurance coverage currently being offered by the issuer for individuals in such market; and

(3) In exercising the option to discontinue coverage of this type and in offering the option of coverage under subdivision (2) of this subsection, the issuer acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage.

4. (1) In any case in which a health insurance issuer elects to discontinue offering all health insurance coverage in the individual market in the state, health insurance coverage may be discontinued by the issuer only if:

For purposes of this subsection, renewal shall be deemed to occur not more often than annually on the anniversary of the effective date of the individual's health insurance coverage or as specified in the policy or contract.

6. In applying this section in the case of health insurance coverage that is made available by a health insurance issuer in the individual market to individuals only through one or more associations, a reference to an individual is deemed to include a reference to such an association of which the individual is a member.

7. An insurer shall provide a certification of creditable coverage as required by Public Law 104-191 and regulations pursuant thereto.

376.779. 1. All health plans or policies that are individually underwritten or provide for such coverage for specific individuals and the members of their families, which provide for hospital treatment, shall provide coverage, while confined in a hospital or in a residential or nonresidential facility certified by the department of mental health, for treatment of alcoholism on the same basis as coverage for any other illness, except that coverage may be limited to thirty days in any policy or contract benefit period. All Missouri individual contracts issued on or after January 1, 2005, shall be subject to this section. Coverage required by this section shall be included in the policy or contract and payment provided as for other coverage in the same policy or contract notwithstanding any construction or relationship of interdependent contracts or plans affecting coverage and payment of reimbursement prerequisites under the policy or contract.

2. Insurers, corporations or groups providing coverage may approve for payment or reimbursement vendors and programs providing services or treatment required by this section. Any vendor or person offering services or treatment subject to the provisions of this section and seeking approval for payment or reimbursement shall submit to the department of mental health a detailed description of the services or treatment program to be offered. Any notice of rejection shall contain a detailed statement of the reasons for rejection and the steps and procedures necessary for acceptance. Amended descriptions of services or treatment programs to be offered may be filed with the department of mental health. Any vendor or person rejected for approval of payment or reimbursement may modify their description and treatment program and submit

copies of the amended description to the department of mental health and to the insurer, corporation or group which rejected the original description.

All group health insurance policies providing coverage on an expense-incurred basis, all group service or indemnity contracts issued by a not-for-profit health service corporation, all self-insured group health benefit plans of any type or description, and all such health plans or policies that are individually underwritten or provide for such coverage for specific individuals and the members of their families as nongroup policies, which provide for hospital treatment, shall offer coverage for the necessary care and treatment of loss or impairment of speech or hearing subject to the same durational limits, dollar limits, deductibles and coinsurance factors as other covered services in such policies or contracts. 2. The offer of benefits under subsection 1 of this section shall be in writing and may be rejected by the individual or group policyholder.

3. 3. The offer required by sections 376.810 to 376.814 may be accepted or rejected by the group or individual policyholder or contract holder and, if accepted, shall fully and completely satisfy and substitute for the coverage under section 376.779. Nothing in sections 376.810 to 376.814 shall prohibit an insurance company, health services corporation or health maintenance organization from including all or part of the coverages set forth in sections 376.810 to 376.814 as standard coverage in their policies or contracts issued in this state.

4. Every insurance company, health services corporation and health maintenance organization doing business in this state shall offer in all health insurance policies mental health benefits or coverage as part of the policy or as a supplement to the policy. 6. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

3. Coverage provided under this section is limited to medically necessary treatment that is provided by a licensed treating physician, psychiatrist, psychologist, professional counselor, clinical social worker, or licensed

marital and family therapist pursuant to the powers granted under such licensed physician's, psychiatrist's, psychologist's, professional counselor's, clinical social worker's, or licensed marital and family therapist's license and acting within their applicable scope of coverage, in accordance with a treatment plan.

4. The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

5. Medical necessity determinations and care management for the treatment of eating disorders shall consider the overall medical and mental health needs of the individual with an eating disorder, shall not be based solely on weight, and shall take into consideration the most recent Practice Guideline for the Treatment of Patients with Eating Disorders adopted by the American Psychiatric Association in addition to current standards based upon the medical literature generally recognized as authoritative in the medical community.

376.1192. 1. As used in this section, "health benefit plan" and "health carrier" shall have the same meaning as such terms are defined in section 376.1350.

3. By December 31, 2013, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker of the house of representatives, the president pro tempore of the senate, and the chairpersons of the house of representatives committee on health insurance and the senate small business, insurance and industry committee, or the committees having jurisdiction over health insurance issues if the preceding committees no longer exist.

4. For the purposes of this section, the actuarial analysis of health benefit plan coverage shall assume that such coverage:

(1) Shall not be subject to any greater deductible or co-payment than other health care services provided by the health benefit plan; and

(2) Shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy.

376.1199. 1. Each health carrier or health benefit plan that offers or issues health benefit plans providing obstetrical/gynecological benefits and pharmaceutical coverage, which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall:

(1) Notwithstanding the provisions of subsection 4 of section 354.618, provide enrollees with direct access to the services of a participating obstetrician, participating gynecologist or participating obstetrician/gynecologist of her choice within the provider network for covered services. The services covered by this subdivision shall be limited to those services defined by the published recommendations of the accreditation council for graduate medical education for training an obstetrician, gynecologist or obstetrician/gynecologist, including but not limited to diagnosis, treatment and referral for such services. A health carrier shall not impose additional co-payments, coinsurance or deductibles upon any enrollee who seeks or receives health care services pursuant to this subdivision, unless similar additional co-payments, coinsurance or deductibles are imposed for other types of health care services received within the provider network. Nothing in this subsection shall be construed to require a health carrier to perform, induce, pay for, reimburse, guarantee, arrange, provide any resources for or refer a patient for an abortion, as defined in section 188.015, other than a spontaneous abortion or to prevent the death of the female upon whom the abortion is performed, or to supersede or conflict with section 376.805; and

(2) Notify enrollees annually of cancer screenings covered by the enrollees' health benefit plan and the current American Cancer Society guidelines for all cancer screenings or notify enrollees at intervals consistent with current American Cancer Society guidelines of cancer screenings which are covered by the enrollees' health benefit plans. The notice shall be delivered by mail unless the enrollee and health carrier have agreed on another method of notification; and

(3) Include coverage for services related to diagnosis, treatment and appropriate management of osteoporosis when such services are provided by a person licensed to practice medicine and surgery in this state, for individuals with a condition or medical history for which bone mass measurement is medically indicated for such individual. In determining whether testing or treatment is medically appropriate, due consideration shall be given to peer-reviewed medical literature. A policy, provision, contract, plan or agreement may apply to such services the same deductibles, coinsurance and other limitations as apply to other covered services; and

(4) If the health benefit plan also provides coverage for pharmaceutical benefits, provide coverage for contraceptives either at no charge or at the same level of deductible, coinsurance or co-payment as any other covered drug.

No such deductible, coinsurance or co-payment shall be greater than any drug on the health benefit plan's formulary. As used in this section, "contraceptive" shall include all prescription drugs and devices approved by the federal Food and Drug Administration for use as a contraceptive, but shall exclude all drugs and devices that are intended to induce an abortion, as defined in section 188.015, which shall be subject to section 376.805. Nothing in this subdivision shall be construed to exclude coverage for prescription contraceptive drugs or devices ordered by a health care provider with prescriptive authority for reasons other than contraceptive or abortion purposes.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding the provisions of subdivision (4) of subsection 1 of this section to the contrary:

(1) Any health carrier shall offer and issue to any person or entity purchasing a health benefit plan, a health benefit plan that excludes coverage for contraceptives if the use or provision of such contraceptives is contrary to the moral, ethical or religious beliefs or tenets of such person or entity;

(2) Upon request of an enrollee who is a member of a group health benefit plan and who states that the use or provision of contraceptives is contrary to his or her moral, ethical or religious beliefs, any health carrier shall issue to or on behalf of such enrollee a policy form that excludes coverage for contraceptives. Any administrative costs to a group health benefit plan associated with such exclusion of coverage not offset by the decreased costs of providing coverage shall be borne by the group policyholder or group plan holder;

(3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section. For purposes of this subsection, if new premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a health benefit plan that includes coverage for contraceptives.

6. Any health benefit plan issued pursuant to subsection 1 of this section shall provide clear and conspicuous written notice on the enrollment form or any accompanying materials to the enrollment form and the group health benefit plan application and contract:

- (1) Whether coverage for contraceptives is or is not included;
- (2) That an enrollee who is a member of a group health benefit plan with coverage for contraceptives has the right to exclude coverage for contraceptives if such coverage is contrary to his or her moral, ethical or religious beliefs;
- (3) That an enrollee who is a member of a group health benefit plan without coverage for contraceptives has the right to purchase coverage for contraceptives;
- (4) Whether an optional rider for elective abortions has been purchased by the group contract holder pursuant to section 376.805; and
- (5) That an enrollee who is a member of a group health plan with coverage for elective abortions has the right to exclude and not pay for coverage for elective abortions if such coverage is contrary to his or her moral, ethical, or religious beliefs.

For purposes of this subsection, if new premiums are charged for a contract, plan, or policy, it shall be determined to be a new contract, plan, or policy.

7. Health carriers shall not disclose to the person or entity who purchased the health benefit plan the names of enrollees who exclude coverage for contraceptives in the health benefit plan or who purchase a health benefit plan that includes coverage for contraceptives. Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a health benefit plan that includes coverage for contraceptives.

8. The departments of health and senior services and insurance, financial institutions and professional registration may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1996, shall offer coverage for the treatment of breast cancer by dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants when performed pursuant to nationally accepted peer review protocols utilized by breast cancer treatment centers experienced in dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants. The offer of benefits under this section shall be in writing and must be accepted in writing by the individual or group policyholder or contract holder.

2. Such health care service shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan, except that the policy, contract or plan may contain a provision imposing a lifetime benefit maximum of not less than one hundred thousand dollars, for dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants for breast cancer treatment.

3. Benefits may be administered for such health care service through a managed care program of exclusive and/or preferred contractual arrangements with one or more providers rendering such health care service. These contractual arrangements may provide that the provider shall hold the patient harmless for the cost of rendering such health care service if it is subsequently found by the entity authorized to resolve disputes that:

- (1) Such care did not qualify under the protocols established for the providing of care for such health care service;
- (2) Such care was not medically appropriate; or
- (3) The provider otherwise failed to comply with the utilization management or other managed care provision agreed to in any contract between the entity and the provider.

4. The provisions of this section shall not apply to short-term travel, accident-only, limited or specified disease policies, or to short-term nonrenewable policies [~~of not more than seven months duration~~] **having a duration of less than one year.**

5. Nothing in this section shall prohibit an entity from including all or part of such health care services as standard coverage in its policies, contracts or plans.

376.1209. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that provide coverage for the surgical procedure known as a mastectomy, and which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall provide coverage for prosthetic devices or reconstructive surgery necessary to restore symmetry as recommended by the oncologist or primary care physician for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the same deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits with the exception that no time limit shall be imposed on an individual for the receipt of prosthetic devices or reconstructive surgery and if such individual changes his or her insurer, then the new policy subject to the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, shall provide coverage consistent with the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, and any regulations promulgated pursuant to such act.

2. As used in this section, the term "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a physician licensed pursuant to chapter 334.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, **short-term major medical policy having a duration of less than one year**, or long-term care policy.

Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, shall provide coverage for a minimum of forty-eight hours of inpatient care following a vaginal delivery and a minimum of ninety-six hours of inpatient care following a cesarean section for a mother and her newly born child in a hospital as defined in section 197.020 or any other health care facility licensed to provide obstetrical care under the provisions of chapter 197.

2. Notwithstanding the provisions of subsection 1 of this section, any entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, may authorize a shorter length of hospital stay for services related to maternity and newborn care if:

(1) A shorter hospital stay meets with the approval of the attending physician after consulting with the mother. The physician's approval to discharge shall be made in accordance with the most current version of the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization; and

(2) The entity providing the individual or group health insurance policy provides coverage for post-discharge care to the mother and her newborn.

3. Post-discharge care shall consist of a minimum of two visits at least one of which shall be in the home, in accordance with accepted maternal and neonatal physical assessments, by a registered professional nurse with experience in maternal and child health nursing or a physician. Such services shall be in accordance with the medical criteria outlined in the most current

Any abnormality, in the condition of the mother or the child, observed by the nurse shall be reported to the attending physician as medically appropriate.

4. For the purposes of this section, "attending physician" shall include the attending obstetrician, pediatrician, or other physician attending the mother or newly born child.

5. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide notice to policyholders, insured persons and participants regarding the coverage required by this section. Such notice shall be in writing and prominently positioned in the policy, certificate of coverage or summary plan description.

6. Such health care service shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

7. No insurer may provide financial disincentives to, or deselect, terminate the services of, require additional documentation from, require additional utilization review, or reduce payments to, or otherwise penalize the attending physician in retaliation solely for ordering care consistent with the provisions of this section.

8. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.

9. The department of insurance, financial institutions and professional registration shall adopt rules and regulations to implement and enforce the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.1215. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization and all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide coverage for immunizations of a child from birth to five years of age as provided by department of health and senior services regulations.

2. Such coverage shall not be subject to any deductible or co-payment limits.

3. The contract issued by a health maintenance organization may provide that the benefits required pursuant to this section shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization, except that the health maintenance organization shall, as a condition of participation, comply with the immunization requirements of state or federally funded health programs.

4. This section shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, and other supplemental policies as determined by the department of insurance, financial institutions and professional registration.

5. The department of health and senior services shall promulgate rules and regulations to determine which immunizations shall be covered by policies, plans or contracts described in this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

6. No health care provider shall charge more than one hundred percent of the reasonable and customary charges for providing any immunization.

376.1218. 1. Any health carrier or health benefit plan that offers or issues health benefit plans, other than Medicaid health benefit plans, which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2006, shall provide coverage for early intervention services described in this section that are delivered by early intervention specialists who are health care professionals licensed by the state of Missouri and acting within the scope of their professions for children from birth to age three identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage shall be limited to three thousand dollars for each covered child per policy per calendar year, with a maximum of nine thousand dollars per child.

2. As used in this section, "health carrier" and "health benefit plan" shall have the same meaning as such terms are defined in section 376.1350.

3. In the event that any health benefit plan is found not to be required to provide coverage under subsection 1 of this section because of preemption by a federal law, including but not limited to the act commonly known as ERISA contained in Title 29 of the United States Code, or in the event that subsection 1 of this section is found to be unconstitutional, then the lead agency shall be responsible for payment and provision of any benefit provided under this section.

4. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy, and assistive technology devices for children from birth to age three who are identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Early intervention services shall include services under an active individualized family service plan that enhance functional ability without effecting a cure. An individualized family service plan is a written plan for providing early intervention services to an eligible child and the child's family that is adopted in accordance with 20 U.S.C. Section 1436. The Part C early intervention system, on behalf of its contracted regional Part C early intervention system centers and providers, shall be considered the rendering provider of services for purposes of this section.

5. No payment made for specified early intervention services shall be applied by the health carrier or health benefit plan against any maximum lifetime aggregate specified in the policy or health benefit plan if the carrier opts to satisfy its obligations under this section under subdivision (2) of subsection 7 of this section. A health benefit plan shall be billed at the applicable Medicaid rate at the time the covered benefit is delivered, and the health benefit plan shall pay the Part C early intervention system at such rate for benefits covered by this section. Services under the Part C early intervention system shall be delivered as prescribed by the individualized family service plan and an electronic claim filed in accordance with the carrier's or plan's standard format. Beginning January 1, 2007, such claims' payments shall be made in accordance with the provisions of sections 376.383 and 376.384.

6. The health care service required by this section shall not be subject to any greater deductible, co-payment, or coinsurance than other similar health care services provided by the health benefit plan.

7. (1) Subject to the provisions of this section, payments made during a calendar year by a health carrier or group of carriers affiliated by or under common ownership or control to the Part C early intervention system for services provided to children covered by the Part C early intervention system shall not exceed one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement.

(2) In lieu of reimbursing claims under this section, a carrier or group of carriers affiliated by or under common ownership or control may, on behalf of all of the carrier's or carriers' health benefit plan or plans providing coverage under this section, directly pay the Part C early intervention system by January thirty-first of the calendar year an amount equal to one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement, or five hundred thousand dollars, whichever is less, and such payment shall constitute full and complete satisfaction of the health benefit plan's obligation for the calendar year. Nothing in this subsection shall require a health carrier or health benefit plan providing coverage under this section to amend or modify any provision of an existing policy or plan relating to the payment or reimbursement of claims by the health carrier or health benefit plan.

8. This section shall not apply to a supplemental insurance policy, including a life care contract, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical care policy, policy that is individually underwritten or provides such coverage for specific individuals and members of their families, long-term care policy, or short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year.**

9. Except for health carriers or health benefit plans making payments under subdivision (2) of subsection 7 of this section, the department of insurance, financial institutions and professional registration shall collect data related to the number of children receiving private insurance coverage under this section and the total amount of moneys paid on behalf of such children by private health carriers or health benefit plans. The department shall report to the general assembly regarding the department's findings no later than January 30, 2007, and annually thereafter.

10. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall not sunset.

376.1219. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual and group health service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance

organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after September 1, 1997, shall provide coverage for formula and low protein modified food products recommended by a physician for the treatment of a patient with phenylketonuria or any inherited disease of amino and organic acids who is covered under the policy, contract, or plan and who is less than six years of age.

2. For purposes of this section, "low protein modified food products" means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a physician for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

3. The coverage required by this section may be subject to the same deductible for similar health care services provided by the policy, contract, or plan as well as a reasonable coinsurance or co-payment on the part of the insured, which shall not be greater than fifty percent of the cost of the formula and food products, and may be subject to an annual benefit maximum of not less than five thousand dollars per covered child. Nothing in this section shall prohibit a carrier from using individual case management or from contracting with vendors of the formula and food products.

4. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, **short-term major medical policy having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1220. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual or group health service, or indemnity contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state shall provide coverage for newborn hearing screening, necessary rescreening, audiological assessment and follow-up, and initial amplification.

2. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

3. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Coverage for newborn hearing screening and any necessary rescreening and audiological assessment shall be provided to newborns eligible for medical assistance pursuant to section 208.151, and the children's health program pursuant to sections 208.631 to 208.660, with payment for the newborn hearing screening required in section 191.925, and any necessary rescreening, audiological assessment and follow-up, and amplification as described in section 191.928.

(3) "Autism spectrum disorders", a neurobiological disorder, an illness of the nervous system, which includes Autistic Disorder, Asperger's Disorder, Pervasive Developmental Disorder Not Otherwise Specified, Rett's Disorder, and Childhood Disintegrative Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association;

(4) "Diagnosis of autism spectrum disorders", medically necessary assessments, evaluations, or tests in order to diagnose whether an individual has an autism spectrum disorder;

(5) "Habilitative or rehabilitative care", professional, counseling, and guidance services and treatment programs, including applied behavior analysis, that are necessary to develop the functioning of an individual;

(c) Habilitative or rehabilitative care, including applied behavior analysis therapy;

(d) Therapeutic care;

(e) Pharmacy care.

2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

3. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder.

4. (1) Coverage provided under this section is limited to medically necessary treatment that is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license, in accordance with a treatment plan.

(2) The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual being treated for an autism spectrum disorder and shall not apply to all individuals being treated for autism spectrum disorders by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not

be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. The maximum benefit limitation for applied behavior analysis described in subsection 5 of this section shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially published by the United States Department of Labor, or its successor agency. Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 of this section shall apply to this subsection.

8. This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

9. To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

- (1) The autism service provider, as defined in this section; or
- (2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

10. Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

11. The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms "employees" and "health care plans" shall have the same meaning ascribed to them in section 103.003.

12. The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, 2011:

- (1) All self-insured governmental plans, as that term is defined in 29 U.S.C. Section 1002(32);
- (2) All self-insured group arrangements, to the extent not preempted by federal law;
- (3) All plans provided through a multiple employer welfare arrangement, or plans provided through another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, or any waiver or exception to that act provided under federal law or regulation; and
- (4) All self-insured school district health plans.

13. The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

14. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy.

15. Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

16. The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18. The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

19. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

(a) The total number of insureds diagnosed with autism spectrum disorder;

(b) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this section;

(c) The cost of such coverage per insured per month; and

(d) The average cost per insured for coverage of applied behavior analysis;

(2) All health carriers and health benefit plans subject to the provisions of this section shall provide the department with the data requested by the department for inclusion in the annual report.

376.1225. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1998, shall provide coverage for administration of general anesthesia and hospital charges for dental care provided to the following covered persons:

(1) A child under the age of five;

(2) A person who is severely disabled; or

(3) A person who has a medical or behavioral condition which requires hospitalization or general anesthesia when dental care is provided.

2. Each plan as described in this section must provide coverage for administration of general anesthesia and hospital or office charges for treatment rendered by a dentist, regardless of whether the services are provided in a participating hospital or surgical center or office.

3. Nothing in this section shall prevent a health carrier from requiring prior authorization for hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions.

4. Nothing in this section shall apply to accident-only, dental-only plans or other specified disease, hospital indemnity, Medicare supplement or long-term care policies, or short-term major medical policies ~~[of six months or less in duration]~~ **having a duration of less than one year.**

376.1230. 1. Every policy issued by a health carrier, as defined in section 376.1350, shall provide coverage for chiropractic care delivered by a licensed chiropractor acting within the scope of his or her practice as defined in chapter 331. The coverage shall include initial diagnosis and clinically appropriate and medically necessary services and supplies required to treat the diagnosed disorder, subject to the terms and conditions of the policy. The coverage may be limited to chiropractors within the health carrier's network, and nothing in this section shall be construed to require a health carrier to contract with a chiropractor not in the carrier's network nor shall a carrier be required to reimburse for services rendered by a nonnetwork chiropractor unless prior approval has been obtained from the carrier by the enrollee. An enrollee may access chiropractic care within the network for a total of twenty-six chiropractic physician office visits per policy period, but may be required to provide the health carrier with notice prior to any additional visit as a condition of coverage. A health carrier may require prior authorization or notification before any follow-up diagnostic tests are ordered by a chiropractor or for any office visits for

treatment in excess of twenty-six in any policy period. The certificate of coverage for any health benefit plan issued by a health carrier shall clearly state the availability of chiropractic coverage under the policy and any limitations, conditions, and exclusions.

2. A health benefit plan shall provide coverage for treatment of a chiropractic care condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a chiropractic care condition than for access to treatment for another physical health condition.

3. The provisions of this section shall not apply to any health plan or contract that is individually underwritten.

4. The provisions of this section shall not apply to benefits provided under the Medicaid program.

5. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other similar supplemental policy.

376.1232. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2010, shall offer coverage for prosthetic devices and services, including original and replacement devices, as prescribed by a physician acting within the scope of his or her practice.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The amount of the benefit for prosthetic devices and services under this section shall be no less than the annual and lifetime benefit maximums applicable to the basic health care services required to be provided under the health benefit plan. If the health benefit plan does not include any annual or lifetime maximums applicable to basic health care services, the amount of the benefit for prosthetic devices and services shall not be subject to an annual or lifetime maximum benefit level. Any co-payment, coinsurance, deductible, and maximum out-of-pocket amount applied to the benefit for prosthetic devices and services shall be no more than the most common amounts applied to the basic health care services required to be provided under the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1235. 1. No health carrier or health benefit plan, as defined in section 376.1350, shall impose a co-payment or coinsurance percentage charged to the insured for services rendered for each date of service by a physical therapist licensed under chapter 334 or an occupational therapist licensed under chapter 324, for services that require a prescription, that is greater than the co-payment or coinsurance percentage charged to the insured for the services of a primary care physician licensed under chapter 334 for an office visit.

2. A health carrier or health benefit plan shall clearly state the availability of physical therapy and occupational therapy coverage under its plan and all related limitations, conditions, and exclusions.

3. Beginning September 1, 2016, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if the provisions of this section regarding occupational therapy coverage were enacted. By December 31, 2016, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker, the president pro tem, and the chairpersons of both the house of representatives and senate standing committees having jurisdiction over health insurance matters. If the fiscal note cost estimation is less than the cost of an actuarial analysis, the actuarial analysis requirement shall be waived.

4. This section shall not apply to short-term major medical policies having a duration of less than one year."; and

Further amend said bill, Page 2, Section 376.1237, Lines 12-17, by deleting said lines and inserting in lieu thereof the following:

Such coverage shall be subject to the same deductible and coinsurance conditions applied to other specialist referrals and all other terms and conditions applicable to other benefits, including the prior authorization and/or referral authorization requirements as specified in the applicable health insurance policy.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

(2) "Covered person", a policyholder, subscriber, enrollee, or other individual enrolled in or insured by a health benefit plan for health insurance coverage;

(3) "Health benefit plan", shall have the same meaning as defined in section 376.1350.

2. Any health benefit plan that provides coverage and benefits for cancer treatment shall provide coverage of prescribed orally administered anticancer medications on a basis no less favorable than intravenously administered or injected anticancer medications.

3. Coverage of orally administered anticancer medication shall not be subject to any prior authorization, dollar limit, co-payment, deductible, or other out-of-pocket expense that does not apply to intravenously administered or injected anticancer medication, regardless of formulation or benefit category determination by the company administering the health benefit plan.

4. The health benefit plan shall not reclassify or increase any type of cost-sharing to the covered person for anticancer medications in order to achieve compliance with this section. Any change in health insurance coverage, which otherwise increases an out-of-pocket expense to anticancer medications, shall be applied to the majority of comparable medical or pharmaceutical benefits covered by the health benefit plan.

5. Notwithstanding the provisions of subsections 2, 3, and 4 of this section, a health benefit plan that limits the total amounts paid by a covered person through all cost-sharing requirements to no more than seventy-five dollars per thirty-day supply for any orally administered anticancer medication shall be considered in compliance with this section. On January 1, 2016, and on January first of each year thereafter, a health benefit plan may adjust such seventy-five dollar limit. The adjustment shall not exceed the Consumer Price Index for All Urban Consumers Midwest Region for that year. For purposes of this subsection "cost-sharing requirements" shall include co-payments, coinsurance, deductibles, and any other amounts paid by the covered person for that prescription.

6. For a health benefit plan that meets the definition of "high deductible health plan" as defined by 26 U.S.C. 223(c)(2), the provisions of subsection 5 of this section shall only apply after a covered person's deductible has been satisfied for the year.

7. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.

8. The provisions of this section shall become effective January 1, 2015.

376.1275. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2003, shall include coverage for their members for the cost for human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing must be performed in a facility which is accredited by the American Association of Blood Banks or its successors, and is licensed under the Clinical Laboratory Improvement Act, 42 U.S.C. Section 263a, as amended, and is accredited by the American Association of Blood Banks or its successors, the College of American Pathologists, the American Society for Histocompatibility and Immunogenetics (ASHI) or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists. At the time of testing, the person being tested must complete and sign an informed consent form which also authorizes the results of the test to be used for participation in the National Marrow Donor Program. The health benefit plan may limit each enrollee to one such testing per lifetime to be reimbursed at a cost of no greater than seventy-five dollars by the health carrier or health benefit plan.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1290. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall offer coverage for testing pregnant women for lead poisoning and for all testing for lead poisoning authorized by sections 701.340 to 701.349 or by rule of the department of health and senior services promulgated pursuant to sections 701.340 to 701.349.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section shall reduce or eliminate coverage as a result of the requirements of this section.

4. Nothing in this section shall apply to **short-term major medical policies having a duration of one year or less, or to** accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care or other limited benefit health insurance policies.

376.1400. 1. Every health insurance carrier offering policies of insurance in this state shall use standardized information for the explanation of benefits given to the health care provider whenever a claim is paid or denied. As used in this section, the term "health insurance carrier" shall have the meaning given to "health carrier" in section 376.1350. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, other limited benefit health insurance policies.

2. The standardized information shall contain the following:

- (1) The name of the insured;
- (2) The insured's identification number;
- (3) The date of service;
- (4) Amount of charge;
- (5) Explanation for any denial;
- (6) The amount paid;
- (7) The patient's full name;
- (8) The name and address of the insurer; and
- (9) The phone number to contact for questions on explanation of benefits.

3. All health insurance carriers shall use the standard explanation of benefits information after January 1, 2002.

376.1550. 1. Notwithstanding any other provision of law to the contrary, each health carrier that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2005, shall provide coverage for a mental health condition, as defined in this section, and shall comply with the following provisions:

(1) A health benefit plan shall provide coverage for treatment of a mental health condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a mental health condition than for access to treatment for a physical health condition. Any deductible or out-of-pocket limits required by a health carrier or health benefit plan shall be comprehensive for coverage of all health conditions, whether mental or physical;

(2) The coverages set forth in this subsection:

- (a) May be administered pursuant to a managed care program established by the health carrier; and
- (b) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri;

(3) A health benefit plan that does not otherwise provide for management of care under the plan or that does not provide for the same degree of management of care for all health conditions may provide coverage for treatment of mental health conditions through a managed care organization; provided that the managed care organization is in compliance with rules adopted by the department of insurance, financial institutions and professional registration that assure that the system for delivery of treatment for mental health conditions does not diminish or negate the purpose of this section. The rules adopted by the director shall assure that:

- (a) Timely and appropriate access to care is available;
- (b) The quantity, location, and specialty distribution of health care providers is adequate; and
- (c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term "health insurance policy" as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term "health insurance policy" shall include group coverage.

2. As used in this section, the following terms mean:

- (1) "Chemical dependency", the psychological or physiological dependence upon and abuse of drugs, including alcohol, characterized by drug tolerance or withdrawal and impairment of social or occupational role functioning or both;
- (2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;
- (3) "Health carrier", the same meaning as such term is defined in section 376.1350;
- (4) "Mental health condition", any condition or disorder defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders except for chemical dependency;

(5) "Managed care organization", any financing mechanism or system that manages care delivery for its members or subscribers, including health maintenance organizations and any other similar health care delivery system or organization;

(6) "Rate, term, or condition", any lifetime or annual payment limits, deductibles, co-payments, coinsurance, and other cost-sharing requirements, out-of-pocket limits, visit limits, and any other financial component of a health benefit plan that affects the insured.

3. This section shall not apply to a health plan or policy that is individually underwritten or provides such coverage for specific individuals and members of their families pursuant to section 376.779, sections 376.810 to 376.814, and sections 376.825 to 376.836, a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

5. The provisions of this section shall not be violated if the insurer decides to apply different limits or exclude entirely from coverage the following:

- (1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;
- (2) Services rendered or billed by a school or halfway house;
- (3) Care that is custodial in nature;
- (4) Services and supplies that are not immediately nor clinically appropriate; or
- (5) Treatments that are considered experimental.

6. The director shall grant a policyholder a waiver from the provisions of this section if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that compliance with this section has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder. The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

376.1900. 1. As used in this section, the following terms shall mean:

(1) "Electronic visit", or "e-visit", an online electronic medical evaluation and management service completed using a secured web-based or similar electronic-based communications network for a single patient encounter. An electronic visit shall be initiated by a patient or by the guardian of a patient with the health care provider, be completed using a federal Health Insurance Portability and Accountability Act (HIPAA)-compliant online connection, and include a permanent record of the electronic visit;

(2) "Health benefit plan" shall have the same meaning ascribed to it in section 376.1350;

(3) "Health care provider" shall have the same meaning ascribed to it in section 376.1350;

(4) "Health care service", a service for the diagnosis, prevention, treatment, cure or relief of a physical or mental health condition, illness, injury or disease;

(5) "Health carrier" shall have the same meaning ascribed to it in section 376.1350;

(6) "Telehealth" shall have the same meaning ascribed to it in section 208.670.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, shall not deny coverage for a health care service on the basis that the health care service is provided through telehealth if the same service would be covered if provided through face-to-face diagnosis, consultation, or treatment.

3. A health carrier may not exclude an otherwise covered health care service from coverage solely because the service is provided through telehealth rather than face-to-face consultation or contact between a health care provider and a patient.

4. A health carrier shall not be required to reimburse a telehealth provider or a consulting provider for site origination fees or costs for the provision of telehealth services; however, subject to correct coding, a health carrier shall reimburse a health care provider for the diagnosis, consultation, or treatment of an insured or enrollee when the health care service is delivered through telehealth on the same basis that the health carrier covers the service when it is delivered in person.

5. A health care service provided through telehealth shall not be subject to any greater deductible, co-payment, or coinsurance amount than would be applicable if the same health care service was provided through face-to-face diagnosis, consultation, or treatment.

6. A health carrier shall not impose upon any person receiving benefits under this section any co-payment, coinsurance, or deductible amount, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services that is not equally imposed upon all terms and services covered under the policy, contract, or health benefit plan.

7. Nothing in this section shall preclude a health carrier from undertaking utilization review to determine the appropriateness of telehealth as a means of delivering a health care service, provided that the determinations shall be made in the same manner as those regarding the same service when it is delivered in person.

8. A health carrier or health benefit plan may limit coverage for health care services that are provided through telehealth to health care providers that are in a network approved by the plan or the health carrier.

9. Nothing in this section shall be construed to require a health care provider to be physically present with a patient where the patient is located unless the health care provider who is providing health care services by means of telehealth determines that the presence of a health care provider is necessary.

10. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration. - (3) Preparing and submitting time sheets, signed by both the consumer and personal care attendant, to the vendor on a biweekly basis;
- (4) Promptly notifying the department within ten days of any changes in circumstances affecting the personal care assistance services plan or in the consumer's place of residence;
- (5) Reporting any problems resulting from the quality of services rendered by the personal care attendant to the vendor. If the consumer is unable to resolve any problems resulting from the quality of service rendered by the personal care attendant with the vendor, the consumer shall report the situation to the department; ~~and~~
- (6) Providing the vendor with all necessary information to complete required paperwork for establishing the employer identification number; **and**
- (7) **Allowing the vendor to comply with its quality assurance and supervision process, which shall include, but not be limited to, bi-annual face-to-face home visits and monthly case management activities.**

2. Participating vendors shall be responsible for:

- (1) Collecting time sheets or reviewing reports of delivered services and certifying the accuracy thereof;
- (2) The Medicaid reimbursement process, including the filing of claims and reporting data to the department as required by rule;

(3) Transmitting the individual payment directly to the personal care attendant on behalf of the consumer;
 (4) Monitoring the performance of the personal care assistance services plan. **Such monitoring shall occur during the bi-annual face-to-face home visits under section 208.918. The vendor shall document whether the attendant was present and if services are being provided to the consumer as set forth in the plan of care.**

3. No state or federal financial assistance shall be authorized or expended to pay for services provided to a consumer under sections 208.900 to 208.927, if the primary benefit of the services is to the household unit, or is a household task that the members of the consumer's household may reasonably be expected to share or do for one another when they live in the same household, unless such service is above and beyond typical activities household members may reasonably provide for another household member without a disability.

4. No state or federal financial assistance shall be authorized or expended to pay for personal care assistance services provided by a personal care attendant who is listed on any of the background check lists in the family care safety registry under sections 210.900 to ~~[210.937]~~ **210.936**, unless a good cause waiver is first obtained from the department in accordance with section 192.2495.

5. (1) All vendors shall, by July 1, 2015, have, maintain, and use a telephone tracking system for the purpose of reporting and verifying the delivery of consumer-directed services as authorized by the department of health and senior services or its designee. ~~[Use of such a system prior to July 1, 2015, shall be voluntary.]~~ The telephone tracking system shall be used to process payroll for employees and for submitting claims for reimbursement to the MO HealthNet division. At a minimum, the telephone tracking system shall:

- (a) Record the exact date services are delivered;
- (b) Record the exact time the services begin and exact time the services end;
- (c) Verify the telephone number from which the services are registered;
- (d) Verify that the number from which the call is placed is a telephone number unique to the client;
- (e) Require a personal identification number unique to each personal care attendant;
- (f) Be capable of producing reports of services delivered, tasks performed, client identity, beginning and ending times of service and date of service in summary fashion that constitute adequate documentation of service; and

- (g) Be capable of producing reimbursement requests for consumer approval that assures accuracy and compliance with program expectations for both the consumer and vendor.

(2) ~~[The department of health and senior services, in collaboration with other appropriate agencies, including centers for independent living, shall establish telephone tracking system pilot projects, implemented in two regions of the state, with one in an urban area and one in a rural area. Each pilot project shall meet the requirements of this section and section 208.918. The department of health and senior services shall, by December 31, 2013, submit a report to the governor and general assembly detailing the outcomes of these pilot projects. The report shall take into consideration the impact of a telephone tracking system on the quality of the services delivered to the consumer and the principles of self-directed care.~~

~~—(3)]~~ As new technology becomes available, the department may allow use of a more advanced tracking system, provided that such system is at least as capable of meeting the requirements of this subsection.

~~[(4)]~~ (3) The department of health and senior services shall promulgate by rule the minimum necessary criteria of the telephone tracking system. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2010, shall be invalid and void.

~~[6. In the event that a consensus between centers for independent living and representatives from the executive branch cannot be reached, the telephony report issued to the general assembly and governor shall include a minority report which shall detail those elements of substantial dissent from the main report.~~

~~—7. No interested party, including a center for independent living, shall be required to contract with any particular vendor or provider of telephony services nor bear the full cost of the pilot program.]~~

208.918. 1. In order to qualify for an agreement with the department, the vendor shall have a philosophy that promotes the consumer's ability to live independently in the most integrated setting or the maximum community inclusion of persons with physical disabilities, and shall demonstrate the ability to provide, directly or through contract, the following services:

(1) Orientation of consumers concerning the responsibilities of being an employer[;] **and supervision of personal care attendants including the preparation and verification of time sheets. Such orientation shall include notifying consumers that falsification of personal care attendant time sheets shall be considered fraud and shall be reported to the department;**

- (2) Training for consumers about the recruitment and training of personal care attendants;
- (3) Maintenance of a list of persons eligible to be a personal care attendant;
- (4) Processing of inquiries and problems received from consumers and personal care attendants;
- (5) Ensuring the personal care attendants are registered with the family care safety registry as provided in sections 210.900 to ~~[210.937]~~ **210.936**; and
- (6) The capacity to provide fiscal conduit services through a telephone tracking system by the date required under section 208.909.

2. In order to maintain its agreement with the department, a vendor shall comply with the provisions of subsection 1 of this section and shall:

(2) **Attest that all adequate documentation for all information is provided on reports, and billing records have sufficient required documentation to support the amounts claimed;**

(3) Demonstrate a positive impact on consumer outcomes regarding the provision of personal care assistance services as evidenced on accurate quarterly and annual service reports submitted to the department;

~~[(3)]~~ (4) Implement a quality assurance and supervision process that ensures program compliance and accuracy of records:

(a) **The department of health and senior services shall promulgate by rule a consumer-directed services division provider certification manager course; and**

(b) **The vendor shall perform with the consumer at least bi-annual face-to-face home visits to provide ongoing monitoring of the provision of services in the plan of care and assess the quality of care being delivered. The bi-annual face-to-face home visits do not preclude the vendor's responsibility from its ongoing diligence of case management oversight; ~~and~~**

~~[(4)]~~ (5) Comply with all provisions of sections 208.900 to 208.927, and the regulations promulgated thereunder; **and**

(6) **Maintain a proper business location, the criteria for which shall be defined by the department of health and senior services by rule.**

3. No state or federal funds shall be authorized or expended if the owner, primary operator, certified manager, or any direct employee of the consumer-directed services vendor is also the personal care attendant.

208.924. A consumer's personal care assistance services may be discontinued under circumstances such as the following:

(1) The department learns of circumstances that require closure of a consumer's case, including one or more of the following: death, admission into a long-term care facility, no longer needing service, or inability of the consumer to consumer-direct personal care assistance service;

(2) The consumer has falsified records; **provided false information of his or her condition, functional capacity, or level of care needs;** or committed fraud;

(3) The consumer is noncompliant with the plan of care. Noncompliance requires persistent actions by the consumer which negate the services provided in the plan of care;

(4) The consumer or member of the consumer's household threatens or abuses the personal care attendant or vendor to the point where their welfare is in jeopardy and corrective action has failed;

(5) The maintenance needs of a consumer are unable to continue to be met because the plan of care hours exceed availability; and

(6) The personal care attendant is not providing services as set forth in the personal care assistance services plan and attempts to remedy the situation have been unsuccessful."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

House Amendment No. 1
to
House Amendment No. 12

AMEND House Amendment No. 12 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 718, Page 1, Line 4, by inserting immediately before the number "208.909" the following:

"191.250. 1. This section shall be known and may be cited as "Simon's Law".

2. As used in this section the following terms shall mean:

(1) "End-of-life medical decision order for a child under juvenile or family court jurisdiction", a decision issued by a juvenile or family court pertaining to life-sustaining treatment, including do-not-resuscitate orders, provided on behalf of and in the best interests of a child under juvenile or family court jurisdiction under section 211.031;

(2) "Reasonable medical judgment", a medical judgment that would be made by a reasonably prudent physician who is knowledgeable about the case and the treatment possibilities with respect to the medical conditions involved.

3. For a child who is not under juvenile or family court jurisdiction under section 211.031, no health care facility, nursing home, physician, nurse, or medical staff shall institute a do-not-resuscitate order or similar physician's order, either orally or in writing, without the written or oral consent of at least one parent or legal guardian of the patient or resident under eighteen years of age who is not emancipated. If consent to implement a do-not-resuscitate order or similar physician's order is granted orally, two witnesses other than the parent, legal guardian, or physician shall be present and willing to attest to the consent given by the legal guardian of the patient or at least one parent of the patient. The provision of such consent shall be immediately recorded in the patient's medical record, specifying who provided the information, to whom the information was provided, which parent or legal guardian gave the consent, who the witnesses were, and the date and time the consent was obtained.

4. The requirements of subsection 3 of this section shall not apply if a reasonably diligent effort of at least forty-eight hours without success has been made to contact and inform each known parent or legal guardian of the intent to implement a do-not-resuscitate order or similar physician's order.

5. Consent previously given under subsection 3 of this section may be revoked orally or in writing by the parent or legal guardian of the patient or resident who granted the original permission. Such revocation of prior consent shall take precedence over any prior consent to implement a do-not-resuscitate order or similar physician's order and shall be immediately recorded in the patient's or resident's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

6. For a child under juvenile court jurisdiction under section 211.031, a juvenile or family court may issue an end-of-life medical decision order, a physician's order, or any other medical decision order, or may appoint a guardian for the child for that purpose. The children's division shall not be appointed as guardian for a child to make end-of-life medical decisions, including do-not-resuscitate orders. In the event a child under the jurisdiction of a juvenile or family court under section 211.031 is returned to the custody of the legal guardian or parent, the legal guardian or parent may revoke the consent for the end-of-life medical decisions, or similar physician's orders ordered by the court, including do-not-resuscitate orders for the child. Revocation may be orally or in writing and shall be immediately recorded in the patient's medical records, specifying who provided the information, to whom the information was provided, which parent or legal guardian revoked consent, who the witnesses were, and the date and time the revocation was obtained.

7. For the purposes of this section, a relative caregiver under the provisions of section 431.058 shall have the same authority given to a parent or legal guardian of a nonemancipated patient or resident under eighteen years of age, provided that such a patient or resident is not under juvenile or family court jurisdiction under section 211.031.

8. Nothing in this section shall be construed to require any health care facility, nursing home, physician, nurse, or medical staff to provide or continue any treatment, including resuscitative efforts, food, medication, oxygen, intravenous fluids, or nutrition that would be:

(1) Medically inappropriate because, in reasonable medical judgement, providing such treatment would create a greater risk of causing or hastening the death of the patient; or

(2) Medically inappropriate because, in reasonable medical judgement, providing such treatment would be potentially harmful or cause unnecessary pain, suffering, or injury to the patient.

9. Nothing in this section shall require health care providers to continue cardiopulmonary resuscitation or manual ventilation beyond a time in which, in their reasonable medical judgment, there is no further benefit to the patient or likely recovery of the patient."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory,
forever.*

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTIETH DAY, TUESDAY, APRIL 24, 2018

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

My flesh and my heart faileth: but God is the strength of my heart and my portion forever. (Psalm 73:26)

O Just God, who has created us with minds to think, hearts to love, and hands to work, help us to use our minds to think Your thoughts, our hearts to love in Your spirit, and our hands to do Your work according to Your divine will. Make us so conscious of Your presence that amid current and serious trials and troubles now we may put first things first, grow in outreach in our concern for others, and become stronger within ourselves.

Bless the leaders of this House of Representatives who give goodness to life and purpose to human destiny, who seek faithfully to protect our state from injustice, who make no peace with oppression but are always seeking the way to justice and peace among all people. Guide us and sustain us in all our ways this day and every day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Robert Alan Butner and Lily Johnson.

The Journal of the fifty-ninth day was approved as printed by the following vote:

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose,

including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term “utility, industrial, commercial, railroad and other real property”.

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section. **This subsection shall not apply to any reliever airport.**

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;
- (3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;
- (4) Other legal restrictions on the use of such property;
- (5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
- (6) Size of such property;
- (7) Access of such property to public thoroughfares; and
- (8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.017. 1. For general property assessment purposes, the true value in money of land which is in use as agricultural and horticultural property, as defined in section 137.016, shall be that value which such land has for agricultural or horticultural use. The true value of buildings or other structures customarily associated with farming, agricultural, and horticultural uses, excluding residential dwellings and related land, shall be added to the use value of the agricultural and horticultural land to determine the value of the agricultural and horticultural property under sections 137.017 to 137.021.

2. After it has been established that the land is actually agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed accordingly, the land shall remain in this category as long as the owner of the land complies with the provisions of sections 137.017 to 137.021.

3. Continuance of valuation and assessment for general property taxation under the provisions of sections 137.017 to 137.021 shall depend upon continuance of the land being used as agricultural and horticultural property, as defined in section 137.016, and compliance with the other requirements of sections 137.017 to 137.021 and not upon continuance in the same owner of title to the land.

4. For general property assessment purposes, the true value in money of vacant and unused land which is classified as agricultural and horticultural property under subsection 3 of section 137.016 shall be its fair market value. **This subsection shall not apply to any reliever airport.**

5. For general property assessment purposes, the true value in money of a reliever airport shall be that value which such land has for agricultural or horticultural use."; and

On motion of Representative Rhoads, the title of **HCS SS SB 608** was agreed to.

Representative Fitzwater offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 608, Page 4, Section 537.787, Line 27, by inserting immediately after all of said section and line the following:

"563.011. As used in this chapter the following terms shall mean:

(1) **"Armed nuclear security guard", a security guard who works at a nuclear power plant, who is employed as part of the security plan approved by the United States Nuclear Regulatory Commission, and who meets the requirements mandated by the United States Nuclear Regulatory Commission for carrying a firearm;**

(2) "Deadly force", physical force which the actor uses with the purpose of causing or which he or she knows to create a substantial risk of causing death or serious physical injury;

~~[(2)]~~ (3) "Dwelling", any building, inhabitable structure, or conveyance of any kind, whether the building, inhabitable structure, or conveyance is temporary or permanent, mobile or immobile, which has a roof over it, including a tent, and is designed to be occupied by people lodging therein at night;

~~[(3)]~~ (4) "Forcible felony", any felony involving the use or threat of physical force or violence against any individual, including but not limited to murder, robbery, burglary, arson, kidnapping, assault, and any forcible sexual offense;

~~[(4)]~~ (5) "Premises", includes any building, inhabitable structure and any real property;

~~[(5)]~~ (6) "Private person", any person other than a law enforcement officer;

~~[(6)]~~ (7) "Private property", any real property in this state that is privately owned or leased;

~~[(7)]~~ (8) "Remain after unlawfully entering", to remain in or upon premises after unlawfully entering as defined in this section;

~~[(8)]~~ (9) "Residence", a dwelling in which a person resides either temporarily or permanently or is visiting as an invited guest;

~~[(9)]~~ (10) **"Structure or fenced yard", any structure, fenced yard, wall, building, other similar barrier, or any combination of the foregoing that is part of a nuclear power plant and that is posted with signage indicating it is a felony to trespass;**

(11) "Unlawfully enter", a person unlawfully enters in or upon premises or private property when he or she enters such premises or private property and is not licensed or privileged to do so. A person who, regardless of his or her purpose, enters in or upon private property or premises that are at the time open to the public does so with license unless he or she defies a lawful order not to enter, personally communicated to him or her by the owner of such premises or by another authorized person. A license to enter in a building that is only partly open to the public is not a license to enter in that part of the building that is not open to the public.

563.041. 1. A person may, subject to the limitations of subsection 2, use physical force upon another person when and to the extent that he or she reasonably believes it necessary to prevent what he or she reasonably believes to be the commission or attempted commission by such person of stealing, property damage or tampering in any degree.

2. A person may use deadly force under circumstances described in subsection 1 only when such use of deadly force is authorized under other sections of this chapter.

3. The justification afforded by this section extends to the use of physical restraint as protective force provided that the actor takes all reasonable measures to terminate the restraint as soon as it is reasonable to do so.

4. **An armed nuclear security guard may use the following levels of physical force against another person at a nuclear power plant or within a structure or fenced yard of a nuclear power plant if the armed nuclear security guard reasonably believes that such force is necessary:**

(1) An armed nuclear security guard may use physical force, as he or she reasonably believes is immediately necessary, up to and including deadly physical force to:

- (a) Prevent an action that would constitute murder in the first or second degree under section 565.020 or 565.021;
- (b) Prevent an action that would constitute voluntary manslaughter under section 565.023;
- (c) Prevent an action that would constitute assault in the first or second degree under section 565.050 or 565.052; or

(d) Defend himself, herself, or a third person from the use or imminent use of deadly physical force;

(2) An armed nuclear security guard may use physical force, as he or she reasonably believes is immediately necessary, up to but not including deadly physical force to prevent an action that would constitute:

- (a) Assault in the third or fourth degree under section 565.054 or 565.056;
- (b) Kidnapping in the first, second, or third degree under section 565.110, 565.120, or 565.130;
- (c) Burglary in the first or second degree under section 569.160 or 569.170;
- (d) Arson in the first, second, or third degree under section 569.040, 569.050, or 569.053;
- (e) Property damage in the first degree under section 569.100;
- (f) Robbery in the first or second degree under section 570.023 or 570.025;
- (g) Armed criminal action under section 571.015; or
- (h) Trespass in the first degree under section 569.140;

(3) An armed nuclear security guard is justified in threatening to use physical force or deadly physical force if and to the extent a reasonable armed nuclear security guard believes it necessary to protect himself, herself, or others against another person's potential use of physical force or deadly physical force.

5. Notwithstanding any provisions of section 563.016 to the contrary, an armed nuclear security guard, employer of an armed nuclear security guard, or owner of a nuclear power plant shall not be subject to civil liability for conduct of an armed nuclear security guard that is permitted by this section.

6. The defendant shall have the burden of injecting the issue of justification under this section.

569.010. As used in this chapter the following terms mean:

(1) "Cave or cavern", any naturally occurring subterranean cavity enterable by a person including, without limitation, a pit, pothole, natural well, grotto, and tunnel, whether or not the opening has a natural entrance;

(2) "Enter unlawfully or remain unlawfully", a person enters or remains in or upon premises when he or she is not licensed or privileged to do so. A person who, regardless of his or her purpose, enters or remains in or upon premises which are at the time open to the public does so with license and privilege unless he or she defies a lawful order not to enter or remain, personally communicated to him or her by the owner of such premises or by other authorized person. A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part of the building which is not open to the public;

(3) "Nuclear power plant", a power generating facility that produces electricity by means of a nuclear reactor owned by a utility or a consortium utility. "Nuclear power plant" shall include the real property on which the plant is located;

(4) "To tamper", to interfere with something improperly, to meddle with it, displace it, make unwarranted alterations in its existing condition, or to deprive, temporarily, the owner or possessor of that thing;

[44] (5) "Utility", an enterprise which provides gas, electric, steam, water, sewage disposal, or communication, video, internet, or voice over internet protocol services, and any common carrier. It may be either publicly or privately owned or operated.

569.140. 1. A person commits the offense of trespass in the first degree if he or she knowingly enters unlawfully or knowingly remains unlawfully in a building or inhabitable structure or upon real property.

2. A person does not commit the offense of trespass in the first degree by entering or remaining upon real property unless the real property is fenced or otherwise enclosed in a manner designed to exclude intruders or as to which notice against trespass is given by:

- (1) Actual communication to the actor; or
- (2) Posting in a manner reasonably likely to come to the attention of intruders.

3. The offense of trespass in the first degree is a class B misdemeanor, unless the victim is intentionally targeted as a law enforcement officer, as defined in section 556.061, or the victim is targeted because he or she is a relative within the second degree of consanguinity or affinity to a law enforcement officer, in which case it is a class A misdemeanor. **If the building or real property is part of a nuclear power plant, the offense of trespass in the first degree is a class E felony.**"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Fitzwater moved that **House Amendment No. 1** be adopted.

Which motion was defeated.

Representative Schroer offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 608, Page 1, Section A, Line 3, by inserting immediately after said section and line the following:

"307.178. 1. As used in this section, the term "passenger car" means every motor vehicle designed for carrying ~~ten~~ **fifteen** persons or less and used for the transportation of persons; except that, the term "passenger car" shall not include motorcycles, motorized bicycles, motor tricycles, and trucks with a licensed gross weight of twelve thousand pounds or more.

2. Each driver, except persons employed by the United States Postal Service while performing duties for that federal agency which require the operator to service postal boxes from their vehicles, or which require frequent entry into and exit from their vehicles, and front seat passenger of a passenger car manufactured after January 1, 1968, operated on a street or highway in this state, and persons less than eighteen years of age operating or riding in a truck, as defined in section 301.010, on a street or highway of this state shall wear a properly adjusted and fastened safety belt that meets federal National Highway, Transportation and Safety Act requirements. No person shall be stopped, inspected, or detained solely to determine compliance with this subsection. The provisions of this section and section 307.179 shall not be applicable to persons who have a medical reason for failing to have a seat belt fastened about their body, nor shall the provisions of this section be applicable to persons while operating or riding a motor vehicle being used in agricultural work-related activities. Noncompliance with this subsection shall not constitute probable cause for violation of any other provision of law. The provisions of this subsection shall not apply to the transporting of children under sixteen years of age, as provided in section 307.179.

3. Each driver of a motor vehicle transporting a child less than sixteen years of age shall secure the child in a properly adjusted and fastened restraint under section 307.179.

4. In any action to recover damages arising out of the ownership, common maintenance or operation of a motor vehicle, failure to wear a safety belt in violation of this section shall not be considered evidence of comparative negligence. Failure to wear a safety belt in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt in violation of this section must first introduce expert evidence proving that a failure to wear a safety belt contributed to the injuries claimed by plaintiff;

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt in violation of this section contributed to the plaintiff's claimed injuries, and may reduce the amount of the plaintiff's recovery by an amount not to exceed one percent of the damages awarded after any reductions for comparative negligence.

5. Notwithstanding any other provision of law to the contrary, subsection 4 of this section shall not apply to any action arising out of the design, construction, manufacture, distribution, or sale of a passenger car. In such actions arising out of the design, construction, manufacture, distribution, or sale of a passenger car, a plaintiff's failure to wear a properly adjusted and fastened safety belt shall be admissible for any purpose, including as evidence of comparative negligence or fault, causation, absence of a defect or hazard, and failure to mitigate damages.

6. Except as otherwise provided for in section 307.179, each person who violates the provisions of subsection 2 of this section is guilty of an infraction for which a fine not to exceed ten dollars may be imposed. All other provisions of law and court rules to the contrary notwithstanding, no court costs shall be imposed on any person due to a violation of this section. In no case shall points be assessed against any person, pursuant to section 302.302, for a violation of this section.

~~[6-]~~ **7.** The state highways and transportation commission shall initiate and develop a program of public information to develop understanding of, and ensure compliance with, the provisions of this section. The

commission shall evaluate the effectiveness of this section and shall include a report of its findings in the annual evaluation report on its highway safety plan that it submits to NHTSA and FHWA pursuant to 23 U.S.C. 402.

[7-] 8. If there are more persons than there are seat belts in the enclosed area of a motor vehicle, then the passengers who are unable to wear seat belts shall sit in the area behind the front seat of the motor vehicle unless the motor vehicle is designed only for a front-seated area. The passenger or passengers occupying a seat location referred to in this subsection is not in violation of this section. This subsection shall not apply to passengers who are accompanying a driver of a motor vehicle who is licensed under section 302.178."; and

"334.037. 1. A physician may enter into collaborative practice arrangements with assistant physicians. Collaborative practice arrangements shall be in the form of written agreements, jointly agreed-upon protocols, or standing orders for the delivery of health care services. Collaborative practice arrangements, which shall be in writing, may delegate to an assistant physician the authority to administer or dispense drugs and provide treatment as long as the delivery of such health care services is within the scope of practice of the assistant physician and is consistent with that assistant physician's skill, training, and competence and the skill and training of the collaborating physician.

2. The written collaborative practice arrangement shall contain at least the following provisions:

(1) Complete names, home and business addresses, zip codes, and telephone numbers of the collaborating physician and the assistant physician;

(2) A list of all other offices or locations besides those listed in subdivision (1) of this subsection where the collaborating physician authorized the assistant physician to prescribe;

(4) All specialty or board certifications of the collaborating physician and all certifications of the assistant physician;

(5) The manner of collaboration between the collaborating physician and the assistant physician, including how the collaborating physician and the assistant physician shall:

(a) Engage in collaborative practice consistent with each professional's skill, training, education, and competence;

(b) Maintain geographic proximity; except, the collaborative practice arrangement may allow for geographic proximity to be waived for a maximum of twenty-eight days per calendar year for rural health clinics as defined by P.L. 95-210, as long as the collaborative practice arrangement includes alternative plans as required in paragraph (c) of this subdivision. Such exception to geographic proximity shall apply only to independent rural health clinics, provider-based rural health clinics if the provider is a critical access hospital as provided in 42 U.S.C. Section 1395i-4, and provider-based rural health clinics if the main location of the hospital sponsor is greater than fifty miles from the clinic. The collaborating physician shall maintain documentation related to such requirement and present it to the state board of registration for the healing arts when requested; and

- (c) Provide coverage during absence, incapacity, infirmity, or emergency by the collaborating physician;
 - (6) A description of the assistant physician's controlled substance prescriptive authority in collaboration with the physician, including a list of the controlled substances the physician authorizes the assistant physician to prescribe and documentation that it is consistent with each professional's education, knowledge, skill, and competence;
 - (7) A list of all other written practice agreements of the collaborating physician and the assistant physician;
 - (8) The duration of the written practice agreement between the collaborating physician and the assistant physician;
 - (9) A description of the time and manner of the collaborating physician's review of the assistant physician's delivery of health care services. The description shall include provisions that the assistant physician shall submit a minimum of ten percent of the charts documenting the assistant physician's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and
 - (10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the assistant physician prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.
3. The state board of registration for the healing arts under section 334.125 shall promulgate rules regulating the use of collaborative practice arrangements for assistant physicians. Such rules shall specify:
- (1) Geographic areas to be covered;
 - (2) The methods of treatment that may be covered by collaborative practice arrangements;
 - (3) In conjunction with deans of medical schools and primary care residency program directors in the state, the development and implementation of educational methods and programs undertaken during the collaborative practice service which shall facilitate the advancement of the assistant physician's medical knowledge and capabilities, and which may lead to credit toward a future residency program for programs that deem such documented educational achievements acceptable; and
 - (4) The requirements for review of services provided under collaborative practice arrangements, including delegating authority to prescribe controlled substances.

Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. The state board of registration for the healing arts shall promulgate rules applicable to assistant physicians that shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

4. The state board of registration for the healing arts shall not deny, revoke, suspend, or otherwise take disciplinary action against a collaborating physician for health care services delegated to an assistant physician provided the provisions of this section and the rules promulgated thereunder are satisfied.

5. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice arrangement, including collaborative practice arrangements delegating the authority to prescribe controlled substances, and also report to the board the name of each assistant physician with whom the physician has entered into such arrangement. The board may make such information available to the public. The board shall track the reported information and may routinely conduct random reviews of such arrangements to ensure that arrangements are carried out for compliance under this chapter.

6. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent assistant physicians. Such limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

7. The collaborating physician shall determine and document the completion of at least a one-month period of time during which the assistant physician shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. Such limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

8. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

9. No contract or other agreement shall require a physician to act as a collaborating physician for an assistant physician against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular assistant physician. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any assistant physician, but such requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by a hospital's medical staff.

10. No contract or other agreement shall require any assistant physician to serve as a collaborating assistant physician for any collaborating physician against the assistant physician's will. An assistant physician shall have the right to refuse to collaborate, without penalty, with a particular physician.

11. All collaborating physicians and assistant physicians in collaborative practice arrangements shall wear identification badges while acting within the scope of their collaborative practice arrangement. The identification badges shall prominently display the licensure status of such collaborating physicians and assistant physicians.

12. (1) An assistant physician with a certificate of controlled substance prescriptive authority as provided in this section may prescribe any controlled substance listed in Schedule III, IV, or V of section 195.017, and may have restricted authority in Schedule II, when delegated the authority to prescribe controlled substances in a collaborative practice arrangement. Prescriptions for Schedule II medications prescribed by an assistant physician who has a certificate of controlled substance prescriptive authority are restricted to only those medications containing hydrocodone. Such authority shall be filed with the state board of registration for the healing arts. The collaborating physician shall maintain the right to limit a specific scheduled drug or scheduled drug category that the assistant physician is permitted to prescribe. Any limitations shall be listed in the collaborative practice arrangement. Assistant physicians shall not prescribe controlled substances for themselves or members of their families. Schedule III controlled substances and Schedule II - hydrocodone prescriptions shall be limited to a five-day supply without refill. Assistant physicians who are authorized to prescribe controlled substances under this section shall register with the federal Drug Enforcement Administration and the state bureau of narcotics and dangerous drugs, and shall include the Drug Enforcement Administration registration number on prescriptions for controlled substances.

(2) The collaborating physician shall be responsible to determine and document the completion of at least one hundred twenty hours in a four-month period by the assistant physician during which the assistant physician shall practice with the collaborating physician on-site prior to prescribing controlled substances when the collaborating physician is not on-site. Such limitation shall not apply to assistant physicians of population-based public health services as defined in 20 CSR 2150-5.100 as of April 30, 2009 **or assistant physicians providing opioid addiction treatment.**

(3) An assistant physician shall receive a certificate of controlled substance prescriptive authority from the state board of registration for the healing arts upon verification of licensure under section 334.036."; and

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Be strong in the Lord and in the power of his might. (Ephesians 6:10)

O Heavenly Creator, we thank You for our homes and pray that You will bless all who live within our family circles. We are grateful for Your mercies which we receive daily, for food, clothing, and shelter, for the warmth of our affections and for the ties that bind us together.

Help us to live each day and to love one another that we may never be afraid or ashamed but always may our hearts be happy, our thoughts good, our words gentle, our deeds genuine, and our hands ready to help.

Daily renew our strength, renew our love and restore our faith that we may face stress bravely because we face it together. Deepen our love for one another and for You that love may reign in our hearts, in our homes and in our Capitol.

Finally, we ask blessings on all Administrative Professionals on their special day today!

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Danielle Hamann, Lisa Askren, and Michael Eiserman.

The Journal of the sixtieth day was approved as printed by the following vote:

Representative Rowland (155) offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Bill No. 23, Page 2, Section 49.060, Line 16, by inserting immediately after all of said section and line the following:

"56.363. 1. The county commission of any county may on its own motion and shall upon the petition of ten percent of the total number of people who voted in the previous general election in the county submit to the voters at a general or special election the proposition of making the county prosecutor a full-time position. The commission shall cause notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days and not more than thirty days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. The proposition shall be put before the voters substantially in the following form:

Shall the office of prosecuting attorney be made a full-time position in _____ County?

☐ YES

☐ NO

If a majority of the voters voting on the proposition vote in favor of making the county prosecutor a full-time position, it shall become effective upon the date that the prosecutor who is elected at the next election subsequent to the passage of such proposal is sworn into office. **The position shall then qualify for the retirement benefits available to a full-time prosecutor of a county of the first classification. Any county that elects to make the position of prosecuting attorney full-time shall pay into the Missouri prosecuting attorneys and circuit attorneys' retirement fund at the same contribution amount as paid by counties of the first classification.**

2. The provisions of subsection 1 of this section notwithstanding, in any county where the proposition of making the county prosecutor a full-time position was submitted to the voters at a general election in 1998 and where a majority of the voters voting on the proposition voted in favor of making the county prosecutor a full-time position, the proposition shall become effective on May 1, 1999. Any prosecuting attorney whose position becomes full time on May 1, 1999, under the provisions of this subsection shall have the additional duty of providing not less than three hours of continuing education to peace officers in the county served by the prosecuting attorney in each year of the term beginning January 1, 1999.

3. In counties that, prior to August 28, 2001, have elected pursuant to this section to make the position of prosecuting attorney a full-time position, the county commission may at any time elect to have that position also qualify for the retirement benefit available for a full-time prosecutor of a county of the first classification. Such election shall be made by a majority vote of the county commission and once made shall be irrevocable, unless the voters of the county elect to change the position of prosecuting attorney back to a part-time position under subsection 4 of this section. When such an election is made, the results shall be transmitted to the Missouri prosecuting attorneys and circuit attorneys' retirement system fund, and the election shall be effective on the first day of January following such election. Such election shall also obligate the county to pay into the Missouri prosecuting attorneys and circuit attorneys' system retirement fund the same retirement contributions for full-time prosecutors as are paid by counties of the first classification.

4. In any:

(1) County of the third classification without a township form of government and with more than twelve thousand but fewer than fourteen thousand inhabitants and with a city of the fourth classification with more than one thousand seven hundred but fewer than one thousand nine hundred inhabitants as the county seat that has elected to make the county prosecutor a full-time position under this section after August 28, 2014;

(2) **County of the third classification without a township form of government and with more than eighteen thousand but fewer than twenty thousand inhabitants and with a city of the fourth classification with more than three thousand but fewer than three thousand seven hundred inhabitants as the county seat;**

(3) **County of the third classification without a township form of government and with more than eighteen thousand but fewer than twenty thousand inhabitants and with a city of the third classification with more than six thousand but fewer than seven thousand inhabitants as the county seat; or**

(4) **County of the third classification without a township form of government and with more than nine thousand but fewer than ten thousand inhabitants and with a city of the fourth classification with more than seven hundred but fewer than eight hundred inhabitants as the county seat**

the county commission may on its own motion and shall upon the petition of ten percent of the total number of people who voted in the previous general election in the county submit to the voters at a general or special election the proposition of changing the full-time prosecutor position to a part-time position. The commission shall cause

notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days and not more than thirty days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. The proposition shall be put before the voters substantially in the following form:

Shall the office of prosecuting attorney be made a part-time position in _____ County?

☐ YES

☐ NO

If a majority of the voters vote in favor of making the county prosecutor a part-time position, it shall become effective upon the date that the prosecutor who is elected at the next election subsequent to the passage of such proposal is sworn into office.

5. In any county that has elected to make the full-time position of county prosecutor a part-time position under subsection 4 of this section, the county's retirement contribution to the retirement system and the retirement benefit earned by the member shall prospectively be that of a part-time prosecutor as established in this chapter. Any retirement contribution made and retirement benefit earned prior to the effective date of the voter-approved proposition under subsection 4 of this section shall be maintained by the retirement system and used to calculate the retirement benefit for such prior full-time position service. Under no circumstances shall a member in a part-time prosecutor position earn full-time position retirement benefit service accruals for time periods after the effective date of the proposition changing the county prosecutor back to a part-time position."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Houghton assumed the Chair.

On motion of Representative Rowland (155), **House Amendment No. 2** was adopted.

Representative Swan offered **House Amendment No. 3**.

The state board of education shall adopt and enforce regulations not inconsistent with law to cover the design and operation of all school buses used for the transportation of school children when owned and operated by any school district or privately owned and operated under contract with any school district in this state, and such regulations shall by reference be made a part of any such contract with a school district. Every school district, its officers and employees, and every person employed under contract by a school district shall be subject to such regulations. The state board of education shall cooperate with the state transportation department and the state highway patrol in placing suitable warning signs at intervals on the highways of the state.

2. **Notwithstanding the provisions of subsection 1 of this section, any school board in the state of Missouri in an urban district containing the greater part of the population of a city which has more than three hundred thousand inhabitants may contract with any municipality, bi-state agency, or other governmental entity for the purpose of transporting school children attending a grade or grades not lower than the ninth nor higher than the twelfth grade, provided that such contract shall be for additional transportation services, and shall not replace or fulfill any of the school district's obligations pursuant to section 167.231. The school district may notify students of the option to use district contracted transportation services.**

3. Any officer or employee of any school district who violates any of the regulations or fails to include obligation to comply with such regulations in any contract executed by him on behalf of a school district shall be guilty of misconduct and subject to removal from office or employment. Any person operating a school bus under contract with a school district who fails to comply with any such regulations shall be guilty of breach of contract and such contract shall be cancelled after notice and hearing by the responsible officers of such school district.

[3-] 4. Any other provision of the law to the contrary notwithstanding, in any county of the first class with a charter form of government adjoining a city not within a county, school buses may bear the word "special"."; and

On motion of Representative Trent, **House Amendment No. 1 to House Amendment No. 8** was adopted.

On motion of Representative Roeber, **House Amendment No. 8, as amended**, was adopted.

Representative Korman offered **House Amendment No. 9.**

House Amendment No. 9

AMEND House Committee Bill No. 23, Page 13, Section 67.4600, Line 171, by inserting immediately after said section and line the following:

"71.012. 1. Notwithstanding the provisions of sections 71.015 and 71.860 to 71.920, the governing body of any city, town or village may annex unincorporated areas which are contiguous and compact to the existing corporate limits of the city, town or village pursuant to this section. The term "contiguous and compact" does not include a situation whereby the unincorporated area proposed to be annexed is contiguous to the annexing city, town or village only by a railroad line, trail, pipeline or other strip of real property less than one-quarter mile in width within the city, town or village so that the boundaries of the city, town or village after annexation would leave unincorporated areas between the annexed area and the prior boundaries of the city, town or village connected only by such railroad line, trail, pipeline or other such strip of real property. **The term "contiguous and compact" shall include a situation whereby the unincorporated area proposed to be annexed would be contiguous and compact to the existing corporate limits of the city, town, or village but for an intervening roadway or**

railroad right-of-way, regardless of whether any other city, town, or village has annexed such roadway or railroad right-of-way or otherwise has an easement in such roadway or railroad right-of-way. The term contiguous and compact does not prohibit voluntary annexations pursuant to this section merely because such voluntary annexation would create an island of unincorporated area within the city, town or village, so long as the owners of the unincorporated island were also given the opportunity to voluntarily annex into the city, town or village. Notwithstanding the provisions of this section, the governing body of any city, town or village in any county of the third classification which borders a county of the fourth classification, a county of the second classification and the Mississippi River may annex areas along a road or highway up to two miles from existing boundaries of the city, town or village or the governing body in any city, town or village in any county of the third classification without a township form of government with a population of at least twenty-four thousand inhabitants but not more than thirty thousand inhabitants and such county contains a state correctional center may voluntarily annex such correctional center pursuant to the provisions of this section if the correctional center is along a road or highway within two miles from the existing boundaries of the city, town or village.

2. (1) When a notarized petition, requesting annexation and signed by the owners of all fee interests of record in all tracts of real property located within the area proposed to be annexed, or a request for annexation signed under the authority of the governing body of any common interest community and approved by a majority vote of unit owners located within the area proposed to be annexed is presented to the governing body of the city, town or village, the governing body shall hold a public hearing concerning the matter not less than fourteen nor more than sixty days after the petition is received, and the hearing shall be held not less than seven days after notice of the hearing is published in a newspaper of general circulation qualified to publish legal matters and located within the boundary of the petitioned city, town or village. If no such newspaper exists within the boundary of such city, town or village, then the notice shall be published in the qualified newspaper nearest the petitioned city, town or village. For the purposes of this subdivision, the term "common-interest community" shall mean a condominium as said term is used in chapter 448, or a common-interest community, a cooperative, or a planned community.

(a) A "common-interest community" shall be defined as real property with respect to which a person, by virtue of such person's ownership of a unit, is obliged to pay for real property taxes, insurance premiums, maintenance or improvement of other real property described in a declaration. "Ownership of a unit" does not include a leasehold interest of less than twenty years in a unit, including renewal options;

(b) A "cooperative" shall be defined as a common-interest community in which the real property is owned by an association, each of whose members is entitled by virtue of such member's ownership interest in the association to exclusive possession of a unit;

(c) A "planned community" shall be defined as a common-interest community that is not a condominium or a cooperative. A condominium or cooperative may be part of a planned community.

(2) At the public hearing any interested person, corporation or political subdivision may present evidence regarding the proposed annexation. If, after holding the hearing, the governing body of the city, town or village determines that the annexation is reasonable and necessary to the proper development of the city, town or village, and the city, town or village has the ability to furnish normal municipal services to the area to be annexed within a reasonable time, it may, subject to the provisions of subdivision (3) of this subsection, annex the territory by ordinance without further action.

(3) If a written objection to the proposed annexation is filed with the governing body of the city, town or village not later than fourteen days after the public hearing by at least five percent of the qualified voters of the city, town or village, or two qualified voters of the area sought to be annexed if the same contains two qualified voters, the provisions of sections 71.015 and 71.860 to 71.920, shall be followed.

3. If no objection is filed, the city, town or village shall extend its limits by ordinance to include such territory, specifying with accuracy the new boundary lines to which the city's, town's or village's limits are extended. Upon duly enacting such annexation ordinance, the city, town or village shall cause three certified copies of the same to be filed with the county assessor and the clerk of the county wherein the city, town or village is located, and one certified copy to be filed with the election authority, if different from the clerk of the county which has jurisdiction over the area being annexed, whereupon the annexation shall be complete and final and thereafter all courts of this state shall take judicial notice of the limits of that city, town or village as so extended.

4. That a petition requesting annexation is not or was not verified or notarized shall not affect the validity of an annexation heretofore or hereafter undertaken in accordance with this section.

5. Any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of adoption of the annexation ordinance.

71.015. 1. Should any city, town, or village, not located in any county of the first classification which has adopted a constitutional charter for its own local government, seek to annex an area to which objection is made, the following shall be satisfied:

(1) Before the governing body of any city, town, or village has adopted a resolution to annex any unincorporated area of land, such city, town, or village shall first as a condition precedent determine that:

(a) The land to be annexed is contiguous to the existing city, town, or village limits and that the length of the contiguous boundary common to the existing city, town, or village limit and the proposed area to be annexed is at least fifteen percent of the length of the perimeter of the area proposed for annexation; **or**

(b) The land to be annexed would be contiguous and compact to the existing city, town, or village limits but for an intervening roadway or railroad right-of-way, and the shared border of the land to be annexed and existing city, town, or village composes at least fifteen percent of the total perimeter of the land to be annexed. For purposes of calculating the length of such border under this paragraph, the border between the land to be annexed and the existing city, town, or village shall be deemed to be:

a. If an intervening roadway, the centerline; or

b. If a railroad right-of-way, the midpoint between the outermost rails if there are rails or the best estimate of the middle of the right-of-way if there are no rails.

(2) The governing body of any city, town, or village shall propose an ordinance setting forth the following:

(a) The area to be annexed and affirmatively stating that the boundaries comply with the condition precedent referred to in subdivision (1) above;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village;

(c) That the city has developed a plan of intent to provide services to the area proposed for annexation;

(d) That a public hearing shall be held prior to the adoption of the ordinance;

(e) When the annexation is proposed to be effective, the effective date being up to thirty-six months from the date of any election held in conjunction thereto.

(3) The city, town, or village shall fix a date for a public hearing on the ordinance and make a good faith effort to notify all fee owners of record within the area proposed to be annexed by certified mail, not less than thirty nor more than sixty days before the hearing, and notify all residents of the area by publication of notice in a newspaper of general circulation qualified to publish legal matters in the county or counties where the proposed area is located, at least once a week for three consecutive weeks prior to the hearing, with at least one such notice being not more than twenty days and not less than ten days before the hearing.

(4) At the hearing referred to in subdivision (3), the city, town, or village shall present the plan of intent and evidence in support thereof to include:

(a) A list of major services presently provided by the city, town, or village including, but not limited to, police and fire protection, water and sewer systems, street maintenance, parks and recreation, and refuse collection;

(b) A proposed time schedule whereby the city, town, or village plans to provide such services to the residents of the proposed area to be annexed within three years from the date the annexation is to become effective;

(c) The level at which the city, town, or village assesses property and the rate at which it taxes that property;

(d) How the city, town, or village proposes to zone the area to be annexed;

(e) When the proposed annexation shall become effective.

(5) Following the hearing, and either before or after the election held in subdivision (6) of this subsection, should the governing body of the city, town, or village vote favorably by ordinance to annex the area, the governing body of the city, town or village shall file an action in the circuit court of the county in which such unincorporated area is situated, under the provisions of chapter 527, praying for a declaratory judgment authorizing such annexation. The petition in such action shall state facts showing:

(a) The area to be annexed and its conformity with the condition precedent referred to in subdivision (1) of this subsection;

(b) That such annexation is reasonable and necessary to the proper development of the city, town, or village; and

(c) The ability of the city, town, or village to furnish normal municipal services of the city, town, or village to the unincorporated area within a reasonable time not to exceed three years after the annexation is to become effective. Such action shall be a class action against the inhabitants of such unincorporated area under the provisions of section 507.070.

(6) Except as provided in subsection 3 of this section, if the court authorizes the city, town, or village to make an annexation, the legislative body of such city, town, or village shall not have the power to extend the limits of the city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in the city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed. However, should less than a majority of the total votes cast in the area proposed to be annexed vote in favor of the proposal, but at least a majority of the total votes cast in the city, town, or village vote in favor of the proposal, then the proposal shall again be voted upon in not more than one hundred twenty days by both the registered voters of the city, town, or village and the registered voters of the area proposed to be annexed. If at least two-thirds of the qualified electors voting thereon are in favor of the annexation, then the city, town, or village may proceed to annex the territory. If the proposal fails to receive the necessary majority, no part of the area sought to be annexed may be the subject of another proposal to annex for a period of two years from the date of the election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012. The elections shall if authorized be held, except as herein otherwise provided, in accordance with the general state law governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory.

(7) Failure to comply in providing services to the said area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court by any resident of the area who was residing in the area at the time the annexation became effective.

(8) No city, town, or village which has filed an action under this section as this section read prior to May 13, 1980, which action is part of an annexation proceeding pending on May 13, 1980, shall be required to comply with subdivision (5) of this subsection in regard to such annexation proceeding.

(9) If the area proposed for annexation includes a public road or highway but does not include all of the land adjoining such road or highway, then such fee owners of record, of the lands adjoining said highway shall be permitted to intervene in the declaratory judgment action described in subdivision (5) of this subsection.

2. Notwithstanding any provision of subsection 1 of this section, for any annexation by any city with a population of three hundred fifty thousand or more inhabitants which is located in more than one county that becomes effective after August 28, 1994, if such city has not provided water and sewer service to such annexed area within three years of the effective date of the annexation, a cause of action shall lie for deannexation, unless the failure to provide such water and sewer service to the annexed area is made unreasonable by an act of God. The cause of action for deannexation may be filed in the circuit court by any resident of the annexed area who is presently residing in the area at the time of the filing of the suit and was a resident of the annexed area at the time the annexation became effective. If the suit for deannexation is successful, the city shall be liable for all court costs and attorney fees.

3. Notwithstanding the provisions of subdivision (6) of subsection 1 of this section, all cities, towns, and villages located in any county of the first classification with a charter form of government with a population of two hundred thousand or more inhabitants which adjoins a county with a population of nine hundred thousand or more inhabitants shall comply with the provisions of this subsection. If the court authorizes any city, town, or village subject to this subsection to make an annexation, the legislative body of such city, town or village shall not have the power to extend the limits of such city, town, or village by such annexation until an election is held at which the proposition for annexation is approved by a majority of the total votes cast in such city, town, or village and by a separate majority of the total votes cast in the unincorporated territory sought to be annexed; except that:

(1) In the case of a proposed annexation in any area which is contiguous to the existing city, town or village and which is within an area designated as flood plain by the Federal Emergency Management Agency and which is inhabited by no more than thirty registered voters and for which a final declaratory judgment has been granted prior to January 1, 1993, approving such annexation and where notarized affidavits expressing approval of the proposed annexation are obtained from a majority of the registered voters residing in the area to be annexed, the area may be annexed by an ordinance duly enacted by the governing body and no elections shall be required; and

(2) In the case of a proposed annexation of unincorporated territory in which no qualified electors reside, if at least a majority of the qualified electors voting on the proposition are in favor of the annexation, the city, town or village may proceed to annex the territory and no subsequent election shall be required.

If the proposal fails to receive the necessary separate majorities, no part of the area sought to be annexed may be the subject of any other proposal to annex for a period of two years from the date of such election, except that, during the two-year period, the owners of all fee interests of record in the area or any portion of the area may petition the city, town, or village for the annexation of the land owned by them pursuant to the procedures in section 71.012 or 71.014.

The election shall, if authorized, be held, except as otherwise provided in this section, in accordance with the general state laws governing special elections, and the entire cost of the election or elections shall be paid by the city, town, or village proposing to annex the territory. Failure of the city, town or village to comply in providing services to the area or to zone in compliance with the plan of intent within three years after the effective date of the annexation, unless compliance is made unreasonable by an act of God, shall give rise to a cause of action for deannexation which may be filed in the circuit court not later than four years after the effective date of the annexation by any resident of the area who was residing in such area at the time the annexation became effective or by any nonresident owner of real property in such area.

4. Except for a cause of action for deannexation under subdivision (2) of subsection 3 of this section, any action of any kind seeking to deannex from any city, town, or village any area annexed under this section, or seeking in any way to reverse, invalidate, set aside, or otherwise challenge such annexation or oust such city, town, or village from jurisdiction over such annexed area shall be brought within five years of the date of the adoption of the annexation ordinance."; and

The term "processing" shall not include hulling, cleaning, drying, grating, or polishing;

(2) "Hydroelectric power generating equipment", very-low-head turbine generators with a nameplate generating capacity of at least four hundred kilowatts but not more than six hundred kilowatts and machinery and equipment used directly in the production, generation, conversion, storage, or conveyance of hydroelectric power to land-based devices and appurtenances used in the transmission of electrical energy;

(3) "Intangible personal property", for the purpose of taxation, shall include all property other than real property and tangible personal property, as defined by this section;

(4) "Real property" includes land itself, whether laid out in town lots or otherwise, and all growing crops, buildings, structures, improvements and fixtures of whatever kind thereon, hydroelectric power generating equipment, the installed poles used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes, provided the owner of such installed poles is also an owner of a fee simple interest, possessor of an easement, holder of a license or franchise, or is the beneficiary of a right-of-way dedicated for public utility purposes for the underlying land; attached wires, transformers, amplifiers, substations, and other such devices and

appurtenances used in the transmission or reception of electrical energy, audio signals, video signals or similar purposes when owned by the owner of the installed poles, otherwise such items are considered personal property; and stationary property used for transportation or storage of liquid and gaseous products, including, but not limited to, petroleum products, natural gas, propane or LP gas equipment, water, and sewage;

(5) **"Reliever airport", any land and improvements, exclusive of structures, on privately owned airports that qualify as reliever airports under the National Plan of Integrated Airports System that may receive federal airport improvement project funds through the Federal Aviation Administration;**

(6) "Tangible personal property" includes every tangible thing being the subject of ownership or part ownership whether animate or inanimate, other than money, and not forming part or parcel of real property as herein defined, but does not include household goods, furniture, wearing apparel and articles of personal use and adornment, as defined by the state tax commission, owned and used by a person in his home or dwelling place.

Real property classified as forest croplands shall not be agricultural or horticultural property so long as it is classified as forest croplands and shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution. Agricultural and horticultural property shall also include any sawmill or planing mill defined in the U.S. Department of Labor's Standard Industrial Classification (SIC) Manual under Industry Group 242 with the SIC number 2421;

(3) "Utility, industrial, commercial, railroad and other real property", all real property used directly or indirectly for any commercial, mining, industrial, manufacturing, trade, professional, business, or similar purpose, including all property centrally assessed by the state tax commission but shall not include floating docks, portions of which are separately owned and the remainder of which is designated for common ownership and in which no one person or business entity owns more than five individual units. All other real property not included in the property listed in subclasses (1) and (2) of Section 4(b) of Article X of the Missouri Constitution, as such property is defined in this section, shall be deemed to be included in the term "utility, industrial, commercial, railroad and other real property".

2. Pursuant to Article X of the state constitution, any taxing district may adjust its operating levy to recoup any loss of property tax revenue, except revenues from the surtax imposed pursuant to Article X, Subsection 2 of Section 6 of the constitution, as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units if such adjustment of the levy does not exceed the highest tax rate in effect subsequent to the 1980 tax year. For purposes of this section, loss in revenue shall include the difference between the revenue that would have been collected on such property under its classification prior to enactment of this section and the amount to be collected under its classification under this section. The county assessor of each county or city not within a county shall provide information to each taxing district within its boundaries regarding the difference in assessed valuation of such property as the result of such change in classification.

3. All reclassification of property as the result of changing the classification of structures intended to be used for residential living by human occupants which contain five or more dwelling units shall apply to assessments made after December 31, 1994.

4. Where real property is used or held for use for more than one purpose and such uses result in different classifications, the county assessor shall allocate to each classification the percentage of the true value in money of the property devoted to each use; except that, where agricultural and horticultural property, as defined in this section, also contains a dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to five acres immediately surrounding such farm dwelling shall be residential property, as defined in this section. **This subsection shall not apply to any reliever airport.**

5. All real property which is vacant, unused, or held for future use; which is used for a private club, a not-for-profit or other nonexempt lodge, club, business, trade, service organization, or similar entity; or for which a determination as to its classification cannot be made under the definitions set out in subsection 1 of this section, shall be classified according to its immediate most suitable economic use, which use shall be determined after consideration of:

- (1) Immediate prior use, if any, of such property;
- (2) Location of such property;
- (3) Zoning classification of such property; except that, such zoning classification shall not be considered conclusive if, upon consideration of all factors, it is determined that such zoning classification does not reflect the immediate most suitable economic use of the property;
- (4) Other legal restrictions on the use of such property;
- (5) Availability of water, electricity, gas, sewers, street lighting, and other public services for such property;
- (6) Size of such property;
- (7) Access of such property to public thoroughfares; and
- (8) Any other factors relevant to a determination of the immediate most suitable economic use of such property.

6. All lands classified as forest croplands shall not, for taxation purposes, be classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this section, but shall be taxed in accordance with the laws enacted to implement Section 7 of Article X of the Missouri Constitution.

137.017. 1. For general property assessment purposes, the true value in money of land which is in use as agricultural and horticultural property, as defined in section 137.016, shall be that value which such land has for agricultural or horticultural use. The true value of buildings or other structures customarily associated with farming, agricultural, and horticultural uses, excluding residential dwellings and related land, shall be added to the use value of the agricultural and horticultural land to determine the value of the agricultural and horticultural property under sections 137.017 to 137.021.

2. After it has been established that the land is actually agricultural and horticultural property, as defined in section 137.016, and is being valued and assessed accordingly, the land shall remain in this category as long as the owner of the land complies with the provisions of sections 137.017 to 137.021.

3. Continuance of valuation and assessment for general property taxation under the provisions of sections 137.017 to 137.021 shall depend upon continuance of the land being used as agricultural and horticultural property, as defined in section 137.016, and compliance with the other requirements of sections 137.017 to 137.021 and not upon continuance in the same owner of title to the land.

4. For general property assessment purposes, the true value in money of vacant and unused land which is classified as agricultural and horticultural property under subsection 3 of section 137.016 shall be its fair market value. **This subsection shall not apply to any reliever airport.**

5. For general property assessment purposes, the true value in money of a reliever airport shall be that value which such land has for agricultural or horticultural use."; and

On motion of Representative Engler, the title of **SB 594** was agreed to.

Representative Kolkmeier assumed the Chair.

Representative Hill offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Bill No. 594, Page 1, Section A, Line 2, by inserting after all of said line the following:

"191.671. 1. No other section of this act shall apply to any insurer, health services corporation, or health maintenance organization licensed by the department of insurance, financial institutions and professional registration which conducts HIV testing only for the purposes of assessing a person's fitness for insurance coverage offered by such insurer, health services corporation, or health maintenance corporation, except that nothing in this section shall

be construed to exempt any insurer, health services corporation or health maintenance organization in their capacity as employers from the provisions of section 191.665 relating to employment practices.

2. Upon renewal of any individual or group insurance policy, subscriber contractor health maintenance organization contract covering medical expenses, no insurer, health services corporation or health maintenance organization shall deny or alter coverage to any previously covered individual who has been diagnosed as having HIV infection or any HIV-related condition during the previous policy or contract period only because of such diagnosis, nor shall any such insurer, health services corporation or health maintenance organization exclude coverage for treatment of such infection or condition with respect to any such individual. **The provisions of this subsection shall not apply to short-term major medical policies having a duration of less than one year.**

3. The director of the department of insurance, financial institutions and professional registration shall establish by regulation standards for the use of HIV testing by insurers, health services corporations and health maintenance organizations.

4. A laboratory certified by the U.S. Department of Health and Human Services under the Clinical Laboratory Improvement Act of 1967, permitting testing of specimens obtained in interstate commerce, and which subjects itself to ongoing proficiency testing by the College of American Pathologists, the American Association of Bio Analysts, or an equivalent program approved by the Centers for Disease Control shall be authorized to perform or conduct HIV testing for an insurer, health services corporation or health maintenance organization pursuant to this section.

5. The result or results of HIV testing of an applicant for insurance coverage shall not be disclosed by an insurer, health services corporation or health maintenance organization, except as specifically authorized by such applicant in writing. Such result or results shall, however, be disclosed to a physician designated by the subject of the test. If there is no physician designated, the insurer, health services corporation, or health maintenance organization shall disclose the identity of individuals residing in Missouri having a confirmed positive HIV test result to the department of health and senior services. Provided, further, that no such insurer, health services corporation or health maintenance organization shall be liable for violating any duty or right of confidentiality established by law for disclosing such identity of individuals having a confirmed positive HIV test result to the department of health and senior services. Such disclosure shall be in a manner that ensures confidentiality. Disclosure of test results in violation of this section shall constitute a violation of sections 375.930 to 375.948 regulating trade practices in the business of insurance. Nothing in this subsection shall be construed to foreclose any remedies existing on June 1, 1988.

376.008. 1. All short-term major medical policies delivered or issued for delivery in this state shall include on any application for coverage and on the fact page of all policies a conspicuous and clearly captioned paragraph stating:

This policy may not cover preexisting conditions, including conditions you may currently have and are unaware of but are not diagnosed until the policy's term. This policy may not cover certain essential health benefits, including prescription drugs, preventative care, and emergency services. Before you realize benefits under this policy, you may be responsible for a deductible and/or coinsurance. Be sure to discuss these items with your insurance broker before purchasing a short-term medical policy.

2. No short-term major medical policy shall be delivered or issued for delivery in this state until the prospective insured has confirmed receipt of a benefit summary statement. As used in this section, "benefit summary statement" shall mean a no more than two-page plain language explanation of the following:

- (1) Coverage limits, if any, expressed in dollars for:**
 - (a) Each occurrence;**
 - (b) Each covered benefit including, but not limited to, any benefit that is or was a covered benefit for any duration or dollar amount during the contract period and anything included under subdivision (2) of this subsection; and**
 - (c) Each contract period;**
- (2) Copayments and deductibles for each covered benefit including, but not limited to:**
 - (a) Inpatient hospital care;**
 - (b) Outpatient hospital care;**
 - (c) Nonhospital inpatient care;**
 - (d) Nonhospital outpatient care;**
 - (e) Prescription drugs; and**

(f) Emergency services; and

(3) Any copayment or deductible for an illness or affliction which differs from the copayment or deductible required to be described under subdivision (2) of this subsection.

376.385. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall offer coverage for all physician-prescribed medically appropriate and necessary equipment, supplies and self-management training used in the management and treatment of diabetes. Coverage shall include persons with gestational, type I or type II diabetes.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section may reduce or eliminate coverage due to the requirements of this section.

4. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, **short-term major medical policies having a duration of less than one year**, or other limited benefit health insurance policies.

376.429. 1. All health benefit plans, as defined in section 376.1350, that are delivered, issued for delivery, continued or renewed on or after August 28, 2006, and providing coverage to any resident of this state shall provide coverage for routine patient care costs as defined in subsection 7 of this section incurred as the result of phase II, III, or IV of a clinical trial that is approved by an entity listed in subsection 4 of this section and is undertaken for the purposes of the prevention, early detection, or treatment of cancer. Health benefit plans may limit coverage for the routine patient care costs of patients in phase II of a clinical trial to those treating facilities within the health benefit plans' provider network; except that, this provision shall not be construed as relieving a health benefit plan of the sufficiency of network requirements under state statute.

2. In the case of treatment under a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives.

3. Coverage required by this section shall include coverage for routine patient care costs incurred for drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, including coverage for reasonable and medically necessary services needed to administer the drug or use the device under evaluation in the clinical trial.

4. Subsections 1 and 2 of this section requiring coverage for routine patient care costs shall apply to phase III or IV of clinical trials that are approved or funded by one of the following entities:

- (1) One of the National Institutes of Health (NIH);
- (2) An NIH cooperative group or center as defined in subsection 7 of this section;
- (3) The FDA in the form of an investigational new drug application;
- (4) The federal Departments of Veterans' Affairs or Defense;
- (5) An institutional review board in this state that has an appropriate assurance approved by the

Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects (45 CFR 46); or

- (6) A qualified research entity that meets the criteria for NIH Center support grant eligibility.

5. Subsections 1 and 2 of this section requiring coverage for routine patient care costs shall apply to phase II of clinical trials if:

(1) Phase II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and

(2) The person covered under this section is enrolled in the clinical trial. This section shall not apply to persons who are only following the protocol of phase II of a clinical trial, but not actually enrolled.

6. An entity seeking coverage for treatment, prevention, or early detection in a clinical trial approved by an institutional review board under subdivision (5) of subsection 4 of this section shall maintain and post electronically a list of the clinical trials meeting the requirements of subsections 2 and 3 of this section. This list shall include: the phase for which the clinical trial is approved; the entity approving the trial; the particular disease; and the number of participants in the trial. If the electronic posting is not practical, the entity seeking coverage shall periodically provide payers and providers in the state with a written list of trials providing the information required in this section.

7. As used in this section, the following terms shall mean:

(1) "Cooperative group", a formal network of facilities that collaborate on research projects and have an established NIH-approved Peer Review Program operating within the group, including the NCI Clinical Cooperative Group and the NCI Community Clinical Oncology Program;

(2) "Multiple project assurance contract", a contract between an institution and the federal Department of Health and Human Services (DHHS) that defines the relationship of the institution to the DHHS and sets out the responsibilities of the institution and the procedures that will be used by the institution to protect human subjects;

(3) "Routine patient care costs" shall include coverage for reasonable and medically necessary services needed to administer the drug or device under evaluation in the clinical trial. Routine patient care costs include all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- (a) The investigational item or service itself;
- (b) Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- (c) Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

8. For the purpose of this section, providers participating in clinical trials shall obtain a patient's informed consent for participation on the clinical trial in a manner that is consistent with current legal and ethical standards. Such documents shall be made available to the health insurer upon request.

9. The provisions of this section shall not apply to a policy, plan or contract paid under Title XVIII or Title XIX of the Social Security Act.

10. Nothing in this section shall apply to any accident-only policy, specified disease policy, hospital indemnity policy, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or other limited benefit health insurance policies.

11. The provisions of this section regarding phase II of a clinical trial shall not apply automatically to an individually underwritten health benefit plan, but shall be an option to any such plan.

376.446. 1. Health carriers shall permit individuals to learn the amount of cost-sharing, including deductibles, copayments, and coinsurance, under the individual's health benefit plan or coverage that the individual would be responsible for paying with respect to the furnishing of a specific item or service by a participating provider in a timely manner upon the request of the individual. At a minimum, such information shall be made available to such individual through an internet website and such other means for individuals without access to the internet. As used in this section, the terms "health carrier" and "health benefit plans" shall have the same meanings assigned to them in section 376.1350.

2. (3) Any health carrier which is owned, operated or controlled in substantial part by an entity that is operated pursuant to moral, ethical or religious tenets that are contrary to the use or provision of contraceptives shall be exempt from the provisions of subdivision (4) of subsection 1 of this section. For purposes of this subsection, if new premiums are charged for a contract, plan or policy, it shall be determined to be a new contract, plan or policy.

5. Except for a health carrier that is exempted from providing coverage for contraceptives pursuant to this section, a health carrier shall allow enrollees in a health benefit plan that excludes coverage for contraceptives pursuant to subsection 4 of this section to purchase a health benefit plan that includes coverage for contraceptives.

7. Health carriers shall not disclose to the person or entity who purchased the health benefit plan the names of enrollees who exclude coverage for contraceptives in the health benefit plan or who purchase a health benefit plan that includes coverage for contraceptives. Health carriers and the person or entity who purchased the health benefit plan shall not discriminate against an enrollee because the enrollee excluded coverage for contraceptives in the health benefit plan or purchased a health benefit plan that includes coverage for contraceptives.

8. The departments of health and senior services and insurance, financial institutions and professional registration may promulgate rules necessary to implement the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

376.1200. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1996, shall offer coverage for the treatment of breast cancer by dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants when performed pursuant to nationally accepted peer review protocols utilized by breast cancer treatment centers experienced in dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants. The offer of benefits under this section shall be in writing and must be accepted in writing by the individual or group policyholder or contract holder.

2. Such health care service shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan, except that the policy, contract or plan may contain a provision imposing a lifetime benefit maximum of not less than one hundred thousand dollars, for dose-intensive chemotherapy/autologous bone marrow transplants or stem cell transplants for breast cancer treatment.

3. Benefits may be administered for such health care service through a managed care program of exclusive and/or preferred contractual arrangements with one or more providers rendering such health care service. These contractual arrangements may provide that the provider shall hold the patient harmless for the cost of rendering such health care service if it is subsequently found by the entity authorized to resolve disputes that:

- (1) Such care did not qualify under the protocols established for the providing of care for such health care service;
- (2) Such care was not medically appropriate; or
- (3) The provider otherwise failed to comply with the utilization management or other managed care provision agreed to in any contract between the entity and the provider.

4. The provisions of this section shall not apply to short-term travel, accident-only, limited or specified disease policies, or to short-term nonrenewable policies ~~[of not more than seven months duration]~~ **having a duration of less than one year.**

5. Nothing in this section shall prohibit an entity from including all or part of such health care services as standard coverage in its policies, contracts or plans.

376.1209. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that provide coverage for the surgical procedure known as a mastectomy, and which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1998, shall provide coverage for prosthetic devices or reconstructive surgery necessary to restore symmetry as recommended by the oncologist or primary care physician for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the same deductible and coinsurance conditions applied to the mastectomy and all other terms and conditions applicable to other benefits with the exception that no time limit shall be imposed on an individual for the receipt of prosthetic devices or reconstructive surgery and if such individual changes his or her insurer, then the new policy subject to the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, shall provide coverage consistent with the federal Women's Health and Cancer Rights Act (Sections 901-903 of P.L. 105-277), as amended, and any regulations promulgated pursuant to such act.

2. As used in this section, the term "mastectomy" means the removal of all or part of the breast for medically necessary reasons, as determined by a physician licensed pursuant to chapter 334.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, **short-term major medical policy having a duration of less than one year**, or long-term care policy.

376.1210. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, shall provide coverage for a minimum of forty-eight hours of inpatient care following a vaginal delivery and a minimum of ninety-six hours of inpatient care following a cesarean section for a mother and her newly born child in a hospital as defined in section 197.020 or any other health care facility licensed to provide obstetrical care under the provisions of chapter 197.

2. Notwithstanding the provisions of subsection 1 of this section, any entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 1997, and providing for maternity benefits, may authorize a shorter length of hospital stay for services related to maternity and newborn care if:

(1) A shorter hospital stay meets with the approval of the attending physician after consulting with the mother. The physician's approval to discharge shall be made in accordance with the most current version of the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization; and

(2) The entity providing the individual or group health insurance policy provides coverage for post-discharge care to the mother and her newborn.

3. Post-discharge care shall consist of a minimum of two visits at least one of which shall be in the home, in accordance with accepted maternal and neonatal physical assessments, by a registered professional nurse with experience in maternal and child health nursing or a physician. The location and schedule of the post-discharge visits shall be determined by the attending physician. Services provided by the registered professional nurse or physician shall include, but not be limited to, physical assessment of the newborn and mother, parent education, assistance and training in breast or bottle feeding, education and services for complete childhood immunizations, the performance of any necessary and appropriate clinical tests and submission of a metabolic specimen satisfactory to the state laboratory. Such services shall be in accordance with the medical criteria outlined in the most current version of the "Guidelines for Perinatal Care" prepared by the American Academy of Pediatrics and the American College of Obstetricians and Gynecologists, or similar guidelines prepared by another nationally recognized medical organization. Any abnormality, in the condition of the mother or the child, observed by the nurse shall be reported to the attending physician as medically appropriate.

4. For the purposes of this section, "attending physician" shall include the attending obstetrician, pediatrician, or other physician attending the mother or newly born child.

5. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide notice to policyholders, insured persons and participants regarding the coverage required by this section. Such notice shall be in writing and prominently positioned in the policy, certificate of coverage or summary plan description.

6. Such health care service shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

7. No insurer may provide financial disincentives to, or deselect, terminate the services of, require additional documentation from, require additional utilization review, or reduce payments to, or otherwise penalize the attending physician in retaliation solely for ordering care consistent with the provisions of this section.

8. **The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.**

9. The department of insurance, financial institutions and professional registration shall adopt rules and regulations to implement and enforce the provisions of this section. No rule or portion of a rule promulgated pursuant to this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

376.1215. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization and all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description shall provide coverage for immunizations of a child from birth to five years of age as provided by department of health and senior services regulations.

2. Such coverage shall not be subject to any deductible or co-payment limits.

3. The contract issued by a health maintenance organization may provide that the benefits required pursuant to this section shall be covered benefits only if the services are rendered by a provider who is designated by and affiliated with the health maintenance organization, except that the health maintenance organization shall, as a condition of participation, comply with the immunization requirements of state or federally funded health programs.

4. This section shall not apply to supplemental insurance policies, including life care contracts, accident-only policies, specified disease policies, hospital policies providing a fixed daily benefit only, Medicare supplement policies, long-term care policies, coverage issued as a supplement to liability insurance, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, and other supplemental policies as determined by the department of insurance, financial institutions and professional registration.

5. The department of health and senior services shall promulgate rules and regulations to determine which immunizations shall be covered by policies, plans or contracts described in this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

6. No health care provider shall charge more than one hundred percent of the reasonable and customary charges for providing any immunization.

376.1218. 1. Any health carrier or health benefit plan that offers or issues health benefit plans, other than Medicaid health benefit plans, which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2006, shall provide coverage for early intervention services described in this section that are delivered by early intervention specialists who are health care professionals licensed by the state of Missouri and acting within the scope of their professions for children from birth to age three identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Such coverage shall be limited to three thousand dollars for each covered child per policy per calendar year, with a maximum of nine thousand dollars per child.

2. As used in this section, "health carrier" and "health benefit plan" shall have the same meaning as such terms are defined in section 376.1350.

3. In the event that any health benefit plan is found not to be required to provide coverage under subsection 1 of this section because of preemption by a federal law, including but not limited to the act commonly known as

ERISA contained in Title 29 of the United States Code, or in the event that subsection 1 of this section is found to be unconstitutional, then the lead agency shall be responsible for payment and provision of any benefit provided under this section.

4. For purposes of this section, "early intervention services" means medically necessary speech and language therapy, occupational therapy, physical therapy, and assistive technology devices for children from birth to age three who are identified by the Part C early intervention system as eligible for services under Part C of the Individuals with Disabilities Education Act, 20 U.S.C. Section 1431, et seq. Early intervention services shall include services under an active individualized family service plan that enhance functional ability without effecting a cure. An individualized family service plan is a written plan for providing early intervention services to an eligible child and the child's family that is adopted in accordance with 20 U.S.C. Section 1436. The Part C early intervention system, on behalf of its contracted regional Part C early intervention system centers and providers, shall be considered the rendering provider of services for purposes of this section.

5. No payment made for specified early intervention services shall be applied by the health carrier or health benefit plan against any maximum lifetime aggregate specified in the policy or health benefit plan if the carrier opts to satisfy its obligations under this section under subdivision (2) of subsection 7 of this section. A health benefit plan shall be billed at the applicable Medicaid rate at the time the covered benefit is delivered, and the health benefit plan shall pay the Part C early intervention system at such rate for benefits covered by this section. Services under the Part C early intervention system shall be delivered as prescribed by the individualized family service plan and an electronic claim filed in accordance with the carrier's or plan's standard format. Beginning January 1, 2007, such claims' payments shall be made in accordance with the provisions of sections 376.383 and 376.384.

6. The health care service required by this section shall not be subject to any greater deductible, co-payment, or coinsurance than other similar health care services provided by the health benefit plan.

7. (1) Subject to the provisions of this section, payments made during a calendar year by a health carrier or group of carriers affiliated by or under common ownership or control to the Part C early intervention system for services provided to children covered by the Part C early intervention system shall not exceed one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement.

(2) In lieu of reimbursing claims under this section, a carrier or group of carriers affiliated by or under common ownership or control may, on behalf of all of the carrier's or carriers' health benefit plan or plans providing coverage under this section, directly pay the Part C early intervention system by January thirty-first of the calendar year an amount equal to one-half of one percent of the direct written premium for health benefit plans as reported to the department of insurance, financial institutions and professional registration on the health carrier's most recently filed annual financial statement, or five hundred thousand dollars, whichever is less, and such payment shall constitute full and complete satisfaction of the health benefit plan's obligation for the calendar year. Nothing in this subsection shall require a health carrier or health benefit plan providing coverage under this section to amend or modify any provision of an existing policy or plan relating to the payment or reimbursement of claims by the health carrier or health benefit plan.

8. This section shall not apply to a supplemental insurance policy, including a life care contract, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, hospitalization-surgical care policy, policy that is individually underwritten or provides such coverage for specific individuals and members of their families, long-term care policy, or short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year.**

9. Except for health carriers or health benefit plans making payments under subdivision (2) of subsection 7 of this section, the department of insurance, financial institutions and professional registration shall collect data related to the number of children receiving private insurance coverage under this section and the total amount of moneys paid on behalf of such children by private health carriers or health benefit plans. The department shall report to the general assembly regarding the department's findings no later than January 30, 2007, and annually thereafter.

10. Notwithstanding the provisions of section 23.253 to the contrary, the provisions of this section shall not sunset.

376.1219. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual and group health service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed in this state on or after September 1, 1997, shall provide coverage for formula and

low protein modified food products recommended by a physician for the treatment of a patient with phenylketonuria or any inherited disease of amino and organic acids who is covered under the policy, contract, or plan and who is less than six years of age.

2. For purposes of this section, "low protein modified food products" means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a physician for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

3. The coverage required by this section may be subject to the same deductible for similar health care services provided by the policy, contract, or plan as well as a reasonable coinsurance or co-payment on the part of the insured, which shall not be greater than fifty percent of the cost of the formula and food products, and may be subject to an annual benefit maximum of not less than five thousand dollars per covered child. Nothing in this section shall prohibit a carrier from using individual case management or from contracting with vendors of the formula and food products.

4. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, **short-term major medical policy having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1220. 1. Each policy issued by an entity offering individual and group health insurance which provides coverage on an expense-incurred basis, individual or group health service, or indemnity contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group health arrangements to the extent not preempted by federal law, and all health care plans provided by managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state shall provide coverage for newborn hearing screening, necessary rescreening, audiological assessment and follow-up, and initial amplification.

2. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the policy, contract or plan.

3. This section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Coverage for newborn hearing screening and any necessary rescreening and audiological assessment shall be provided to newborns eligible for medical assistance pursuant to section 208.151, and the children's health program pursuant to sections 208.631 to 208.660, with payment for the newborn hearing screening required in section 191.925, and any necessary rescreening, audiological assessment and follow-up, and amplification as described in section 191.928.

376.1224. 1. For purposes of this section, the following terms shall mean:

(3) "Autism spectrum disorders", a neurobiological disorder, an illness of the nervous system, which includes Autistic Disorder, Asperger's Disorder, Pervasive Developmental Disorder Not Otherwise Specified, Rett's Disorder, and Childhood Disintegrative Disorder, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association;

(4) "Diagnosis of autism spectrum disorders", medically necessary assessments, evaluations, or tests in order to diagnose whether an individual has an autism spectrum disorder;

(5) "Habilitative or rehabilitative care", professional, counseling, and guidance services and treatment programs, including applied behavior analysis, that are necessary to develop the functioning of an individual;

(9) "Pharmacy care", medications used to address symptoms of an autism spectrum disorder prescribed by a licensed physician, and any health-related services deemed medically necessary to determine the need or effectiveness of the medications only to the extent that such medications are included in the insured's health benefit plan;

(b) Psychological care;

(c) Habilitative or rehabilitative care, including applied behavior analysis therapy;

(d) Therapeutic care;

(e) Pharmacy care.

2. All group health benefit plans that are delivered, issued for delivery, continued, or renewed on or after January 1, 2011, if written inside the state of Missouri, or written outside the state of Missouri but insuring Missouri residents, shall provide coverage for the diagnosis and treatment of autism spectrum disorders to the extent that such diagnosis and treatment is not already covered by the health benefit plan.

3. With regards to a health benefit plan, a health carrier shall not deny or refuse to issue coverage on, refuse to contract with, or refuse to renew or refuse to reissue or otherwise terminate or restrict coverage on an individual or their dependent because the individual is diagnosed with autism spectrum disorder.

4. (1) Coverage provided under this section is limited to medically necessary treatment that is ordered by the insured's treating licensed physician or licensed psychologist, pursuant to the powers granted under such licensed physician's or licensed psychologist's license, in accordance with a treatment plan.

(2) The treatment plan, upon request by the health benefit plan or health carrier, shall include all elements necessary for the health benefit plan or health carrier to pay claims. Such elements include, but are not limited to, a diagnosis, proposed treatment by type, frequency and duration of treatment, and goals.

(3) Except for inpatient services, if an individual is receiving treatment for an autism spectrum disorder, a health carrier shall have the right to review the treatment plan not more than once every six months unless the health carrier and the individual's treating physician or psychologist agree that a more frequent review is necessary. Any such agreement regarding the right to review a treatment plan more frequently shall only apply to a particular individual being treated for an autism spectrum disorder and shall not apply to all individuals being treated for autism spectrum disorders by a physician or psychologist. The cost of obtaining any review or treatment plan shall be borne by the health benefit plan or health carrier, as applicable.

5. Coverage provided under this section for applied behavior analysis shall be subject to a maximum benefit of forty thousand dollars per calendar year for individuals through eighteen years of age. Such maximum benefit limit may be exceeded, upon prior approval by the health benefit plan, if the provision of applied behavior analysis services beyond the maximum limit is medically necessary for such individual. Payments made by a health carrier on behalf of a covered individual for any care, treatment, intervention, service or item, the provision of which was for the treatment of a health condition unrelated to the covered individual's autism spectrum disorder, shall not be applied toward any maximum benefit established under this subsection. Any coverage required under this section, other than the coverage for applied behavior analysis, shall not be subject to the age and dollar limitations described in this subsection.

6. The maximum benefit limitation for applied behavior analysis described in subsection 5 of this section shall be adjusted by the health carrier at least triennially for inflation to reflect the aggregate increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor index, as defined and officially published by the United States Department of Labor, or its successor agency. Beginning January 1, 2012, and annually thereafter, the current value of the maximum benefit limitation for applied behavior analysis coverage adjusted for inflation in accordance with this subsection shall be calculated by the director of the department of insurance, financial institutions and professional registration. The director shall furnish the calculated value to the secretary of state, who shall publish such value in the Missouri Register as soon after each January first as practicable, but it shall otherwise be exempt from the provisions of section 536.021.

7. Subject to the provisions set forth in subdivision (3) of subsection 4 of this section, coverage provided under this section shall not be subject to any limits on the number of visits an individual may make to an autism service provider, except that the maximum total benefit for applied behavior analysis set forth in subsection 5 of this section shall apply to this subsection.

8. This section shall not be construed as limiting benefits which are otherwise available to an individual under a health benefit plan. The health care coverage required by this section shall not be subject to any greater deductible, coinsurance, or co-payment than other physical health care services provided by a health benefit plan. Coverage of services may be subject to other general exclusions and limitations of the contract or benefit plan, not in conflict with the provisions of this section, such as coordination of benefits, exclusions for services provided by family or household members, and utilization review of health care services, including review of medical necessity and care management; however, coverage for treatment under this section shall not be denied on the basis that it is educational or habilitative in nature.

9. To the extent any payments or reimbursements are being made for applied behavior analysis, such payments or reimbursements shall be made to either:

- (1) The autism service provider, as defined in this section; or
- (2) The entity or group for whom such supervising person, who is certified as a board-certified behavior analyst by the Behavior Analyst Certification Board, works or is associated.

Such payments or reimbursements under this subsection to an autism service provider or a board-certified behavior analyst shall include payments or reimbursements for services provided by a line therapist under the supervision of such provider or behavior analyst if such services provided by the line therapist are included in the treatment plan and are deemed medically necessary.

10. Notwithstanding any other provision of law to the contrary, health carriers shall not be held liable for the actions of line therapists in the performance of their duties.

11. The provisions of this section shall apply to any health care plans issued to employees and their dependents under the Missouri consolidated health care plan established pursuant to chapter 103 that are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2011. The terms "employees" and "health care plans" shall have the same meaning ascribed to them in section 103.003.

12. The provisions of this section shall also apply to the following types of plans that are established, extended, modified, or renewed on or after January 1, 2011:

- (1) All self-insured governmental plans, as that term is defined in 29 U.S.C. Section 1002(32);
- (2) All self-insured group arrangements, to the extent not preempted by federal law;
- (3) All plans provided through a multiple employer welfare arrangement, or plans provided through another benefit arrangement, to the extent permitted by the Employee Retirement Income Security Act of 1974, or any waiver or exception to that act provided under federal law or regulation; and
- (4) All self-insured school district health plans.

13. The provisions of this section shall not automatically apply to an individually underwritten health benefit plan, but shall be offered as an option to any such plan.

14. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy.

15. Any health carrier or other entity subject to the provisions of this section shall not be required to provide reimbursement for the applied behavior analysis delivered to a person insured by such health carrier or other entity to the extent such health carrier or other entity is billed for such services by any Part C early intervention

program or any school district for applied behavior analysis rendered to the person covered by such health carrier or other entity. This section shall not be construed as affecting any obligation to provide services to an individual under an individualized family service plan, an individualized education plan, or an individualized service plan. This section shall not be construed as affecting any obligation to provide reimbursement pursuant to section 376.1218.

16. The provisions of sections 376.383, 376.384, and 376.1350 to 376.1399 shall apply to this section.

17. The director of the department of insurance, financial institutions and professional registration shall grant a small employer with a group health plan, as that term is defined in section 379.930, a waiver from the provisions of this section if the small employer demonstrates to the director by actual claims experience over any consecutive twelve-month period that compliance with this section has increased the cost of the health insurance policy by an amount of two and a half percent or greater over the period of a calendar year in premium costs to the small employer.

18. The provisions of this section shall not apply to the Mo HealthNet program as described in chapter 208.

19. (1) By February 1, 2012, and every February first thereafter, the department of insurance, financial institutions and professional registration shall submit a report to the general assembly regarding the implementation of the coverage required under this section. The report shall include, but shall not be limited to, the following:

(a) The total number of insureds diagnosed with autism spectrum disorder;

(b) The total cost of all claims paid out in the immediately preceding calendar year for coverage required by this section;

(c) The cost of such coverage per insured per month; and

(d) The average cost per insured for coverage of applied behavior analysis;

(2) All health carriers and health benefit plans subject to the provisions of this section shall provide the department with the data requested by the department for inclusion in the annual report.

376.1225. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1998, shall provide coverage for administration of general anesthesia and hospital charges for dental care provided to the following covered persons:

(1) A child under the age of five;

(2) A person who is severely disabled; or

(3) A person who has a medical or behavioral condition which requires hospitalization or general anesthesia when dental care is provided.

2. Each plan as described in this section must provide coverage for administration of general anesthesia and hospital or office charges for treatment rendered by a dentist, regardless of whether the services are provided in a participating hospital or surgical center or office.

3. Nothing in this section shall prevent a health carrier from requiring prior authorization for hospitalization for dental care procedures in the same manner that prior authorization is required for hospitalization for other covered diseases or conditions.

4. Nothing in this section shall apply to accident-only, dental-only plans or other specified disease, hospital indemnity, Medicare supplement or long-term care policies, or short-term major medical policies ~~[of six months or less in duration]~~ **having a duration of less than one year.**

376.1230. 1. Every policy issued by a health carrier, as defined in section 376.1350, shall provide coverage for chiropractic care delivered by a licensed chiropractor acting within the scope of his or her practice as defined in chapter 331. The coverage shall include initial diagnosis and clinically appropriate and medically necessary services and supplies required to treat the diagnosed disorder, subject to the terms and conditions of the policy. The coverage may be limited to chiropractors within the health carrier's network, and nothing in this section shall be construed to require a health carrier to contract with a chiropractor not in the carrier's network nor shall a carrier be required to reimburse for services rendered by a nonnetwork chiropractor unless prior approval has been obtained from the carrier by the enrollee. An enrollee may access chiropractic care within the network for a total of twenty-six chiropractic physician office visits per policy period, but may be required to provide the health carrier with notice prior to any additional visit as a condition of coverage. A health carrier may require prior authorization or notification before any follow-up diagnostic tests are ordered by a chiropractor or for any office visits for treatment in excess of twenty-six in any policy period. The certificate of coverage for any health benefit plan issued by a health carrier shall clearly state the availability of chiropractic coverage under the policy and any limitations, conditions, and exclusions.

2. A health benefit plan shall provide coverage for treatment of a chiropractic care condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a chiropractic care condition than for access to treatment for another physical health condition.

3. The provisions of this section shall not apply to any health plan or contract that is individually underwritten.

4. The provisions of this section shall not apply to benefits provided under the Medicaid program.

5. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policy ~~[of six months' or less- duration]~~ **having a duration of less than one year**, or any other similar supplemental policy.

376.1232. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2010, shall offer coverage for prosthetic devices and services, including original and replacement devices, as prescribed by a physician acting within the scope of his or her practice.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The amount of the benefit for prosthetic devices and services under this section shall be no less than the annual and lifetime benefit maximums applicable to the basic health care services required to be provided under the health benefit plan. If the health benefit plan does not include any annual or lifetime maximums applicable to basic health care services, the amount of the benefit for prosthetic devices and services shall not be subject to an annual or lifetime maximum benefit level. Any co-payment, coinsurance, deductible, and maximum out-of-pocket amount applied to the benefit for prosthetic devices and services shall be no more than the most common amounts applied to the basic health care services required to be provided under the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months or less- duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1235. 1. No health carrier or health benefit plan, as defined in section 376.1350, shall impose a co-payment or coinsurance percentage charged to the insured for services rendered for each date of service by a physical therapist licensed under chapter 334 or an occupational therapist licensed under chapter 324, for services that require a prescription, that is greater than the co-payment or coinsurance percentage charged to the insured for the services of a primary care physician licensed under chapter 334 for an office visit.

2. A health carrier or health benefit plan shall clearly state the availability of physical therapy and occupational therapy coverage under its plan and all related limitations, conditions, and exclusions.

3. Beginning September 1, 2016, the oversight division of the joint committee on legislative research shall perform an actuarial analysis of the cost impact to health carriers, insureds with a health benefit plan, and other private and public payers if the provisions of this section regarding occupational therapy coverage were enacted. By December 31, 2016, the director of the oversight division of the joint committee on legislative research shall submit a report of the actuarial findings prescribed by this section to the speaker, the president pro tem, and the chairpersons of both the house of representatives and senate standing committees having jurisdiction over health insurance matters. If the fiscal note cost estimation is less than the cost of an actuarial analysis, the actuarial analysis requirement shall be waived.

4. This section shall not apply to short-term major medical policies having a duration of less than one year.

376.1237. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, and that provides coverage for prescription eye drops shall provide coverage for the refilling of an eye drop prescription prior to the last day of the prescribed dosage period without regard to a coverage restriction for early refill of prescription renewals as long as the prescribing health care provider authorizes such early refill, and the health carrier or the health benefit plan is notified.

2. For the purposes of this section, health carrier and health benefit plan shall have the same meaning as defined in section 376.1350.

3. The coverage required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

5. The provisions of this section shall terminate on January 1, 2020.

376.1250. 1. All individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a nonprofit corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements to the extent not preempted by federal law and all managed health care delivery entities of any type or description, that are delivered, issued for delivery, continued or renewed on or after August 28, 1999, and providing coverage to any resident of this state shall provide benefits or coverage for:

(1) A pelvic examination and pap smear for any nonsymptomatic woman covered under such policy or contract, in accordance with the current American Cancer Society guidelines;

(2) A prostate examination and laboratory tests for cancer for any nonsymptomatic man covered under such policy or contract, in accordance with the current American Cancer Society guidelines; and

(3) A colorectal cancer examination and laboratory tests for cancer for any nonsymptomatic person covered under such policy or contract, in accordance with the current American Cancer Society guidelines.

2. Coverage and benefits related to the examinations and tests as required by this section shall be at least as favorable and subject to the same dollar limits, deductible, and co-payments as other covered benefits or services.

3. Nothing in this act shall apply to accident-only, hospital indemnity, Medicare supplement, long-term care, or other limited benefit health insurance policies.

4. The provisions of this section shall not apply to short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**.

5. The attending physician shall advise the patient of the advantages, disadvantages, and risks, including cancer, associated with breast implantation prior to such operation.

6. Nothing in this section shall alter, impair or otherwise affect claims, rights or remedies available pursuant to law.

376.1253. 1. Each physician attending any patient with a newly diagnosed cancer shall inform the patient that the patient has the right to a referral for a second opinion by an appropriate board-certified specialist prior to any treatment. If no specialist in that specific cancer diagnosis area is in the provider network, a referral shall be made to a nonnetwork specialist in accordance with this section.

2. Each health carrier or health benefit plan, as defined in section 376.1350, that offers or issues health benefit plans which are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2003, shall provide coverage for a second opinion rendered by a specialist in that specific cancer diagnosis area when a patient with a newly diagnosed cancer is referred to such specialist by his or her attending physician. Such coverage shall be subject to the same deductible and coinsurance conditions applied to other specialist referrals and all other terms and conditions applicable to other benefits, including the prior authorization and/or referral authorization requirements as specified in the applicable health insurance policy.

3. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1257. 1. As used in this section the following terms shall mean:

(1) "Anticancer medications", medications used to kill or slow the growth of cancerous cells;

(2) "Covered person", a policyholder, subscriber, enrollee, or other individual enrolled in or insured by a health benefit plan for health insurance coverage;

(3) "Health benefit plan", shall have the same meaning as defined in section 376.1350.

2. Any health benefit plan that provides coverage and benefits for cancer treatment shall provide coverage of prescribed orally administered anticancer medications on a basis no less favorable than intravenously administered or injected anticancer medications.

3. Coverage of orally administered anticancer medication shall not be subject to any prior authorization, dollar limit, co-payment, deductible, or other out-of-pocket expense that does not apply to intravenously administered or injected anticancer medication, regardless of formulation or benefit category determination by the company administering the health benefit plan.

4. The health benefit plan shall not reclassify or increase any type of cost-sharing to the covered person for anticancer medications in order to achieve compliance with this section. Any change in health insurance coverage, which otherwise increases an out-of-pocket expense to anticancer medications, shall be applied to the majority of comparable medical or pharmaceutical benefits covered by the health benefit plan.

5. Notwithstanding the provisions of subsections 2, 3, and 4 of this section, a health benefit plan that limits the total amounts paid by a covered person through all cost-sharing requirements to no more than seventy-five dollars per thirty-day supply for any orally administered anticancer medication shall be considered in compliance with this section. On January 1, 2016, and on January first of each year thereafter, a health benefit plan may adjust such seventy-five dollar limit. The adjustment shall not exceed the Consumer Price Index for All Urban Consumers Midwest Region for that year. For purposes of this subsection "cost-sharing requirements" shall include co-payments, coinsurance, deductibles, and any other amounts paid by the covered person for that prescription.

6. For a health benefit plan that meets the definition of "high deductible health plan" as defined by 26 U.S.C. 223(c)(2), the provisions of subsection 5 of this section shall only apply after a covered person's deductible has been satisfied for the year.

7. The provisions of this section shall not apply to short-term major medical policies having a duration of less than one year.

8. The provisions of this section shall become effective January 1, 2015.

376.1275. 1. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2003, shall include coverage for their members for the cost for human leukocyte antigen testing, also referred to as histocompatibility locus antigen testing, for A, B, and DR antigens for utilization in bone marrow transplantation. The testing must be performed in a facility which is accredited by the American Association of Blood Banks or its successors, and is licensed under the Clinical Laboratory Improvement Act, 42 U.S.C. Section 263a, as amended, and is accredited by the American Association of Blood Banks or its successors, the College of American Pathologists, the American Society for Histocompatibility and Immunogenetics (ASHI) or any other national accrediting body with requirements that are substantially equivalent to or more stringent than those of the College of American Pathologists. At the time of testing, the person being tested must complete and sign an informed consent form which also authorizes the results of the test to be used for participation in the National Marrow Donor Program. The health benefit plan may limit each enrollee to one such testing per lifetime to be reimbursed at a cost of no greater than seventy-five dollars by the health carrier or health benefit plan.

2. For the purposes of this section, "health carrier" and "health benefit plan" shall have the same meaning as defined in section 376.1350.

3. The health care service required by this section shall not be subject to any greater deductible or co-payment than other similar health care services provided by the health benefit plan.

4. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

376.1290. 1. Each entity offering individual and group health insurance policies providing coverage on an expense-incurred basis, individual and group service or indemnity type contracts issued by a health services corporation, individual and group service contracts issued by a health maintenance organization, all self-insured group arrangements, to the extent not preempted by federal law, and all managed health care delivery entities of any type or description that are delivered, issued for delivery, continued or renewed in this state on or after January 1, 2002, shall offer coverage for testing pregnant women for lead poisoning and for all testing for lead poisoning authorized by sections 701.340 to 701.349 or by rule of the department of health and senior services promulgated pursuant to sections 701.340 to 701.349.

2. Health care services required by this section shall not be subject to any greater deductible or co-payment than any other health care service provided by the policy, contract or plan.

3. No entity enumerated in subsection 1 of this section shall reduce or eliminate coverage as a result of the requirements of this section.

4. Nothing in this section shall apply to **short-term major medical policies having a duration of one year or less, or to** accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care or other limited benefit health insurance policies.

376.1400. 1. Every health insurance carrier offering policies of insurance in this state shall use standardized information for the explanation of benefits given to the health care provider whenever a claim is paid or denied. As used in this section, the term "health insurance carrier" shall have the meaning given to "health carrier" in section 376.1350. Nothing in this section shall apply to accident-only, specified disease, hospital indemnity, Medicare supplement, long-term care, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, other limited benefit health insurance policies.

2. The standardized information shall contain the following:

- (1) The name of the insured;
- (2) The insured's identification number;
- (3) The date of service;
- (4) Amount of charge;
- (5) Explanation for any denial;
- (6) The amount paid;
- (7) The patient's full name;
- (8) The name and address of the insurer; and
- (9) The phone number to contact for questions on explanation of benefits.

3. All health insurance carriers shall use the standard explanation of benefits information after January 1, 2002.

376.1550. 1. Notwithstanding any other provision of law to the contrary, each health carrier that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2005, shall provide coverage for a mental health condition, as defined in this section, and shall comply with the following provisions:

(1) A health benefit plan shall provide coverage for treatment of a mental health condition and shall not establish any rate, term, or condition that places a greater financial burden on an insured for access to treatment for a mental health condition than for access to treatment for a physical health condition. Any deductible or out-of-pocket limits required by a health carrier or health benefit plan shall be comprehensive for coverage of all health conditions, whether mental or physical;

(2) The coverages set forth in this subsection:

(a) May be administered pursuant to a managed care program established by the health carrier; and
 (b) May deliver covered services through a system of contractual arrangements with one or more providers, hospitals, nonresidential or residential treatment programs, or other mental health service delivery entities certified by the department of mental health, or accredited by a nationally recognized organization, or licensed by the state of Missouri;

(3) A health benefit plan that does not otherwise provide for management of care under the plan or that does not provide for the same degree of management of care for all health conditions may provide coverage for treatment of mental health conditions through a managed care organization; provided that the managed care organization is in compliance with rules adopted by the department of insurance, financial institutions and professional registration that assure that the system for delivery of treatment for mental health conditions does not diminish or negate the purpose of this section. The rules adopted by the director shall assure that:

(a) Timely and appropriate access to care is available;
 (b) The quantity, location, and specialty distribution of health care providers is adequate; and
 (c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term "health insurance policy" as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term "health insurance policy" shall include group coverage.

2. As used in this section, the following terms mean:

(1) "Chemical dependency", the psychological or physiological dependence upon and abuse of drugs, including alcohol, characterized by drug tolerance or withdrawal and impairment of social or occupational role functioning or both;
 (2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;
 (3) "Health carrier", the same meaning as such term is defined in section 376.1350;
 (4) "Mental health condition", any condition or disorder defined by categories listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders except for chemical dependency;

(5) "Managed care organization", any financing mechanism or system that manages care delivery for its members or subscribers, including health maintenance organizations and any other similar health care delivery system or organization;

(6) "Rate, term, or condition", any lifetime or annual payment limits, deductibles, co-payments, coinsurance, and other cost-sharing requirements, out-of-pocket limits, visit limits, and any other financial component of a health benefit plan that affects the insured.

3. This section shall not apply to a health plan or policy that is individually underwritten or provides such coverage for specific individuals and members of their families pursuant to section 376.779, sections 376.810 to 376.814, and sections 376.825 to 376.836, a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, hospitalization-surgical care policy, short-term major medical policies ~~[of six months or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

5. The provisions of this section shall not be violated if the insurer decides to apply different limits or exclude entirely from coverage the following:

- (1) Marital, family, educational, or training services unless medically necessary and clinically appropriate;
- (2) Services rendered or billed by a school or halfway house;
- (3) Care that is custodial in nature;
- (4) Services and supplies that are not immediately nor clinically appropriate; or
- (5) Treatments that are considered experimental.

6. The director shall grant a policyholder a waiver from the provisions of this section if the policyholder demonstrates to the director by actual experience over any consecutive twenty-four-month period that compliance with this section has increased the cost of the health insurance policy by an amount that results in a two percent increase in premium costs to the policyholder. The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

376.1900. 1. As used in this section, the following terms shall mean:

(1) "Electronic visit", or "e-visit", an online electronic medical evaluation and management service completed using a secured web-based or similar electronic-based communications network for a single patient encounter. An electronic visit shall be initiated by a patient or by the guardian of a patient with the health care provider, be completed using a federal Health Insurance Portability and Accountability Act (HIPAA)-compliant online connection, and include a permanent record of the electronic visit;

(2) "Health benefit plan" shall have the same meaning ascribed to it in section 376.1350;

(3) "Health care provider" shall have the same meaning ascribed to it in section 376.1350;

(4) "Health care service", a service for the diagnosis, prevention, treatment, cure or relief of a physical or mental health condition, illness, injury or disease;

(5) "Health carrier" shall have the same meaning ascribed to it in section 376.1350;

(6) "Telehealth" shall have the same meaning ascribed to it in section 208.670.

2. Each health carrier or health benefit plan that offers or issues health benefit plans which are delivered, issued for delivery, continued, or renewed in this state on or after January 1, 2014, shall not deny coverage for a health care service on the basis that the health care service is provided through telehealth if the same service would be covered if provided through face-to-face diagnosis, consultation, or treatment.

3. A health carrier may not exclude an otherwise covered health care service from coverage solely because the service is provided through telehealth rather than face-to-face consultation or contact between a health care provider and a patient.

4. A health carrier shall not be required to reimburse a telehealth provider or a consulting provider for site origination fees or costs for the provision of telehealth services; however, subject to correct coding, a health carrier shall reimburse a health care provider for the diagnosis, consultation, or treatment of an insured or enrollee when the health care service is delivered through telehealth on the same basis that the health carrier covers the service when it is delivered in person.

5. A health care service provided through telehealth shall not be subject to any greater deductible, co-payment, or coinsurance amount than would be applicable if the same health care service was provided through face-to-face diagnosis, consultation, or treatment.

6. A health carrier shall not impose upon any person receiving benefits under this section any co-payment, coinsurance, or deductible amount, or any policy year, calendar year, lifetime, or other durational benefit limitation or maximum for benefits or services that is not equally imposed upon all terms and services covered under the policy, contract, or health benefit plan.

7. Nothing in this section shall preclude a health carrier from undertaking utilization review to determine the appropriateness of telehealth as a means of delivering a health care service, provided that the determinations shall be made in the same manner as those regarding the same service when it is delivered in person.

8. A health carrier or health benefit plan may limit coverage for health care services that are provided through telehealth to health care providers that are in a network approved by the plan or the health carrier.

9. Nothing in this section shall be construed to require a health care provider to be physically present with a patient where the patient is located unless the health care provider who is providing health care services by means of telehealth determines that the presence of a health care provider is necessary.

10. The provisions of this section shall not apply to a supplemental insurance policy, including a life care contract, accident-only policy, specified disease policy, hospital policy providing a fixed daily benefit only, Medicare supplement policy, long-term care policy, short-term major medical policies ~~[of six months' or less duration]~~ **having a duration of less than one year**, or any other supplemental policy as determined by the director of the department of insurance, financial institutions and professional registration. THIRD READING OF SENATE BILLS

HCS SS SCS SB 826, relating to pharmacy, was taken up by Representative Ross.

On motion of Representative Ross, the title of **HCS SS SCS SB 826** was agreed to.

Representative Rhoads offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill No. 826, Page 17, Section 338.056, Line 38, by inserting immediately after said line the following:

"338.202. 1. Notwithstanding any other provision of law to the contrary, unless the prescriber has specified on the prescription that dispensing a prescription for a maintenance medication in an initial amount followed by periodic refills is medically necessary, a pharmacist may exercise his or her professional judgment to dispense varying quantities of maintenance medication per fill, up to the total number of dosage units as authorized by the prescriber on the original prescription, including any refills. Dispensing of the maintenance medication based on refills authorized by the physician or prescriber on the prescription shall be limited to no more than a ninety-day supply of the medication, and the maintenance medication shall have been previously prescribed to the patient for at least a three-month period. **The supply limitations provided in this subsection shall not apply if the prescription is issued by a practitioner located in another state according to and in compliance with the applicable laws of that state and the United States or dispensed to a patient who is a member of the United States Armed Forces serving outside the United States.**

2. For the purposes of this section, "maintenance medication" is and means a medication prescribed for chronic long-term conditions and that is taken on a regular, recurring basis; except that, it shall not include controlled substances, as defined in and under section 195.010.

2. The division has the authority to:

(1) Grant or refuse state licenses for the cultivation, manufacture, distribution, sale, and testing of marijuana and marijuana products as provided by law; suspend, fine, restrict, or revoke such licenses upon a violation of sections 195.2200 to 195.2281 or any rule promulgated. 3. Nothing in sections 195.2200 to 195.2281 shall be construed to limit a law enforcement agency's ability to investigate unlawful activity in relation to a marijuana establishment. A law enforcement agency shall have the authority to run a criminal history record check of a licensee or employee of a licensee during an investigation of unlawful activity related to marijuana and marijuana products.

4. (1) The division shall create a statewide licensure class system for wholesale marijuana-cultivation facilities. The division shall create a fee structure for the license class system.

(2) The division may establish limitations upon marijuana production through one or more of the following methods:

(a) Placing or modifying a limit on the number of licenses that it issues, by class or overall, but in placing or modifying the limits, the division shall consider the reasonable availability of new licenses after a limit is established or modified;

(b) Placing or modifying a limit on the amount of production permitted by a wholesale marijuana-cultivation facility license or class of licenses based upon some reasonable metric or set of metrics including, but not limited to, those items detailed in subdivision (1) of this subsection, previous months' sales, pending sales, or other reasonable metrics as determined by the division; and

(c) Placing or modifying a limit on the total amount of production by wholesale marijuana-cultivation facility licensees in the state, collectively, based upon some reasonable metric or set of metrics including, but not limited to, those items detailed in subdivision (1) of this subsection, as determined by the division.

(5) A person under twenty-one years of age;

(6) A person licensed under sections 195.2200 to 195.2281 who, during a period of licensure or at the time of application, has failed to:

 - (a) Has discharged a sentence for a conviction of a felony in the five years immediately preceding his or her application date; or
 - (b) Has discharged a sentence for a conviction of a felony under any state or federal law regarding the possession, distribution, manufacturing, cultivation, or use of a controlled substance in the ten years immediately preceding his or her application date, except that the division or local licensing authority may grant a license to a person if the person has a state felony conviction based on possession or use of marijuana or marijuana concentrate that would not be a felony if the person were convicted of the offense on the date he or she applied for licensure;
- (8) A person who employs another person at a marijuana establishment who has not submitted fingerprints for a criminal history record check or whose criminal history record check reveals that the person is ineligible;
- (9) A sheriff, deputy sheriff, police officer, or prosecuting officer, or an officer or employee of the division or a local licensing authority; or
- (10) A person applying for a license for a location that is currently licensed as a retail food establishment or wholesale food registrant.

2. (1) In investigating the qualifications of an applicant or a licensee, the division and local licensing authority may have access to criminal history record information furnished by a criminal justice agency subject to any restrictions imposed by such agency. In the event the division or local licensing authority considers the applicant's criminal history record, the division or local licensing authority shall also consider any information provided by the applicant regarding such criminal history record including, but not limited to, evidence of rehabilitation, character references, and educational achievements, especially those items pertaining to the time between the applicant's last criminal conviction and the consideration of the application for a state license.

(2) As used in subdivision (1) of this subsection, "criminal justice agency" means any federal, state, or municipal court or any governmental agency or subunit of such agency that administers criminal justice under a statute or executive order and that allocates a substantial part of its annual budget to the administration of criminal justice.

(3) At the time of filing an application for issuance of a state marijuana establishment license, an applicant shall submit a set of his or her fingerprints and file personal history information concerning the applicant's qualifications for a state license on forms prepared by the division. The division or locality may acquire a name-based criminal history record check for an applicant or a license holder who has twice submitted to a fingerprint-based criminal history record check and whose fingerprints are unclassifiable. An applicant who has previously submitted fingerprints for a state or local license may request that the fingerprints on file be used. The division or locality shall use the information resulting from the fingerprint-based criminal history record check to investigate and determine whether an applicant is qualified to hold a state or local license under sections 195.2200 to 195.2281. The division or locality may verify any of the information an applicant is required to submit.

195.2215. 1. A licensee may apply for the renewal of an existing license to the division no later than thirty days prior to the date of expiration. Upon receipt of an application for renewal of an existing license and any applicable fees, the division shall submit, within seven days, a copy of the application to the locality to determine whether the application complies with all local restrictions on renewal of licenses. The division shall not accept an application for renewal of a license after the date of expiration, except as provided in subsection 3 of this section. The division may extend the expiration date of the license and accept a late application for renewal of a license if the applicant has filed a timely renewal application with the local licensing authority. The division or the local licensing authority, in its discretion, subject to the requirements of this subsection and subsection 3 of this section and based upon reasonable grounds, may waive the thirty-day time requirements set forth in this subsection.

2. The division may require an additional fingerprint request if there is a demonstrated investigative need.

3. (1) Notwithstanding the provisions of subsection 1 of this section, a licensee whose license has been expired for ninety days or less may file a late renewal application upon the payment of a nonrefundable late application fee of five hundred dollars to the division. A licensee who files a late renewal application and pays the requisite fees may continue to operate until the division takes final action to approve or deny the licensee's late renewal application unless the division summarily suspends the license.

(2) The division may administratively continue the license and accept a late application for renewal of a license at its discretion.

(3) Notwithstanding the amount specified for the late application fee in subdivision (1) of this subsection, the division by rule or as otherwise provided by law may reduce the amount of the fee.

195.2218. 1. (1) A retail marijuana store license shall be issued only to a person selling marijuana or marijuana products under the terms and conditions of sections 195.2200 to 195.2281.

7. (1) Each license issued under sections 195.2200 to 195.2281 is separate and distinct. It is unlawful for a person to exercise any of the privileges granted under a license other than the license that the person holds or for a licensee to allow any other person to exercise the privileges granted under the licensee's license. A separate license shall be required for each specific business or business entity and each geographical location.

(2) At all times, a licensee shall possess and maintain possession of the premises for which the license is issued by ownership, lease, rental, or other arrangement for possession of the premises.

8. The licenses issued under sections 195.2200 to 195.2281 shall specify the date of issuance, the period of licensure, the name of the licensee, and the premises licensed. The licensee shall conspicuously place the license on the licensed premises at all times.

9. In computing any time prescribed by sections 195.2200 to 195.2281, the day of the act, event, or default from which the designated time begins to run shall not be included. Saturdays, Sundays, and legal holidays shall be counted as any other day.

10. Each licensee shall manage the licensed premises himself or herself or employ a separate and distinct manager on the licensed premises and shall report the name of the manager to the division and local licensing authority. The licensee shall report any change in manager to the division and local licensing authority within seven days after the change.

195.2251. 1. A tax shall be levied upon the sale of marijuana or transfer of marijuana by a wholesale marijuana-cultivation facility to a wholesale marijuana-product manufacturing facility or to a retail marijuana store at a rate of twenty percent. The department of revenue shall direct the division to establish procedures for the collection of all taxes levied. The tax shall be evidenced by stamps, which shall be furnished by and purchased from the department of revenue, and the department shall enforce any such tax in a manner similar to taxes levied on cigarettes under chapter 149.

2. All such tax revenue shall be deposited to the credit of the general revenue; however, no more than ten percent shall be used to fund higher education, ten percent to fund elementary and secondary education, and five percent to fund programs assisting children with mental health issues, and no such tax revenue shall be used to fund any pension or public retirement plan.

3. Nothing in this section shall prohibit a locality from imposing its own sales tax or a sales tax upon consumers.

(1) The licensee or applicant has violated, does not meet, or has failed to comply with any of the terms, conditions, or provisions of sections 195.2200 to 195.2281; any rules promulgated; or any supplemental local law, rule, or regulation;

(3) The licensed premises has been operated in a manner that adversely affects the public health or the safety of the immediate neighborhood in which the establishment is located.

2. If the division denies a state license under subsection 1 of this section, the applicant shall be entitled to a hearing. The division shall provide written notice of the grounds for denial of the state license to the applicant and to the locality no later than fifteen days prior to the hearing.

195.2257. 1. In addition to any other sanctions prescribed by sections 195.2200 to 195.2281 or any rules promulgated, the division has the power, on its own motion or upon complaint and after investigation and opportunity for a public hearing at which the licensee shall be afforded an opportunity to be heard, to fine a licensee or to suspend or revoke a license issued by the division for a violation by the licensee or by any of the agents or employees of the licensee of the provisions of sections 195.2200 to 195.2281, any of the rules promulgated, or any of the terms, conditions, or provisions of the license issued by the division. The division has the power to administer oaths and issue subpoenas to require the presence of persons and the production of papers, books, and records necessary to the determination of a hearing that the division is authorized to conduct.

2. The division shall provide notice of suspension, revocation, fine, or other sanction, as well as the required notice of the hearing under subsection 1 of this section, by mailing the same in writing to the licensee at the address contained in the license and, if different, at the last address furnished to the division or locality by the licensee. Except in the case of a summary suspension, a suspension shall not be for a period longer than six months. If a license is suspended or revoked, a part of the fees paid therefor shall not be returned to the licensee. Any license may be summarily suspended by the division without notice pending any prosecution, investigation, or public hearing. Nothing in this section shall prevent the summary suspension of a license.

195.2260. 1. Every licensee licensed under sections 195.2200 to 195.2281 shall be deemed, by virtue of applying for, holding, or renewing such person's license, to have expressly consented to the procedures set forth in this section.

2. The division or locality shall not be required to cultivate or care for any marijuana or marijuana product belonging to or seized from a licensee. The division or locality shall not be authorized to sell marijuana, retail or otherwise.

3. If the division issues a final agency order imposing a disciplinary action against a licensee under section 195.2254, then, in addition to any other remedies, the division's or locality's final agency order may specify that some or all of the licensee's marijuana or marijuana product is not marijuana or a marijuana product and is an illegal controlled substance. The order may further specify that the licensee shall lose any interest in any of the marijuana or marijuana product even if the marijuana or marijuana product previously qualified as marijuana or a marijuana product. The final agency order may direct the destruction of any such marijuana and marijuana products, except as provided under subsections 4 and 5 of this section. The authorized destruction may include the incidental destruction of any containers, equipment, supplies, and other property associated with the marijuana or marijuana product.

4. Following the issuance of a final agency order by the division against a licensee and ordering destruction authorized by subsection 3 of this section, a licensee shall have fifteen days within which to file a petition for stay of agency action with the circuit court. The action shall be filed in the circuit court of Cole County. The licensee shall serve the petition in accordance with the Missouri rules of civil procedure. The circuit court shall promptly rule upon the petition and determine whether the licensee has a substantial likelihood of success on judicial review so as to warrant delay of the destruction authorized by subsection 3 of this section or whether other circumstances warrant delay of such destruction including, but not limited to, the need for preservation of evidence. If destruction is so delayed under judicial order, the court shall issue an order setting forth terms and conditions under which the licensee may maintain the marijuana and

marijuana product pending judicial review and prohibiting the licensee from using or distributing the marijuana or marijuana product pending the review. The division shall not carry out the destruction authorized by subsection 3 of this section until fifteen days have passed without the filing of a petition for stay of agency action or until the court has issued an order denying stay of agency action under this subsection.

5. A prosecuting attorney shall notify the division if it begins investigating a marijuana establishment. If the division has received notification from a prosecuting attorney that an investigation is being conducted, the division shall not destroy any marijuana or marijuana products from the marijuana establishment until the destruction is approved by the prosecuting attorney.

195.2263. 1. Each licensee shall keep a complete set of all records necessary to show fully the business transactions of the licensee, all of which shall be open at all times during business hours for the inspection and examination by the division or its duly authorized representatives. The division may require any licensee to furnish such information as it considers necessary for the proper administration of sections 195.2200 to 195.2281 and may require an audit to be made of the books of account and records on such occasions as it may consider necessary by an auditor to be selected by the division, who shall likewise have access to all books and records of the licensee, and the expense thereof shall be paid by the licensee.

2. The licensed premises, including any places of storage where marijuana or marijuana products are stored, cultivated, sold, dispensed, or tested shall be subject to inspection by the division or locality and its investigators, during all business hours and other times of apparent activity, for the purpose of inspection or investigation. Access shall be required during business hours for examination of any inventory or books and records required to be kept by the licensees. If any part of the licensed premises consists of a locked area, upon demand to the licensee, such area shall be made available for inspection without delay, and, upon request by authorized representatives of the division or locality, the licensee shall open the area for inspection.

3. Each licensee shall retain all books and records necessary to show fully the business transactions of the licensee for a period of the current tax year and the three immediately preceding tax years.

A locality issuing a license to an applicant shall do so within ninety days of receipt of the resubmitted application unless the locality finds and notifies the applicant that the applicant is not in compliance with any ordinance or regulation, and the locality shall notify the division if an annual license has been issued to the applicant. If an application is submitted to a locality under this section, the division shall forward to the locality the application fee paid by the applicant to the division upon request by the locality. A license issued by a locality in accordance with this section shall have the same force and effect as a license issued by the division. A subsequent or renewed license may be issued under this section on an annual basis only upon resubmission to the locality of a new application submitted to the division.

195.2269. If the division does not adopt rules and regulations required by sections 195.2200 to 195.2281, an applicant may submit an application directly to a locality after October 1, 2020, and the locality may issue an annual license to the applicant. A locality issuing a license to an applicant shall do so within ninety days of receipt of the application unless it finds and notifies the applicant that the applicant is not in compliance with any ordinance or regulation and shall notify the division if an annual license has been issued to the applicant. A license issued by a locality in accordance with this subsection shall have the same force and effect as a license issued by the division in accordance with sections 195.2200 to 195.2281. A subsequent or renewed license may be issued under this section on an annual basis if the division has not adopted regulations required by sections 195.2200 to 195.2281 at least ninety days prior to the date upon which such subsequent or renewed license would be effective or if the division has adopted regulations but has not, at least ninety days after the adoption of such regulations, issued licenses under sections 195.2200 to 195.2281.

195.2275. Nothing in sections 195.2200 to 195.2281 shall allow driving under the influence of marijuana or driving while impaired by marijuana or to supersede statutory laws related to driving under

the influence of marijuana or driving while impaired by marijuana, nor shall sections 195.2200 to 195.2281 prevent the state from enacting and imposing penalties for driving under the influence of or while impaired by marijuana.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-SECOND DAY, THURSDAY, APRIL 26, 2018

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Finally, brethren, be of one mind, live in peace: and the God of love and peace shall be with you.
(II Corinthians 13:11)

O Loving God, who is the light of all who put their trust in You and the life of those who walk in Your ways, we draw near to You in the quiet of this moment of prayer seeking strength and wisdom for the tasks of this day.

We bring to You our responsibilities to ourselves, to one another, and to our state, and that we would see them in the light of Your will for us. Empowered by Your spirit, we would carry them with honor to You, to the people, and to ourselves.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Macie Evers.

The Journal of the sixty-first day was approved as printed.

SPECIAL RECOGNITION

Representative Bernskoetter introduced a delegation of members of the Parliamentary Service Commission of the National Parliament of Kenya.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

FIFTY-SIXTH DAY, TUESDAY, APRIL 17, 2018

The House met pursuant to adjournment.

Representative Chipman in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

We are laborers together with God. (I Corinthians 3:9)

Eternal God, from whom we come, with whom we live, and in whose fellowship is our true life, we bring our hearts and minds to You in this moment of prayer. From the confusion and unrest of these past few days, we enter the sanctuary of Your presence seeking peace, strength and wisdom as we face the serious duties of this week.

Empower all within this hallowed and historic chamber who labor for the good of our State and who endeavor to lead our people in just ways. Give them the strength to always do their best, to stand for the truth, siding with justice, and strengthening the honor of our State on this tax day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-third day was approved as printed by the following vote:

If we hope for what we do not see, we wait for it with patience. (Romans 8:25)

O God, creator and preserver of the world, we commend to Your loving care and wide guidance the men and women who lead our state in these times of distraction and doubt. Support and strengthen them to make decisions that will lead our people in the ways of justice, by the roads of righteousness, and along the paths of peace.

We pray for all who serve under the glorious banner of our great state. Bless all that work in this great capitol and bring them peace and insight.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

"456.985. 1. Except as otherwise provided in the terms of an instrument creating or exercising a power of appointment, sections 456.970 to 456.1135 govern powers of appointment.

2. The terms of an instrument creating or exercising a power of appointment prevail over any provisions of sections 456.970 to 456.1135 except:

(2) The transferability of a power of appointment by a powerholder under subsection 1 of section 456.995;

~~[(2)]~~ (3) The limitations on the authority of a donor to extend a general power of appointment beyond the death of a powerholder under subsection 3 of section 456.995;

~~[(3)]~~ (4) The power is exclusionary if the permissible appointees of a power of appointment are not defined and limited under subsection 3 of section 456.1005;

456.1035. 1. 2. A powerholder of a general power of appointment that permits appointment only to the creditors of the powerholder or of the powerholder's estate may appoint only to those creditors.

3. The powerholder of a nongeneral power may:

(1) Make an appointment in any form, including an appointment in trust, in favor of a permissible appointee;

(2) Create a general power **or nongeneral power** in a permissible appointee; or

456.1080. As provided by sections 469.010 to ~~[469.210]~~ **469.120**, a powerholder may disclaim all or part of a power of appointment, and a permissible appointee, appointee, or taker in default of appointment may disclaim all or part of an interest in appointive property."; and

Further amend said bill, Page 2, Section 456.1-103, Lines 16-18, by deleting all of said lines and inserting in lieu thereof the following:

(7) **"Directed trust", any trust, including a split interest trust, in which the trust instrument authorizes a trust protector to instruct or direct the trustee or that charges a trust protector with any responsibilities regarding the trust or that grants the trust protector one or more powers over the trust;**"; and

Further amend said bill and section, Page 4, Line 96, by deleting all of said line and inserting in lieu thereof the following:

~~"[(29)]~~ (30) **"Trust protector", any person, group of persons, or entity not serving as a trustee and not the settlor or a beneficiary designated in a trust instrument to instruct or direct the trustee or charged in the trust instrument with any responsibilities regarding the trust or expressly granted in the trust instrument one or more powers over the trust. The term "trust protector" includes, but is not limited to, persons or entities identified in the trust instrument as trust advisors, trust directors, distribution advisors, or investment advisors;**

(31) "Trustee", includes an original, additional, and successor trustee, and a"; and

Further amend said bill and page, Section 456.4-414, Line 10, by inserting after all of said section and line the following:

"456.4-420. 1. If a trust instrument containing a no-contest clause is or has become irrevocable, an interested person may file a petition to the court for an interlocutory determination whether a particular motion, petition, or other claim for relief by the interested person would trigger application of the no-contest clause or would otherwise trigger a forfeiture that is enforceable under applicable law and public policy.

2. The petition described in subsection 1 of this section shall be verified under oath. The petition may be filed by an interested person either as a separate judicial proceeding, or brought with other claims for relief in a single judicial proceeding, all in the manner prescribed generally for such proceedings under this chapter. If a

petition is joined with other claims for relief, the court shall enter its order or judgment on the petition before proceeding any further with any other claim for relief joined therein. In ruling on such a petition, the court shall consider the text of the clause, the context to the terms of the trust instrument as a whole, and in the context of the verified factual allegations in the petition. No evidence beyond the pleadings and the trust instrument shall be taken except as required to resolve an ambiguity in the no-contest clause.

3. An order or judgment determining a petition described in subsection 1 of this section shall have the effect set forth in subsections 4 and 5 of this section, and shall be subject to appeal as with other final judgments. If the order disposes of fewer than all claims for relief in a judicial proceeding, that order is subject to interlocutory appeal in accordance with the applicable rules for taking such an appeal. If an interlocutory appeal is taken, the court may stay the pending judicial proceeding until final disposition of said appeal on such terms and conditions as the court deems reasonable and proper under the circumstances. A final ruling on the applicability of a no-contest clause shall not preclude any later filing and adjudication of other claims related to the trust.

4. An order or judgment, in whole or in part, on a petition described in subsection 1 of this section shall result in the no-contest clause being enforceable to the extent of the court's ruling, and shall govern application of the no-contest clause to the extent that the interested person then proceeds forward with the claims described therein. In the event such an interlocutory order or judgment is vacated, reversed, or otherwise modified on appeal, no interested person shall be prejudiced by any reliance, through action, inaction, or otherwise, on the order or judgment prior to final disposition of the appeal.

5. An order or judgment shall have effect only as to the specific trust terms and factual basis recited in the petition. If claims are later filed that are materially different than those upon which the order or judgment is based, then to the extent such new claims are raised, the party in whose favor the order or judgment was entered shall have no protection from enforcement of the no-contest clause otherwise afforded by the order and judgment entered under this section.

6. For purposes of this section, a "no-contest clause" shall mean a provision in a trust instrument purporting to rescind a donative transfer to, or a fiduciary appointment of, any person, or that otherwise effects a forfeiture of some or all of an interested person's beneficial interest in a trust estate as a result of some action taken by the beneficiary. This definition shall not be construed in any way as determining whether a no-contest clause is enforceable under applicable law and public policy in a particular factual situation. As used in this section, the term "no-contest clause" shall also mean an "in terrorem clause".

7. A no-contest clause is not enforceable against an interested person in, but not limited to, the following circumstances:

- (1) Filing a motion, petition, or other claim for relief objecting to the jurisdiction or venue of the court over a proceeding concerning a trust, or over any person joined, or attempted to be joined, in such a proceeding;
- (2) Filing a motion, petition, or other claim for relief concerning an accounting, report, or notice that has or should have been made by a trustee, provided the interested person otherwise has standing to do so under applicable law, including, but not limited to, section 456.6-603;
- (3) Filing a motion, petition, or other claim for relief under chapter 475 concerning the appointment of a guardian or conservator for the settlor;
- (4) Filing a motion, petition, or other claim for relief under chapter 404 concerning the settlor;
- (5) Disclosure to any person of information concerning a trust instrument or that is relevant to a proceeding before the court concerning the trust instrument or property of the trust estate, unless such disclosure is otherwise prohibited by law;
- (6) Filing a motion, pleading, or other claim for relief seeking approval of a nonjudicial settlement agreement concerning a trust instrument, as set forth in section 456.1-111;
- (7) **Filing a motion, pleading, or other claim for relief concerning a breach of trust by a trustee including, but not limited to, a claim under section 456.10-1001. For purposes of this subdivision, "breach of trust" means a trustee's violation of the terms of a trust instrument, a violation of the trustee's general fiduciary obligations, or a trustee's violation of a duty that equity imposes on a trustee;**
- (8) **Filing a motion, pleading, or other claim for relief concerning removal of a trustee including, but not limited to, a claim for removal under section 456.7-706; and**
- (9) To the extent a petition under subsection 1 of this section is limited to the procedure and purpose described therein.

8. In any proceeding brought under this section, the court may award costs, expenses, and attorneys' fees to any party, as provided in section 456.10-1004."; and

Further amend said bill, Pages 5-8, Section 456.8-808, Lines 1-116, by deleting all of said lines and inserting in lieu thereof the following:

"456.8-808. 1. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.

2. A trust instrument may provide for ~~the appointment of a trust protector. For purposes of this section, a "trust protector", whether referred to in the trust instrument by that name or by some other name, is a person, other than the settlor, a trustee, or a beneficiary, who is expressly granted in the trust instrument one or more powers over the trust]~~ **one or more persons, not then serving as a trustee and not the settlor or a beneficiary, to be given any powers over the trust as expressly granted in the trust instrument. Any such person may be identified and appointed as a trust protector or similar term. Whenever a trust instrument names, appoints, authorizes, or otherwise designates a trust protector, the trust shall be deemed a directed trust.**

3. A trust protector appointed in the trust instrument shall have only the powers granted to the trust protector by the express terms of the trust instrument, and a trust protector is only authorized to act within the scope of the authority expressly granted in the trust instrument. Without limiting the authority of the settlor to grant powers to a trust protector, the express powers that may be granted include, but are not limited to, the following:

- (1) Remove and appoint a trustee **or a trust protector** or name a successor trustee or trust protector;
- (2) Modify or amend the trust instrument to:
 - (a) Achieve favorable tax status or respond to changes in the Internal Revenue Code or state law, or the rulings and regulations under such code or law;
 - (b) Reflect legal changes that affect trust administration;
 - (c) Correct errors or ambiguities that might otherwise require court construction; or
 - (d) Correct a drafting error that defeats a grantor's intent;
- (3) Increase, decrease, modify, or restrict the interests of the beneficiary or beneficiaries of the trust;
- (4) Terminate the trust in favor of the beneficiary or beneficiaries of the trust;
- (5) Change the applicable law governing the trust and the trust situs; or
- (6) Such other powers as are expressly granted to the trust protector in the trust instrument.

4. Notwithstanding any provision in the trust instrument to the contrary, a trust protector shall have no power to modify a trust to:

(1) Remove a requirement from a trust created to meet the requirements of 42 U.S.C. Section 1396p(d)(4) to pay back a governmental entity for benefits provided to the permissible beneficiary of the trust at the death of that beneficiary; or

(2) Reduce or eliminate an income interest of the income beneficiary of any of the following types of trusts:

(a) A trust for which a marital deduction has been taken for federal tax purposes under Section 2056 or 2523 of the Internal Revenue Code or for state tax purposes under any comparable provision of applicable state law, during the life of the settlor's spouse;

(b) A charitable remainder trust under Section 664 of the Internal Revenue Code, during the life of the noncharitable beneficiary;

(c) A grantor retained annuity trust under Section 2702 of the Internal Revenue Code, during any period in which the settlor is a beneficiary; or

(d) A trust for which an election as a qualified Sub-Chapter S Trust under Section 1361(d) of the Internal Revenue Code is currently in place.

5. Except to the extent otherwise provided in a trust instrument specifically referring to this subsection, the trust protector shall not exercise a power in a way that would result in a taxable gift for federal gift tax purposes or cause the inclusion of any assets of the trust in the trust protector's gross estate for federal estate tax purposes.

6. Except to the extent otherwise provided in the trust instrument and in subsection 7 of this section, and notwithstanding any provision of sections 456.1-101 to 456.11-1106 to the contrary:

(1) A trust protector shall act in a fiduciary capacity in carrying out the powers granted to the trust protector in the trust instrument, and shall have such duties to the beneficiaries, the settlor, or the trust as set forth in the trust instrument, **provided that the trust instrument may provide that the trust protector shall act in a nonfiduciary capacity.** A trust protector is not a trustee, and is not liable or accountable as a trustee when performing or declining to perform the express powers given to the trust protector in the trust instrument. A trust protector is not liable for the acts or omissions of any fiduciary or beneficiary under the trust instrument;

(2) A trust protector is exonerated from any and all liability for the trust protector's acts or omissions, or arising from any exercise or nonexercise of the powers expressly conferred on the trust protector in the trust

instrument, unless it is established by a preponderance of the evidence that the acts or omissions of the trust protector were done or omitted in breach of the trust protector's duty, in bad faith or with reckless indifference;

(3) A trust protector is authorized to exercise the express powers granted in the trust instrument at any time and from time to time after the trust protector acquires knowledge of their appointment as trust protector and of the powers granted. **The trust protector may take any action, judicial or otherwise, necessary to carry out the duties given to the trust protector in the trust instrument;**

(4) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reasonable compensation, and reimbursement of the reasonable costs and expenses incurred, in determining whether to carry out, and in carrying out, the express powers given to the trust protector in the trust instrument;

(5) A trust protector is entitled to receive, from the assets of the trust for which the trust protector is acting, reimbursement of the reasonable costs and expenses, including attorney's fees, of defending any claim made against the trust protector arising from the acts or omissions of the trust protector acting in that capacity unless it is established by clear and convincing evidence that the trust protector was acting in bad faith or with reckless indifference; and

(6) The express powers granted in the trust instrument shall not be exercised by the trust protector for the trust protector's own personal benefit.

7. If a trust protector is granted a power in the trust instrument to direct, consent to, or disapprove a trustee's actual or proposed investment decision, distribution decision, or other decision of the trustee required to be performed under applicable trust law in carrying out the duties of the trustee in administering the trust, then only with respect to such power, excluding the powers identified in subsection 3 of this section, the trust protector shall have the same duties and liabilities as if serving as a trustee under the trust instrument **unless the trust instrument expressly provides otherwise. In carrying out any written directions given to the trustee by the trust protector concerning actual or proposed investment decisions, the trustee shall not be subject to the provisions of sections 469.900 to 469.913. Except ~~[in cases of bad faith or reckless indifference on the part of the trustee, or]~~ as otherwise provided in the trust instrument, the trustee shall not be liable for any loss resulting directly or indirectly from any act taken or omitted as a result of the written direction of the trust protector or the failure of the trust protector to provide consent. Except as otherwise provided in the trust instrument, the trustee shall have no duty to monitor the conduct of the trust protector, provide advice to or consult with the trust protector, or communicate with or warn or apprise any beneficiary concerning instances in which the trustee would or might have exercised the trustee's own discretion in a manner different from the manner directed by the trust protector. **Except as otherwise provided in the trust instrument, any actions taken by the trustee at the trust protector's direction shall be deemed to be administrative actions taken by the trustee solely to allow the trustee to carry out the instructions of the trust protector and shall not be deemed to constitute an act by the trustee to monitor the trust protector or otherwise participate in actions within the scope of the trust protector's authority.**

9. Except to the extent otherwise expressly provided in the trust instrument, the trust protector shall be entitled to receive information regarding the administration of the trust as follows:

(1) Upon the request of the trust protector, unless unreasonable under the circumstances, the trustee shall promptly provide to the trust protector any and all information related to the trust that may relate to the exercise or nonexercise of a power expressly granted to the trust protector in the trust instrument. The trustee has no obligation to provide any information to the trust protector except to the extent a trust protector requests information under this section;

(2) The request of the trust protector for information under this section shall be with respect to a single trust that is sufficiently identified to enable the trustee to locate the records of the trust; and

10. A trust protector may resign by giving thirty days' written notice to the trustee and any successor trust protector. A successor trust protector, if any, shall have all the powers expressly granted in the trust instrument to the resigning trust protector unless such powers are expressly modified for the successor trust protector.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

FIFTY-EIGHTH DAY, THURSDAY, APRIL 19, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture. (Psalm 100:3)

Almighty God, we bow in reverence and humility before You, praying for ourselves, for our state, and for unity among us.

Grant to us worthy intelligence and willingness to use these gifts for the welfare of all our people and the well-being of the state. Teach our people the futility of violence, the foolishness of prejudice and bitterness. Under the guidance of Your spirit, lead us into the ways of understanding and cooperation, peace and humility.

Cleanse and purify our hearts, and prepare us for the coming of the better day of Your kingdom, when we shall all live together in truth and beauty.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Nicklaus Thomas.

The Journal of the fifty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

FIFTY-FIRST DAY, MONDAY, APRIL 9, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Representative Rick Brattin.

Our good and gracious Heavenly Father, we come before You today humbly seeking after Your guidance and Your unchanging truth to call all in the chamber to live out a life of faith, holiness, and righteousness in accordance with Your holy word, not giving lip service to faith but living out our faith in action.

As John, the apostle of love, wrote in 1 John 2:3-4: *Now by this we know that we know Him, if we keep His commandments. He who says, "I know Him," and does not keep His commandments, is a liar, and the truth is not in him.*

We are indeed a state and a people in whom "God we trust," a people in full submission to Your authority and to Your moral absolutes. Help each person here to be bold and courageous and to do what is right according to God regardless the cost!

In Your son Jesus Christ's name we pray.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jordyn Cassaday and Camden Cassaday.

The Journal of the fiftieth day was approved as printed by the following vote:

PERFECTION OF HOUSE BILLS - INFORMAL

HB 2286, relating to local log trucks, was taken up by Representative Kelly (141).

On motion of Representative Kelly (141), the title of **HB 2286** was agreed to.

Representative Baringer offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Bill No. 2286, Page 9, Section 301.010, Line 297, by inserting immediately after said section and line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, ~~and~~ shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, **and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight.** The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's

date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The provisions of subsections 4, 5, and 6 of this section shall expire July 1, 2019.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact."; and
